

your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to-intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before February 25, 2022. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP22–32–000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or ⁶

(2) You can file a paper copy of your submission by mailing it to the address below.⁷ Your submission must reference the Project docket number CP22–32–000.

Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail or email (with a link to the document) at: 5400 Westheimer Court, P.O. Box 1642, Houston, Texas 77251–1642 or Estela.Lozano@enbridge.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Dated: December 27, 2021.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717–01–P

which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

⁷ Hand-delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

ENVIRONMENTAL PROTECTION AGENCY

[FRL–9379–01–R9]

Revision of Approved Primacy Program for the Commonwealth of the Northern Mariana Islands

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of approval.

SUMMARY: Notice is hereby given that the Commonwealth of the Northern Mariana Islands (CNMI) revised its approved primacy program under the federal Safe Drinking Water Act (SDWA) by adopting regulations that effectuate the federal Ground Water Rule (GWR). The Environmental Protection Agency (EPA) has determined that CNMI's revision request meets the applicable SDWA program revision requirements and the regulations adopted by CNMI are no less stringent than the corresponding federal regulations. Therefore, EPA approves this revision to CNMI's approved primacy program. However, this determination on CNMI's request for approval of a program revision shall take effect in accordance with the procedures described below in the **SUPPLEMENTARY INFORMATION** section of this notice after the opportunity to request a public hearing.

DATES: A request for a public hearing must be received or postmarked before February 2, 2022.

ADDRESSES: Documents relating to this determination that were submitted by CNMI as part of its program revision request are available for public inspection online at <http://deq.gov.mp/sec.asp?secID=5>. In addition, these documents are available between the hours of 7:30 a.m. and 4:30 p.m., Monday through Friday, at the following address: CNMI Bureau of Environmental and Coastal Quality, Gualo Rai Center—Safe Drinking Water Branch 2nd floor, Chalan Pale Arnold—Middle Road, Saipan, MP 96950. If there are issues accessing the website, please contact Travis Spaeth, at (670) 664–8500, or via email at travis.spaeth@becq.gov.mp.

FOR FURTHER INFORMATION CONTACT:

Anna Yen, EPA Region 9, Drinking Water Section, via telephone at (415) 972–3976 or via email address at yen.anna@epa.gov.

SUPPLEMENTARY INFORMATION:

Background. EPA approved CNMI's initial application for primary enforcement authority ("primacy") of drinking water systems on November 4, 1982 (47 FR 50105). Since initial primacy approval, EPA has approved

⁶ Additionally, you may file your comments electronically by using the eComment feature,

various revisions to CNMI's primacy program. For the revision covered by this action, EPA promulgated the GWR at 40 CFR subpart S on November 8, 2006 (71 FR 65574). The GWR provides protection against microbial pathogens in public water systems using ground water sources. EPA has determined that the GWR requirements were adopted into the CNMI Commonwealth Register, Section 2141 (alternatively published as Northern Mariana Islands Administrative Code, Title 65, Chapter 20) in a manner that CNMI's regulations are comparable to and no less stringent than the federal requirements. EPA has also determined that CNMI's program revision request meets all of the regulatory requirements for approval, as set forth in 40 CFR 142.12, including a side-by-side comparison of the Federal requirements demonstrating the corresponding CNMI authorities, additional materials to support special primacy requirements of 40 CFR 142.16, a review of the requirements contained in 40 CFR 142.10 necessary for CNMI to attain and retain primary enforcement responsibility, and a statement by the CNMI Attorney General certifying that CNMI's laws and regulations to carry out the program revision were duly adopted and are enforceable. The Attorney General's statement also affirms that there are no environmental audit privilege and immunity laws that would impact CNMI's ability to implement or enforce the CNMI laws and regulations pertaining to the program revision. Therefore, EPA approves this revision of CNMI's approved primacy program. The Technical Support Document, which provides EPA's analysis of CNMI's program revision request, is available by submitting a request to the following email address: R9dw-program@epa.gov. Please note "Technical Support Document" in the subject line of the email.

Public Process. Any interested person may request a public hearing on this determination. A request for a public hearing must be received or postmarked before February 2, 2022, and addressed to the Regional Administrator of EPA Region 9, via the following email address: R9dw-program@epa.gov, or by contacting the EPA Region 9 contact person listed above in this notice by telephone if you do not have access to email. Please note, "State Program Revision Determination" in the subject line of the email. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. If a timely request for a public hearing is made, then EPA Region 9 may hold a

public hearing. Any request for a public hearing shall include the following information: 1. The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; 2. A brief statement of the requesting person's interest in the Regional Administrator's determination and of information that the requesting person intends to submit at such hearing; and 3. The signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

If EPA Region 9 does not receive a timely request for a hearing or a request for a hearing was denied by the Regional Administrator for being frivolous or insubstantial, and the Regional Administrator does not elect to hold a hearing on their own motion, EPA's approval shall become final and effective on February 2, 2022, and no further public notice will be issued.

Authority: Section 1413 of the Safe Drinking Water Act, as amended, 42 U.S.C. 300g-2 (1996), and 40 CFR part 142 of the National Primary Drinking Water Regulations.

Dated: December 23, 2021.

Deborah Jordan,

Acting Regional Administrator, EPA Region 9.

BILLING CODE 6560-50-P

GENERAL SERVICES ADMINISTRATION

[Notice-MA-2021-06; Docket No. 2021-0002, Sequence No. 30]

Calendar Year (CY) 2022 Privately Owned Vehicle (POV) Mileage Reimbursement Rates; CY 2022 Standard Mileage Rate for Moving Purposes

AGENCY: Office of Government-Wide Policy (OGP), General Services Administration (GSA).

ACTION: Notice.

SUMMARY: GSA is updating the mileage reimbursement rate for privately owned automobiles (POA), airplanes, and motorcycles as required by statute. This information will be available in FTR Bulletin 22-05, which can be found on GSA's website at <https://gsa.gov/ftrbulletins>.

DATES: *Applicability date:* This notice applies to travel and relocation performed on or after January 1, 2022 through December 31, 2022.

FOR FURTHER INFORMATION CONTACT: For clarification of content, please contact Ms. Cheryl D. McClain-Barnes, Program Analyst, Office of Government-wide Policy, Office of Asset and Transportation Management, at 202-208-4334, or by email at travelpolicy@gsa.gov. Please cite Notice of FTR Bulletin 22-05.

SUPPLEMENTARY INFORMATION: GSA is required by statute to set the mileage reimbursement rate for privately owned automobiles (POA) as the single standard mileage rate established by the Internal Revenue Service (IRS). The IRS mileage rate for medical or moving purposes is used to determine the POA rate when a Government-furnished automobile is authorized and also represents the privately owned vehicle (POV) standard mileage reimbursement rate for official relocation. Finally, GSA conducts independent reviews of the cost of travel and the operation of privately owned airplanes and motorcycles on an annual basis to determine their corresponding mileage reimbursement rates. These reviews evaluate various factors, such as the cost of fuel, depreciation of the original vehicle cost, maintenance and insurance, state and Federal taxes, and consumer price index data. FTR Bulletin 22-05 establishes and announces the new CY 2022 POV mileage reimbursement rates for official temporary duty and relocation travel. This notice is the only notification to agencies of revisions to the POV mileage rates for official travel and relocation, in addition to the changes posted on GSA's website at <https://gsa.gov/mileage>.

Krystal J. Brumfield,

Associate Administrator, Office of Government-Wide Policy.
