Annual Responses: 163.

Average Burden per Response: 1 Hour.

Frequency: On occasion.

Veterans and their representatives routinely contact DTRA (by phone and mail) to request information regarding participation in U.S atmospheric nuclear testing or apply for the AVSC. A release form is required to certify the identity of the request and authorize the release of Privacy Act information (to the veteran or a 3rd party). DTRA is also required to collect irradiation scenario information from nuclear test participants to accurately determine their radiation dose assessment.

Submission for OMB Review; Comment Request

AGENCY: Office of the Secretary of Defense, DoD.

ACTION: 30-Day information collection notice.

SUMMARY: The Department of Defense has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by November 18, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Generic Clearance for Improving Customer Experience (OMB Circular A-11, Section 280 Implementation); OMB Control Number 0704-XXXX.

Type of Request: New.
Number of Respondents: 300,000.
Responses per Respondent: 1.
Annual Responses: 300,000.
Average Burden per Response: 10 minutes.

Annual Burden Hours: 50,000.

Needs and Uses: Whether seeking a loan, Social Security benefits, veteran's benefits, or other services provided by the Federal Government, individuals and businesses expect Government

customer services to be efficient and intuitive, just like services from leading private-sector organizations. Yet the 2016 American Consumer Satisfaction Index and the 2017 Forrester Federal Customer Experience Index show that, on average, Government services lag nine percentage points behind the private sector.

A modern, streamlined and responsive customer experience means: Raising government-wide customer experience to the average of the private sector service industry; developing indicators for high-impact Federal programs to monitor progress towards excellent customer experience and mature digital services; and providing the structure (including increasing transparency) and resources to ensure customer experience is a focal point for agency leadership. To support this, OMB Circular A-11 Section 280 established government-wide standards for mature customer experience organizations in government and measurement. To enable Federal programs to deliver the experience taxpayers deserve, they must undertake three general categories of activities: Conduct ongoing customer research, gather and share customer feedback, and test services and digital products.

These data collection efforts may be either qualitative or quantitative in nature or may consist of mixed methods. Additionally, data may be collected via a variety of means, including but not limited to electronic or social media, direct or indirect observation (*i.e.*, in person, video and audio collections), interviews, questionnaires, surveys, and focus groups. DoD will limit its inquiries to data collections that solicit strictly voluntary opinions or responses. Steps will be taken to ensure anonymity of respondents in each activity covered by this request.

The results of the data collected will be used to improve the delivery of Federal services and programs. It will include the creation of personas, customer journey maps, and reports and summaries of customer feedback data and user insights. It will also provide government-wide data on customer experience that can be displayed on *performance.gov* to help build transparency and accountability of Federal programs to the customers they serve. DoD will collect this information by electronic means when possible, as well as by mail, fax, telephone, technical discussions, and in-person interviews. DoD may also utilize observational techniques to collect this information.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Personnel Accountability and Assessment for a Public Health Emergency; DD Form 3112; OMB Control Number 0720-0067 (formerly 0704-0590).

Type of Request: New.
Number of Respondents: 100,000.
Responses per Respondent: 1.
Annual Responses: 100,000.
Average Burden per Response: 15 minutes.

Annual Burden Hours: 25,000.

Needs and Uses: The principal purpose of the DD form 3112, “Personnel Accountability and Accountability for a Public Health Emergency,” form is to collect information used to protect the health and safety of individuals working in, residing on, or assigned to DoD installations, facilities, field operations, and commands, and to protect the DoD mission. When authorized by DoD, this form may be used to provide information about individuals who are infected or otherwise impacted by a public health emergency or similar occurrence or when there is an isolated incident in which an individual learns they have been exposed to a contagious disease or hazardous substance/agent. The form will also be used to document personnel accountability for and status of DoD-affiliated personnel in a natural or man-made disaster, or when directed by the Secretary of Defense. Such events could include severe weather events, acts of terrorism or severe destruction. The collection of this information is necessary to support the DoD in protecting the health and safety of DoD-affiliated individuals and maintain the DoD mission.
