

geothermal leasing, solar energy rights-of-way (ROWs), and wind energy ROWs. Through the analysis contained within the EIS, the BLM will consider whether all, a portion of, or no lands within the area should be leased for geothermal exploration and development, solar energy development through ROWs, or wind energy development through ROWs.

The approximately 21,300 acres of Federal lands that are the subject of this analysis are located in an area bordered by the Imperial/Riverside County line on the north, the Chocolate Mountains Aerial Bombing and Gunnery Range on the east, the Imperial Sand Dunes Recreation Area on the south, and the Imperial Valley agricultural belt on the west. The area is also east of the community of Niland and northeast of El Centro, California.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the process for developing the EIS. The BLM has identified the following preliminary issues: Threatened and endangered species, special status species, vegetation communities, special area designations, visual resources, water quality and quantity, and areas of high potential for renewable energy development. By this notice, the BLM is complying with requirements in 43 CFR 1610.2(c) to notify the public of potential amendments to land use plans, predicated on the findings of the EIS.

The BLM will use and coordinate the NEPA commenting process to satisfy the public involvement process for Section 106 of the National Historic Preservation Act (16 U.S.C. 470f) as provided for in 36 CFR 800.2(d)(3). Native American Tribal consultations will be conducted, and Tribal concerns, including impacts on Indian trust assets, will be given due consideration. Federal, State, and local agencies, along with other stakeholders that may be interested or affected by the BLM's decision on this project are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate as a cooperating agency.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

Authority: 40 CFR 1501.7 and 43 CFR 1610.2.

Deputy State Director, California.

AGENCY: National Park Service, Interior.

ACTION: Notice of reestablishment of the National Park Service Concessions Management Advisory Board.

SUMMARY: The Secretary of the Interior intends to administratively reestablish the National Park Service Concessions Management Advisory Board. This action is necessary and in the public interest in connection with the performance of statutory duties imposed upon the Department of the Interior and the National Park Service.

FOR FURTHER INFORMATION CONTACT: Jo Pendry, Chief, Commercial Services Program on 202-513-7156.

SUPPLEMENTARY INFORMATION: The National Park Service Concessions Management Advisory Board was established by Title IV, Section 409 of Public Law 105-391, the National Parks Omnibus Management Act of 1998, November 13, 1998, with a termination date of December 31, 2008. Pursuant to Title VII, Subtitle A, Section 7403 of

Public Law 111-11, the Omnibus Public Land Management Act of 2009, March 30, 2009, the Board was extended and will terminate on December 31, 2009.

The advice and recommendations provided by the Board and its subcommittees fulfill an important need within the Department of the Interior and the National Park Service, and it is necessary to administratively reestablish the Board to ensure its work is not disrupted. The Board's seven members will be balanced to represent a cross-section of disciplines and expertise relevant to the National Park Service mission.
