In order to determine which voice service providers meet these criteria, the Commission establishes this collection to permit voice service providers voluntarily to certify that they satisfy the criteria. See *Call Authentication Trust Anchor*, WC Docket No. 17–97, Second Report and Order, FCC 20–136 (adopted Sept. 29, 2020). On September 29, 2020, the Commission adopted its *Call Authentication Trust Anchor Second Report and Order*. The *Second Report and Order* implemented section 4(b)(2) of the TRACED Act by establishing two exemptions: One exemption for a voice service provider’s IP networks if it meets all four statutory criteria for all calls it originates or terminates in SIP, and one exemption for a voice service provider’s non-IP networks if it meets both statutory criteria for all non-SIP calls it originates or terminates. The information received through the certification process will permit the Commission to determine which voice service providers qualify for one or both of these exemptions by the TRACED Act’s statutory deadline of December 30, 2020.
