Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Conflict of Interest Disclosure for Nonfederal Government Individuals Who Are Candidates To Conduct Peer Reviews.

OMB Control Number: 0648–0567.

Form Number(s): NA.

Type of Request: Regular submission (renewal of a currently approved information collection).

Number of Respondents: 320.

Average Hours per Response: 30 minutes.

Burden Hours: 160.

Needs and Uses: The Office of Management and Budget's Final Information Quality Bulletin for Peer Review ("Peer Review Bulletin" or PRB) establishes minimum peer review standards for influential scientific information that Federal agencies intend to disseminate. The PRB also directs federal agencies to adopt or adapt the National Academy of Sciences (NAS) policy for evaluating conflicts of interest when selecting peer reviewers who are not Federal government employees (Federal employees are subject to Federal ethics requirements which address conflict of interest). For peer review purposes, the term "conflict of interest" means any financial or other interest which conflicts with the service of the individual because it could: (1) Significantly impair the individual's objectivity; or (2) create an unfair competitive advantage for any person or organization.

NOAA has adapted the NAS policy and developed three confidential conflict of interest disclosure forms which will be used to examine prospective reviewers' potential financial conflicts and other interests that could impair objectivity or create an unfair advantage. The forms are for peer reviewers of studies related to government regulation; peer reviewers of any other influential scientific information subject to the Peer Review Bulletin; and potential reviewers of scientific laboratories. The forms include questions about employment as well as investment and property interests, and research funding. All three forms also require the submission of a curriculum vitae.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: OIRA_Submission@omb.eop.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a renewal of a currently approved information collection. The National Oceanic and Atmospheric Administration (NOAA) provides educators an opportunity to gain first-hand experience with field research activities through the Teacher at Sea Program. Through this program, educators spend up to three weeks at sea on a NOAA research vessel, participating in an on-going research project with NOAA scientists. Once educators are selected and participate on a cruise, they write a report detailing the events of the cruise and ideas for classroom activities based on what they learned while at sea. These materials are then made available to other educators so they may benefit from the experience, without actually going to sea themselves. In order to better serve the participants, the Teacher at Sea Program will survey the teacher participants on their experience before, during, and after they return from sea. The survey will collect data only from teacher participants, not from applicants.

II. Method of Collection

Forms can be completed on line, printed, and mailed. Persons with full Adobe Acrobat software can save the on-line form and submit it electronically.

Certain Welded Carbon Steel Standard Pipes and Tubes From India: Extension of the Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* October 15, 2010.

FOR FURTHER INFORMATION CONTACT: Michael A. Romani or Minoo Hatten, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230; telephone (202) 482–0198 or (202) 482–1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 14, 2010, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on certain welded carbon steel standard pipes and tubes from India. *See Certain Welded Carbon Steel Standard Pipes and Tubes from India: Preliminary Results of Antidumping Duty Administrative Review,* 75 FR 33578 (June 14, 2010). The review covers the period May 1, 2008, through April 30, 2009. The final results of the review are currently due no later than October 12, 2010.

Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results up to 180 days after the date on which the preliminary results are published.

We determine that it is not practicable to complete the final results of this review within the original time limit because we need additional time to analyze certain complicated issues relating to the universe of sales and the date of sale. Therefore, we are extending the time period for issuing the final results of this review by 24 days until November 5, 2010.
