Background

On July 12, 2007, the Assistant Secretary for Elementary and Secondary Education and the Assistant Secretary for Special Education and Rehabilitative Services (collectively, the Assistant Secretaries) jointly issued a program determination letter (PDL) seeking to recover from DCPS \$1,354,679 in funds under Title I, Part A (Title I) of the Elementary and Secondary Education Act of 1965 (ESEA), Title I, Part B, Subpart 1 of the ESEA (Reading First), Title II, Part A of the ESEA (Improving Teacher Quality or ITQ), and Part B of the Individuals with Disabilities Education Act (IDEA-B). These funds, based on findings in a single audit of DCPS (Audit Control Number 03-04-68025), were determined by the Assistant Secretaries to have been expended, during fiscal year 2003, in violation of Title I, Reading First, ITQ, and IDEA-B. Specifically, the Assistant Secretaries found that DCPS had: Failed to maintain appropriate documentation supporting payroll costs for Title I, ITQ, and IDEA-B; failed to provide proof of payment for various accrued expenses billed to Title I, ITQ, and IDEA-B; failed to maintain appropriate documentation for expenditures under ITQ and IDEA-B; failed to maintain source documentation to support journal entries for costs attributed to Title I, ITQ, and IDEA-B; failed to maintain adequate documentation to support the acquisition and disposition of property obtained with Reading First and Title I funds; and lacked adequate supporting

documentation for items charged to IDEA-B.

DCPS filed an *Application for Review* of this PDL with the Office of Administrative Law Judges (OALJ) on September 10, 2007. On October 24, 2007, the OALJ granted the parties' *Joint Motion to Conduct Voluntary Discovery, Engage in Settlement Negotiations, and Suspend the Procedural Schedule (Joint Motion)*. Since this *Joint Motion* was granted, DCPS¹ has presented the Department with extensive documentation, not available to the Department at the time the PDL was issued, to support the withdrawal from this claim of \$571,978 in questioned costs. In particular, DCPS provided copies of purchase orders, printouts from DCPS' accounting system with transaction detail, and copies of corresponding checks to support \$556,033 in accrued expenses billed to Title I, ITQ, and IDEA-B. In addition, DCPS provided printouts from its accounting system with transaction detail and copies of corresponding checks demonstrating that expenditures under ITQ and IDEA-B totaling \$15,945 were, in fact, made. After conducting a thorough review of this documentation, the Assistant Secretaries have decided to accept DCPS' documentation, thereby reducing the claim to \$782,701.

The Department proposes to compromise this remaining claim to \$675,000. Based on litigation risks, the high percentage of funds being recovered (86 percent of the remaining claim), and the costs of proceeding through the administrative and, possibly, court process for this appeal, the Department has determined that it would not be practical or in the public interest to continue this proceeding. In making this determination, the Department recognizes that DCPS has entered into a High Risk Corrective Action Plan (HRCAP) with the Department, which includes a plan to address weaknesses in financial management, procurement, and property management, among other issues. Since entering into the HRCAP, the Department has worked closely with DCPS to support DCPS in resolving the issues addressed in the HRCAP, including the practices or procedures that gave rise to the disallowances in the PDL. Therefore, the Department does

¹ Since DCPS filed its application for review, the Office of the State Superintendent of Education (OSSE) was established as the District of Columbia's State educational agency (SEA). Although OSSE has been involved in settlement discussions and would necessarily have a role in any compromise, for ease of reference and consistent with the pleadings before the OALJ, this notice refers to DCPS as the relevant party.

not anticipate recurrence of violations that gave rise to this PDL. As a result, under the authority in 20 U.S.C. 1234a(j), the Department has determined that compromise of this claim to \$675,000 is appropriate. The public is invited to comment on the Department's intent to compromise this claim. Additional information may be obtained by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**.

DEPARTMENT OF ENERGY

Notice of Availability of the Draft Environmental Impact Statement and Public Hearing for a Proposed Federal Loan Guarantee To Support Construction and Start-Up of the Topaz Solar Farm, San Luis Obispo County, CA

AGENCY: U.S. Department of Energy.

ACTION: Notice of Availability of the Draft Environmental Impact Statement and Public Hearing.

SUMMARY: The U.S. Department of Energy (DOE) announces the availability of the *Draft Environmental Impact Statement for the DOE Loan Guarantee to Royal Bank of Scotland for Construction and Startup of the Topaz Solar Farm, San Luis Obispo County, California* (DOE/EIS-0458D) (Draft EIS) for public review and comment, as well as the date, location and time for a

public hearing. The Draft EIS analyzes the potential environmental impacts of the DOE's proposed action of issuing a Federal loan guarantee to support construction and startup of the Topaz Solar Farm Project located in San Luis Obispo County, California (Proposed Project). The Royal Bank of Scotland plc, as Lender-Applicant, with Topaz Solar Farms, LLC (Topaz) as the borrower, submitted an application to DOE under the Federal loan guarantee program pursuant to the Energy Policy Act of 2005 (EPA 2005). Topaz is a limited liability company that is owned by First Solar, Inc. The loan guarantee would support the financing arranged by the Royal Bank of Scotland for the construction and start up of the Proposed Project.

Topaz proposes to develop the Project on up to 4,100 acres of land. As proposed, the nominal 550-megawatt electric generation project would include the installation of about nine million photovoltaic (PV) solar modules within approximately 437 arrays and associated electric equipment. Generated electricity would be sold to Pacific Gas and Electric (PG&E) under a long-term power purchase agreement. The Project would be interconnected into PG&E's existing Morro Bay-Midway 230-kilovolt (kV) transmission line, which runs in an east-to-west direction through the site and portions of Kern County.

DATES: DOE invites the public to submit comments on the Draft EIS during the public comment period, which began on March 25, 2011 and ends on May 9, 2011. DOE will consider all comments postmarked or received during the comment period in preparing the Final EIS. Comments received or postmarked after May 9, 2011, will be considered to the extent practicable. In addition to receiving comments in writing and by e-mail [See **ADDRESSES**], DOE will convene a public hearing at which government agencies, private-sector organizations, Native American Tribes and individuals are invited to present oral and written comments on the Draft EIS. The public hearing will be held on April 13, 2011 at the Carrisa Plains Heritage Association Community Center, 10750 Carrisa Highway (Highway 58), Santa Margarita, California, 93458; located approximately one mile east of Soda Lake Road. Oral comments will be heard during the formal portion of the public hearing beginning at 6:30 pm. The public is also invited to an informal Question & Answer Open House beginning at 5:30 pm at the location above, during which DOE and Topaz

personnel will be available for individual discussions with attendees to answer questions about the project and DOE's Proposed Action. Displays and other forms of information about the proposed agency action, the EIS process, and Topaz's Proposed Project will also be available for review.

DOE requests that anyone who wishes to present oral comments at the public hearing contact Ms. Colamaria by phone or e-mail [see **ADDRESSES**]. Individuals who do not make advance arrangements to speak may register at the meeting. Speakers who need more than five minutes should indicate the length of time desired in their request. DOE may need to limit speakers to five minutes initially, but will provide additional opportunities as time permits. Written comments on the Draft EIS can also be submitted to DOE officials at the public hearing.

The public hearing and Question & Answer Open House will be accessible to people with disabilities. In addition, any individual needing specific assistance, such as a sign language interpreter or translator, should contact Ms. Colamaria [see **ADDRESSES**] at least 48 hours in advance of the hearing so that arrangements can be made.

ADDRESSES: Public comments can be submitted electronically or by U.S. Mail. Written comments on the proposed EIS scope should be signed and addressed to the NEPA Document Manager for this project: Ms. Angela Colamaria, Loan Guarantee Program (LP-10), U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585. Electronic submission of comments is encouraged due to processing time required for regular mail. Comments can be submitted electronically by sending an e-mail to: Topaz-EIS@hq.doe.gov. All electronic and written comments should reference the following document number: DOE/EIS-0458.

FOR FURTHER INFORMATION CONTACT: To obtain additional information about this EIS, the public hearing, or to receive a copy of the Draft EIS, contact Angela Colamaria by telephone: 202-287-5387; toll-free number: 800-832-0885 ext. 75387; or electronic mail: Angela.Colamaria@hq.doe.gov.
