Extension: Form N–17f–2. SEC File No. 270–317. OMB Control No. 3235–0360.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 350l *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Form N-17f-2 is entitled "Certificate of Accounting of Securities and Similar Investments in the Custody of Management Investment Companies." Form N-17f-2 is the cover sheet for the accountant examination certificates filed under rule 17f-2 of the Investment Company Act of 1940 by registered management investment companies ("funds") maintaining custody of securities or other investments. Form N-17f-2 facilitates the filing of the accountant's examination certificates. The use of the form allows the certificates to be filed electronically, and increases the accessibility of the examination certificates to both the Commission's examination staff and interested investors by ensuring that the certificates are filed under the proper SEC file number and the correct name of a fund.

Under rule 17f–2, each fund is required to file Form N–17f–2 at least three times a year with the Commission. Commission staff estimates that it takes approximately 1 hour per response to prepare and file a Form N–17f–2 with the Commission. Thus, the total annual burden of Form N-17f-2's paperwork requirement is estimated to be approximately 405 burden hours.¹ The entire hour burden will be borne by clerical staff at \$16 per hour, for a total cost of approximately \$6,480 (405 burden hours \times \$16 = \$6,480). The increase in burden hours from 92 to 405 is attributable to updated estimates of the burden hours that reflect additional time spent by professionals and clerical staff in their compliance efforts.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms. Complying with the collection of information requirements of the rule is mandatory for those funds that maintain custody of their own assets. The information provided to the Commission by the fund's independent public accountants about each verification of the fund's assets will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Kenneth A. Fogash, Acting Associate Executive Director/CIO, Office of Information Technology, Securities and Exchange Commission, 450 5th Street, NW., Washington, DC 20549.

Extension: Rule 17f–2 [17 CFR 270.17f–2]. SEC File No. 270–233. OMB Control No. 3235–0223.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 350l *et seq.*), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 17f-2 under the Investment Company Act of 1940 (17 CFR 270.17f-2) is entitled: "Custody of Investments by Registered Management Investment Company." Rule 17f-2 establishes safeguards for arrangements in which a registered management investment company ("fund") is deemed to maintain custody of its own assets, such as when the fund maintains its assets in a facility that provides safekeeping but not custodial services. The rule includes several recordkeeping or reporting requirements. The fund's directors must prepare a resolution designating not more than five fund officers or responsible employees who may have access to the fund's assets. The designated access persons (two or more of whom must act jointly when handling fund assets) must prepare a written notation providing certain information about each deposit or withdrawal of fund assets, and must transmit the notation to another officer or director designated by the directors. Independent public accountants must verify the fund's assets at least three times a year, and two of the examinations must be unscheduled.

The requirement that directors designate access persons is intended to ensure that directors evaluate the trustworthiness of insiders who handle fund assets. The requirements that access persons act jointly in handling fund assets, prepare a written notation of each transaction, and transmit the notation to another designated person are intended to reduce the risk of misappropriation of fund assets by access persons, and to ensure that adequate records are prepared, reviewed by a responsible third person, and available for examination by the Commission. The requirement that auditors verify fund assets without notice twice each year is intended to provide an additional deterrent to the misappropriation of fund assets and to detect any irregularities.

The Commission staff estimates that approximately 135 funds rely upon rule 17f–2.¹ The Commission staff estimates that each fund offers an average of 3.7 separate series or portfolios subject to rule 17f–2. Each fund makes an average of 97.4 responses each year under the rule, including 1 response (requiring .2 burden hours) per fund to draft director resolutions, 89 responses per fund to

¹ The Commission staff estimates that there are 135 funds that file Form N–17f–2 each year. Each fund is required to make three responses per year, and each response requires 1 hour to prepare. The hour burden is calculated as follows: 135 (respondents) \times 3 (responses per fund per year) \times 1 (hours per response) = 405 hours.

¹ The Commission's records indicate that approximately 135 funds filed Form N–17f–2 with the Commission during calendar year 2002.

prepare notations of transactions² (requiring one hour each), and 7.4 responses ³ per fund for fund personnel to assist the independent public accountants when they perform unscheduled verifications (requiring 10 burden hours each). Thus, the total hour burden per fund is estimated to 163.2 hours⁴ Commission staff estimates that each fund therefore spends approximately .2 burden hours of professional time at \$60 per hour annually in drafting resolutions by directors (.2 x \$60 = \$12), 89 hours 5 of professional time at \$60 per hour annually in preparing transaction notations (89 x \$60 = \$5,340), and 74 hours ⁶ of clerical time at \$16 per hour annually in assisting independent public accounts perform unscheduled verifications of assets $(74 \times \$16 =$ \$1,184).⁷ The total annual burden of rule 17f–2's paperwork requirements thus is estimated to be approximately 22,032 hours 8 at an annual cost of \$882,360.⁹

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms. Complying with the collection of information requirements of the rule is mandatory for those funds that maintain custody of their own assets. The information provided to the Commission by the fund's independent public accountants about each verification of the fund's assets will not

4 (1 response × .2 burden hours) + (89 responses × 1 burden hour) + (7.4 responses × 10 burden hours) = 163.2 burden hours.

 5 89 transaction notations per fund $\times\,1$ hour = 89 hours.

⁶7.4 verifications per fund × 10 hours = 74 hours. ⁷Each of these hour burden estimates is based upon conversations with attorneys and accountants familiar with the information collection requirements of the rule. Commission staff relied upon the Securities Industry Association, Report on Management and Professional Earnings in the Securities Industry (2002) to determine the hourly wage rates used in the calculation of this estimate. Professional time is based on the estimated average wage for associate and general counsel in the securities industry.

 8 163.2 hours per fund \times 135 funds = 22,032 total annual burden.

 9 (\$12 (for drafting resolutions) + \$5,340 (for transaction notations) + \$1,184 (for unscheduled verifications)) × 135 funds = \$882,360.The annual burden for rule 17f–2 does not include time spent preparing Form N–17f–2. The burden for Form N–17f–2 is included in a separate collection of information.

Written comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

AR Associates, Inc. d/b/a Greenwave, Inc.; Order of Suspension of Trading

March 31, 2003.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of AR Associates, Inc. d/b/a GreenWave, Inc. ("ARAI"), a company with its principal place of business in Calgary, Alberta, Canada. Questions have been raised about the adequacy and accuracy of publicly disseminated information concerning, among other things, the identity of the persons in control of the common stock issued by ARAI.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of ARAI.

Therefore, it is ordered, pursuant to section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of AR Associates, Inc. is suspended for the period from 9:30 a.m. EST, March 31, 2003, through 11:59 p.m. April 11, 2003.

By the Commission.
