

Agency in determining when to accept late-filed documents.

Paperwork Reduction Act

These rules are not subject to Section 3504(h) of the Paperwork Reduction Act (44 U.S.C. 3501) since they do not contain any new information collection requirements.

Small Business Regulatory Enforcement Fairness Act

Because these rules relate to Agency procedure and practice and merely modify the agency's filing procedures, the Board has determined that the Congressional review provisions of the Small Business Regulatory Enforcement Fairness Act (5 U.S.C. 801) do not apply.

List of Subjects in 29 CFR Part 102

Administrative practice and procedure, Labor management relations.

To avoid the injustices that could result if the Board had no flexibility in deciding to accept late-filed documents in representation cases, the Board amends 29 CFR part 102 as follows:

PART 102—RULES AND REGULATIONS, SERIES 8

1. The authority citation for 29 CFR part 102 continues to read as follows:

Authority: Section 6, National Labor Relations Act, as amended (29 U.S.C. 151, 156). Section 102.117(c) also issued under Section 552(a)(4)(A) of the Freedom of Information Act, as amended (5 U.S.C. 552(a)(4)(A)). Sections 102.143 through 102.155 also issued under Section 504(c)(1) of the Equal Access to Justice Act, as amended (5 U.S.C. 504(c)(1)).

2. Section 102.111(c) is revised to read as follows:

§ 102.111 Time computation.

(c) The following documents may be filed within a reasonable time after the time prescribed by these rules only upon good cause shown based on excusable neglect and when no undue prejudice would result:

- (1) In unfair labor practice proceedings, motions, exceptions, answers to a complaint or a backpay specification, and briefs; and
- (2) In representation proceedings, exceptions, requests for review, motions, briefs, and any responses to any of these documents. A party seeking to file such documents beyond the time prescribed by these rules shall file, along with the document, a motion that states the grounds relied on for requesting permission to file untimely. The specific facts relied on to support the motion shall be set forth in affidavit form and sworn to by individuals with

personal knowledge of the facts. The time for filing any document responding to the untimely document shall not commence until the date a ruling issues accepting the untimely document. In addition, cross-exceptions shall be due within 14 days, or such further period as the Board may allow, from the date a ruling issues accepting the untimely filed documents.

Dated: November 14, 2002.

By Direction of the Board.

Lester A. Heltzer,

Acting Executive Secretary, National Labor Relations Board.

Coast Guard

33 CFR Part 165

[CGD05-02-095]

RIN 2115-AA97

Safety Zone; Cove Point, Chesapeake Bay, MD

AGENCY: Coast Guard, DOT.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will resume enforcement of the safety zone at the Cove Point liquefied natural gas (LNG) facility's offshore terminal on the Chesapeake Bay. The Coast Guard has not enforced the safety zone since the facility discontinued LNG operations in 1980. Due to construction activity at the terminal, the Coast Guard will resume enforcement of the safety zone.

DATES: This notice of enforcement is effective on November 26, 2002.

FOR FURTHER INFORMATION CONTACT: Lieutenant Dulani Woods, at Coast Guard Activities Baltimore, Port Safety, Security and Waterways Management Branch, at (410) 576-2513.

SUPPLEMENTARY INFORMATION:

Background and Purpose

The liquefied natural gas (LNG) facility at Cove Point, Maryland is in the process of updating its terminal equipment in anticipation of transfer operations beginning in the spring of 2003. Although the Captain of the Port (COTP) Baltimore has not yet issued a Letter of Recommendation under 33 Code of Federal Regulations (CFR) part 127.009, enforcement of the safety zone established in 33 CFR 165.502 will now resume.

The Cove Point facility originally started terminal operations in 1978 and

conducted transfers of LNG from vessels until 1980. During this period a safety zone was established and actively enforced. Safety zone enforcement ceased when LNG transfer operations were stopped. The facility's terminal is located approximately one mile from shore and has developed into a fishing area since the terminal ceased transfer operations. Numerous commercial and recreational boats frequent this area during fishing seasons and at other times throughout the year.

The Coast Guard will resume continual enforcement of the safety zone during the construction process at the terminal, when heavy equipment will be in operation in the area. The enforcement of the safety zone will prevent unauthorized vessels from entering the work zone and creating safety hazards.

Dated: November 8, 2002.

R.B. Peoples,

Captain, U.S. Coast Guard, Captain of the Port, Baltimore, Maryland.

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 65

Docket No. FEMA-P-7618

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, (FEMA).

ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the Base (1-percent-annual-chance) Flood Elevations (BFEs) is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified BFEs for new buildings and their contents. **DATES:** These modified BFEs are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Map(s) in effect prior to this determination for the listed communities.

From the date of the second publication of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Administrator for Federal Insurance and Mitigation Administration reconsider the changes. The modified BFEs may be changed during the 90-day period.

ADDRESSES: The modified BFEs for each community are available for inspection

at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

Matthew B. Miller, Chief, Hazards Study Branch, Federal Insurance and Mitigation Administration, 500 C Street, SW., Washington, DC 20472, (202) 646-3461 or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The modified BFEs are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection is provided.

Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

The changes in BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Administrator for Federal Insurance and Mitigation Administration certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This interim rule is not a significant regulatory action under the criteria of

section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency
Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: Base (1-percent-annual-chance) Flood Elevations and modified Base Flood Elevations (BFEs) are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATE: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the FIRM is available for inspection as indicated in the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Michael M. Grimm, Acting Chief,

Hazards Study Branch, Federal Insurance and Mitigation Administration, 500 C Street, SW., Washington, DC 20472, (202) 646-3461 or (e-mail) michael.grimm@fema.gov.

SUPPLEMENTARY INFORMATION: FEMA makes final determinations listed below of BFEs and modified BFEs for each community listed. The proposed BFEs and proposed modified BFEs were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of 90 days. The proposed BFEs and proposed modified BFEs were also published in the **Federal Register**.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community.

The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Administrator of the Federal Insurance and Mitigation Administration certifies that this rule is exempt from the requirements of the

Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.
