Certain Preserved Mushrooms From the People's Republic of China: Extension of Time Limit for Final Results of Antidumping Duty Administrative Review and New Shipper Review

AGENCY: Import Administration,
International Trade Administration,
United States Department of Commerce.

ACTION: Notice of extension of the time
limit for the final results in the
administrative review and new shipper
review of the antidumping duty order
on certain preserved mushrooms from
the People's Republic of China.

SUMMARY: The United States Department
of Commerce ("the Department") is
extending the time limit for the final
results of the administrative review and
new shipper review of the antidumping
duty order on certain preserved
mushrooms from the People's Republic
of China ("PRC"). These reviews cover
the period February 1, 2002, through
January 31, 2003, and are being
conducted concurrently.

DATES: *Effective Date:* May 3, 2004.

AD/CVD Enforcement, Import
Administration, International Trade
Administration, U.S. Department of
Commerce, 14th Street and Constitution

SUPPLEMENTARY INFORMATION:

Background

On March 5, 2004, the Department of
Commerce ("the Department")
published the preliminary results of the
administrative review and new shipper
review of the antidumping duty order
on certain preserved mushrooms from
the People's Republic of China. See
Certain Preserved Mushrooms from the

*People's Republic of China: Preliminary
Results of Sixth New Shipper Review
and Preliminary Results and Partial
Rescission of Fourth Antidumping Duty
Administrative Review*, 69 FR 10410.

The current deadline for the final results
in these reviews is July 3, 2004.¹ These
reviews have been aligned. See 68 FR
15152.

Statutory Time Limits

Pursuant to section 751(a)(3)(A) of the
Tariff Act of 1930, as amended ("the
Act"), the Department shall make a final
determination in an administrative
review of an antidumping duty order
within 120 days after the date on which
the preliminary determination is
published. If it is not practicable to
complete the review within the
foregoing time, the administering
authority may extend that 120-day
period to 180 days. Furthermore,
pursuant to 751(a)(2)(B)(iv) of the Act,
the Department shall make a final
determination in a new shipper review
within 90 days after the date the
preliminary determination is issued,
except that if the administering
authority concludes that the case is
extraordinarily complicated, it may
extend the 90-day period to 150 days.

Extension of Time Limit

The Department finds that it is not
practicable to complete the final results
in the administrative review of certain
preserved mushrooms from the PRC
within the current time frame due to the
fact that a sales and factors-of-
production verification has been re-
scheduled to take place in early June,
which will set back the briefing
schedule in this review until a period
after the issuance of the verification
report. Furthermore, the Department
finds that it would be extraordinarily
complicated to complete the final
results of the new shipper review within
this time frame because, to retain
alignment of these reviews, the briefing
schedule in this review will have to be
set back as well.

Therefore, in accordance with
sections 751(a)(3)(A) and
751(a)(2)(B)(iv) of the Act, the
Department is extending the time for
completion of the final results of these
reviews until September 1, 2004, which
is 180 days after the date on which
notice of the preliminary results was
published in the **Federal Register**.

¹ Since July 3, 2003, is a Saturday, the
preliminary results are due on the next business
day, July 6, 2003.

Dated: April 27, 2004.

Deputy Assistant Secretary for Import
Administration.

International Trade Administration

U.S.-China Joint Commission on Commerce and Trade Working Group on Structural Issues

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce.

ACTION: Notice of hearing and request
for comment.

SUMMARY: The governments of the
United States and China have agreed to
establish a working group to discuss a
range of issues relevant to China's
aspiration to be recognized as a market
economy for purposes of the U.S.
antidumping law. These issues pertain
to characteristics of the Chinese
economy that appear to be inconsistent
with the normal experience of a market
economy, as well as Chinese
government policies and practices that
have the potential to distort the market
and U.S.-China trade. The Department is
therefore requesting public comment, in
advance of a public hearing that will be
held on June 3, 2004, for the purpose of
identifying relevant topics and issues
for discussion in the working group.

DATES: Comments (including any
written notification of intent to testify)
must be submitted by May 19, 2004.

ADDRESSES: Written comments (original
and six copies) should be sent to James
J. Jochum, Assistant Secretary for Import
Administration, U.S. Department of
Commerce, Central Records Unit, Room
1870, Pennsylvania Avenue and 14th
Street NW., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT:

or 202-482-3415.

SUPPLEMENTARY INFORMATION: At the
April 21, 2004 meeting of the U.S.-
China Joint Commission on Commerce
and Trade, representatives of the
governments of the United States and
the People's Republic of China agreed to
establish a working group to hold a
dialogue on the range of issues that are
relevant to considering China's desire to

no longer be treated as a non-market economy country ("NME") under U.S. antidumping law. Among the more specific issues that would be taken up under this agenda would be structural characteristics of the Chinese economy that appear to be inconsistent with the normal experience of a market economy, as well as Chinese government policies and practices which have the potential to distort the market and U.S.-China trade. Examples of the types of structural issues envisioned for these discussions include China's banking sector and state-owned enterprises, as well as central, provincial, and regional governmental policies such as tax incentives and other export promotion instruments. The Department is requesting public comment in advance of a public hearing that will be held on June 3, 2004, for the purpose of identifying relevant topics and issues for discussion in the working group. We encourage parties to limit their comments to factual information that supports the issue or topic raised.

Persons wishing to comment should file a signed original and six copies of each set of comments by May 19, 2004. Comments should be limited to twenty pages. The Department will consider all comments received before the close of the comment period. Comments received after the end of the comment period will not be considered. The Department will not accept comments accompanied by a request that a part or all of the material be treated confidentially because of its business proprietary nature or for any other reason. The Department will return such comments and materials to the persons submitting the comments and will not consider them. All comments responding to this notice will be a matter of public record and will be available for public inspection and copying at Import Administration's Central Records Unit, Room B-099, between the hours of 8:30 a.m. and 5 p.m. on business days. The Department requires that comments be submitted in written form, but also recommends submission of comments in electronic form to accompany the required paper copies. Comments filed in electronic form should be submitted either by e-mail to the webmaster below, or on CD-ROM, as comments submitted on diskettes are likely to be damaged by postal radiation treatment. Comments received in electronic form will be made available to the public in Portable Document Format (PDF) on the Internet at the import administration web site at the following address: <http://ia.ita.doc.gov/>. Any questions

concerning file formatting, document conversion, access on the Internet, or other electronic filing issues should be addressed to Andrew Lee Beller, Import Administration Webmaster, at (202) 482-0866, email address: webmaster-support@ita.doc.gov.

The public hearing on June 3, 2004, will be begin at 9 a.m. in the auditorium at the Department of Commerce, 14th Street and Constitution Ave, NW., Washington, DC 20230. Individual hearing presentations will be limited to five minutes, to allow for possible questions from the Chair and the panel. Additional time for oral presentations may be granted as time and the number of participants permit. Parties wishing to testify orally at the hearing must provide written comments (subject to the requirements described above) on which their testimony will be based, and must include with their comments a written notification of their intent to testify.

All comments and submissions (including written notification of intent to testify) should be mailed to James J. Jochum, Assistant Secretary for Import Administration; Subject: Public Hearings on U.S.-China Joint Commission on Commerce and Trade Working Group on Structural Issues; Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC, by no later than 5 p.m., May 19, 2004. In addition, please send a copy of this notification via facsimile to Lawrence Norton and Anthony Hill at (202) 482-501-1377.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fisheries Service (NMFS) proposes to collect information about vessel expenses and earnings in the Gulf of Mexico reef fish and coastal pelagic (mackerel) fisheries with which to conduct economic analyses that will improve fishery management in those fisheries; will satisfy NMFS' legal mandates under Executive Order 12866, the Magnuson-Steven Fishery Conservation and Management Act (U.S.C. 1801 *et seq.*), the Regulatory Flexibility Act, the Endangered Species Act, and the National Environmental Policy Act; and will quantify achievement of the performances measures in the NMFS Strategic Operating Plans. These data will be collected in conjunction with catch and effort data already being collected in this fishery as part of its logbook program, and will be used to assess how fishermen will be impacted by and respond to regulations likely to be considered by fishery managers.

II. Method of Collection

Owners of selected vessels with Federal commercial permits in the Gulf of Mexico reef fish and coastal pelagics fisheries will be required to report information about trip costs, input usage, input prices, and dockside prices as part of the logbook reporting
