

47 CFR 73.68(f) states if an existing sampling system is found to be patently of marginal construction, or where the performance of a directional antenna is found to be unsatisfactory, and this deficiency reasonably may be attributed, in whole or in part, to inadequacies in the antenna monitoring system, the FCC may require the reconstruction of the sampling system in accordance with requirements specified above.

47 CFR 73.69(c) requires AM station licensees with directional antennas to file an informal request to operate without required monitors with the Media Bureau in Washington, DC, when conditions beyond the control of the licensee prevent the restoration of an antenna monitor to service within a 120 day period. This request is filed in conjunction with Section 73.3549.

47 CFR 73.69(d)(1) requires that AM licensees with directional antennas request to obtain temporary authority to operate with parameters at variance with licensed values when an authorized antenna monitor is replaced pending issuance of a modified license specifying new parameters.

47 CFR 73.69(d)(5) requires AM licensees with directional antennas to submit an informal request for modification of license to the FCC within 30 days of the date of antenna monitor replacement.

47 CFR 73.151(c)(1)(ix) states the orientation and distances among the individual antenna towers in the array shall be confirmed by a post-construction certification by a land surveyor (or, where permitted by local regulation, by an engineer) licensed or registered in the state or territory where the antenna system is located.

47 CFR 73.151(c)(2)(i) describes techniques for moment method modeling, sampling system construction, and measurements that must be taken as part of a moment method proof. A description of the sampling system and the specified measurements must be filed with the license application.

47 CFR 73.151(c)(3) states reference field strength measurement locations shall be established in directions of pattern minima and maxima. On each radial corresponding to a pattern minimum or maximum, there shall be at least three measurement locations. The field strength shall be measured at each reference location at the time of the proof of performance. The license application shall include the measured field strength values at each reference point, along with a description of each measurement location, including GPS coordinates and datum reference.

47 CFR 73.154 requires the result of the most recent partial proof of performance measurements and analysis to be retained in the station records and made available to the FCC upon request. Maps showing new measurement points shall be associated with the partial proof in the station's records and shall be made available to the FCC upon request.

47 CFR 73.155 states a station licensed with a directional antenna pattern pursuant to a proof of performance using moment method modeling and internal array parameters as described in § 73.151(c) shall recertify the performance of that directional antenna pattern at least once within every 24 month period.

47 CFR 73.155(c) states the results of the periodic directional antenna performance recertification measurements shall be retained in the station's public inspection file.

47 CFR 73.158(b) requires a licensee of an AM station using a directional antenna system to file a request for a corrected station license when the description of monitoring point in relation to nearby landmarks as shown on the station license is no longer correct due to road or building construction or other changes. A copy of the monitoring point description must be posted with the existing station license.

47 CFR 73.3538(b) requires a broadcast station to file an informal application to modify or discontinue the obstruction marking or lighting of an antenna supporting structure.

47 CFR 73.3549 requires licensees to file with the FCC requests for extensions of authority to operate without required monitors, transmission system indicating instruments, or encoders and decoders for monitoring and generating the Emergency Alert System codes. Such requests must contain information as to when and what steps were taken to repair or replace the defective equipment and a brief description of the alternative procedures being used while the equipment is out of service.

## FEDERAL RESERVE SYSTEM

### Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval,

pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The applications will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than October 30, 2014.

A. Federal Reserve Bank of Kansas City (Dennis Denney, Assistant Vice President) 1 Memorial Drive, Kansas City, Missouri 64198-0001:

1. *Little London Bancorp*, Colorado Springs, Colorado; to become a bank holding company by acquiring 100 percent of the voting shares of 5Star Bank, Colorado Springs, Colorado.

Board of Governors of the Federal Reserve System, October 1, 2014.

**Michael J. Lewandowski,**

*Associate Secretary of the Board.*

## DEPARTMENT OF DEFENSE

### GENERAL SERVICES ADMINISTRATION

### NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[OMB Control No. 9000-0177; Docket No. 2014-0055; Sequence 27]

### Information Collection; Reporting Executive Compensation and First-Tier Subcontract Awards

**AGENCY:** Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

**ACTION:** Notice.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act, the

Regulatory Secretariat Division will be submitting to the Office of Management and Budget (OMB) a request to review and approve a previously approved information collection requirement for Reporting Executive Compensation and First-tier Subcontract Awards.

**DATES:** Submit comments on or before December 8, 2014.

**ADDRESSES:** Submit comments identified by Information Collection 9000-0177, Reporting Executive Compensation and First-tier Subcontract Awards, by any of the following methods:

- *Regulations.gov:* <http://www.regulations.gov>.

Submit comments via the Federal eRulemaking portal by searching the OMB control number 9000-0177. Select the link "Comment Now" that corresponds with "Information Collection 9000-0177, Reporting Executive Compensation and First-tier Subcontract Awards." Follow the instructions provided on the screen. Please include your name, company name (if any), and "Information Collection 9000-0177, Reporting Executive Compensation and First-tier Subcontract Awards" on your attached document.

- *Fax:* 202-501-4067.

- *Mail:* General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., Washington, DC 20405. ATTN: Ms. Flowers/IC: 9000-0177, Reporting Executive Compensation and First-tier Subcontract Awards.

**Instructions:** Please submit comments only and cite "Information Collection 9000-0177, Reporting Executive Compensation and First-tier Subcontract Awards," in all correspondence related to this collection. All comments received will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided.

**FOR FURTHER INFORMATION CONTACT:** Ms. Mahruba Uddowla, Procurement Analyst, Office of Government-wide Policy, contact via telephone 703-605-2868 or email [mahruba.uddowla@gsa.gov](mailto:mahruba.uddowla@gsa.gov).

### SUPPLEMENTARY INFORMATION:

#### A. Purpose

The Federal Funding Accountability and Transparency Act ("Transparency Act"), Public Law 109-282, as amended by section 6202 of Public Law 110-252, was enacted to reduce "wasteful and unnecessary spending" by requiring that OMB establish a free, public, online database containing full disclosure of all

Federal contract award information for awards of \$25,000 or more.

DoD, GSA, and NASA published an interim rule for public comment at 75 FR 39414, on July 8, 2010, to implement the Transparency Act reporting requirements. The rule requires the insertion of FAR clause 52.204-10, Reporting Executive Compensation and First-Tier Subcontract Awards, in solicitations and contracts (including commercial item contracts and commercially available off-the-shelf (COTS) item contracts) of \$25,000 or more.

The clause at 52.204-10 requires, unless otherwise directed by the contracting officer, for first-tier subcontracts valued at \$25,000 or more, prime contractors to report first-tier subcontract award data (e.g., name, amount, address, etc.). If the contractor in the previous tax year had gross income, from all sources, under \$300,000, the contractor is exempt from the requirement to report first-tier subcontractor awards. If a first-tier subcontractor in the previous tax year had gross income from all sources under \$300,000, the contractor does not need to report awards to that first-tier subcontractor. Contractors will provide these subcontract reports to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS) (<http://www.fsr.gov>). DoD, GSA, and NASA note that there is pre-population of some data in FSRS from other Government systems.

The clause at 52.204-10 also requires a contractor to report in the System for Award Management (SAM) database at <https://www.sam.gov>, the names and total compensation of each of its five most highly compensated executives for the contractor's preceding completed fiscal year. Contractors and first-tier subcontractors are not required to report the total compensation information required by the rule, unless—

(i) In the contractor or subcontractor's preceding fiscal year, the contractor or subcontractor received—

(1) 80 percent or more of its annual gross revenues in Federal contracts (and subcontracts), loans, grants (and subgrants), cooperative agreements; and

(2) \$25,000,000 or more in annual gross revenue from Federal contracts (and subcontracts), loans, grants (and subgrants), cooperative agreements; and

(ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has
