SUPPLEMENTARY INFORMATION:

Title: Rules Relating to the Operations and Activities of Commodity Pool Operators and Commodity Trading Advisors and to Monthly Reporting by Futures Commission Merchants, (OMB Control No. 3038-0005). This is a request for revision of a currently approved information collection.

Abstract: Part 4 of the Commission's Regulations set forth the Commission's rules prescribing the disclosure of risk, the filing of reports, and the keeping of books and records. Each CPO who is registered or required to be registered and solicits prospective participants in a commodity pool must, absent an exemption, deliver to prospective participants, and file with the NFA, a Disclosure Document containing information specified by 4.24 and 4.25 before the CPO may accept funds or other property in exchange for participation in the pool. CTAs also must comply with the disclosure requirements of 4.34 and 4.35 before they may enter into an agreement to direct or to guide a client's commodity interest trading account.

Rule 4.22 requires that CPOs who are registered or required to be registered also must provide pool participants with an unaudited monthly or quarterly Account Statement for the pool, and an Annual Report for the pool that contains the net asset value of the pool and Statements of Financial Condition, Income (Loss), Changes in Financial Position, and Changes in Ownership Equity. Rule 4.23 for CPOs, and 4.33 for CTAs provide for the types of books and records that must be maintained by these registrants.

Section 133(d) requires each futures commission merchant (FCM) to furnish to a person that controls the account of the FCM's customer (e.g., a CTA) the same information that the FCM must

furnish to the customers. Without this data, the person controlling the account lacks critical and timely information about the trades executed for the client's account.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for the CFTC's regulations were published on December 30, 1981. See 46 FR 63035 (Dec. 30, 1981). The **Federal Register** notice with a 60-day comment period soliciting comments on this collection of information was published on February 23, 2004 (69 FR 8181-01).

These estimates include the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; and transmit or otherwise disclose the information.

Title: Establishing Procedures for Entities Operating as Exempt Markets, OMB Control No. 3038-0054. This is a request for extension of a currently approved information collection.

Abstract: Sections 2(h)(3) through (5) of the Commodity Exchange Act (Act) add exempt commercial markets as markets excluded from the Act's other requirements. The rules implement the qualifying conditions of the exemption. Rule 36.3(a) implements the notification requirements, and rule 36.3(b)(1) establishes information requirements for exempt commercial markets consistent with section 2(h)(5)(B) of the Act. And exempt commercial market may provide the Commission with access to transactions conducted on the facility or it can satisfy its reporting requirements by complying with the Commission's reporting requirements. The act affirmatively vests the Commission with comprehensive anti-manipulation enforcement authority over these trading facilities. The Commission is charged with monitoring these markets for manipulation and enforcing the anti-manipulation provisions of the Act. The informational requirements imposed by proposed rules are designed to ensure that the Commission can effectively perform these functions. Section 5d of the Act establishes a category of market

exempt from Commission oversight referred to as an "exempt board of trade." Rule 36.2 implements regulations that define those commodities that are eligible to trade on an exempt board of trade. Rule 36.2(b) implements the notification requirements of section 5d of the Act. Rule 36.2(b)(1) requires exempt boards of trade relying on this exemption to disclose to traders that the facility and trading on the facility is not regulated by the Commission. This requirement is necessary to make manifest the nature of the market and to avoid misleading the public.
