(11) The Secretary of the Interior, or the Secretary of Agriculture with respect to a unit of the National Forest System, retains authority to (at any time) stay, modify, or disapprove any action taken by the Board.

(12) Temporary special actions of the Board are not effective unless ratified by the Secretary of the Interior or the Secretary of Agriculture with respect to a unit of the National Forest System. To allow an opportunity for the Secretaries to modify, disapprove, stay, or expressly ratify any temporary action taken by the Board, such Board actions will not become effective until at least 10 calendar days after the date of the action (or any longer period specified by the Board when taking the action). For emergency special actions, the Board action will likewise not become effective for 10 calendar days (or any longer period specified by the Board when taking the action) unless the Board determines that the emergency situation calls for responsive action within 24 hours to protect subsistence resources or public safety. If no action is taken by the Secretary to modify, disapprove, stay, or expressly ratify within 10 days (or the longer period specified by the Board), the emergency or temporary Board action will be deemed automatically ratified for purposes of this subpart. The Secretaries may revisit a prior ratification (express or automatic) of a Board action at any time. For other Board actions (*i.e.*, actions that follow the regular adoption process in § _____.18), the Secretaries retain, and will exercise when appropriate, their authority to modify or disapprove actions prior to publication

in the **Federal Register**, as is the current practice.

(13) The Secretaries may establish term limits for service of Board members in such circumstances as the Secretaries deem appropriate.
