Friday, June 5, 2015: This meeting will focus on the ecological values within the National Monument for which the BLM will be developing alternative management approaches through the planning process. BLM resource leads for wildlife, botany, and invasive species will be present to share the breadth of considerations and opportunities that will be considered in the generation of alternatives.

Tuesday, June 9, 2015: This meeting will focus on cultural and historic values within the National Monument for which the BLM will be developing alternative management approaches through the planning process.
