The program helps ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly

SUPPLEMENTARY INFORMATION:

I. Background: OFCCP administers and enforces the three equal employment opportunity authorities listed below.

- Executive Order 11246, as amended (E.O. 11246)
- Section 503 of the Rehabilitation Act of 1973, as amended (Section 503)
- Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended (VEVRAA)

These authorities prohibit employment discrimination by covered federal contractors and subcontractors and require that they take affirmative action to provide equal employment opportunity regardless of race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or status as a protected veteran. Additionally, federal contractors and subcontractors are prohibited from discriminating against applicants and employees for inquiring about, discussing, or disclosing information about their pay or, in certain circumstances, the pay of their co-workers.

E.O. 11246 applies to federal contractors and subcontractors and to federally assisted construction contractors holding a government contract in excess of \$10,000, or government contracts that have, or can reasonably be expected to have, an aggregate total value exceeding \$10,000 in a 12-month period. E.O. 11246 also applies to government bills of lading, depositories of federal funds in any amount, and financial institutions that are issuing and paying agents for U.S. savings bonds.

Section 503 prohibits employment discrimination against applicants and employees because of physical or mental disability and requires contractors and subcontractors to take affirmative action to employ and advance in employment qualified individuals with disabilities. Section 503 applies to federal contractors and subcontractors with contracts in excess of \$15,000.¹ VEVRAA requires contractors to take affirmative action to employ, and advance in employment, qualified protected veterans. VEVRAA applies to federal contractors and subcontractors with contracts of \$150,000 or more.²

¹ Effective October 1, 2010, the coverage threshold under Section 503 increased from \$10,000 to \$15,000, in accordance with the inflationary adjustment requirements in 41 U.S.C. 1908. See *Federal Acquisition Regulation; Inflation Adjustment of Acquisition-Related Thresholds*, 75 FR 53129 (Aug. 30, 2010).

² Effective October 1, 2015, the coverage threshold under VEVRAA increased from \$100,000

This proposed information collection request outlines the legal authority, procedures, burden, and cost associated with developing and maintaining affirmative action programs and responding to the compliance review Scheduling Letter.

II. Review Focus: OFCCP is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the compliance assistance functions of the agency that support the agency's compliance mission, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected;
- Provide feedback on the agency's proposal to require post-secondary institutions and contractors with campus-like settings to submit all AAPs and Itemized Listing information for the entire campus in the city where OFCCP schedules the compliance evaluation;
- Provide feedback on the agency's proposed definitions of "competitive promotion" and "non-competitive promotion" and any other necessary guidance;
- Provide feedback on the potential use of OFCCP's Contractor Portal as a method for contractors to utilize when uploading and submitting their Itemized Listing data in response to a Scheduling Letter; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
