SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–90146; File No. SR–MIAX–2020–32]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Fee Schedule

October 9, 2020.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act

of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² notice is hereby given that on September 30, 2020, Miami International Securities Exchange LLC (“MIAX Options” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIAX Options Fee Schedule (the “Fee Schedule”) to: (1) Make non-substantive reorganizing changes to certain sections of the Fee Schedule; and (2) extend the waiver period for certain non-transaction fees applicable to Market Makers³ that trade solely in Proprietary Products⁴ until December 31, 2020.

The text of the proposed rule change is available on the Exchange’s website at <http://www.miaxoptions.com/rule-filings>, at MIAX’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to: (1) Make non-substantive reorganizing changes to

certain sections of the Fee Schedule; and (2) extend the waiver period for certain non-transaction fees applicable to Market Makers that trade solely in Proprietary Products until December 31, 2020.

On October 12, 2018, the Exchange received approval from the Commission to list and trade on the Exchange, options on the SPIKES[®] Index, a new index that measures expected 30-day volatility of the SPDR S&P 500 ETF Trust (commonly known and referred to by its ticker symbol, “SPY”).⁵ The Exchange adopted its initial SPIKES transaction fees on February 15, 2019 and adopted a new section of the Fee Schedule—Section 1)a)xi), SPIKES—for those fees.⁶ Options on the SPIKES Index began trading on the Exchange on February 19, 2019.

Fee Schedule Reorganization

The Exchange now proposes to reorganize several sections of the Fee Schedule for purposes of clarity and to avoid potential confusion. First, the Exchange proposes to rename Section 1)a), Exchange Fees, to now be titled “Multiply-Listed Options Exchange Fees.” The purpose of this change is to clarify that the fees and rebates listed in this section of the Fee Schedule will apply only to multiply-listed options transactions, and not transactions in the Exchange’s Proprietary Products, including SPIKES options.

Next, the Exchange proposes to move Section 1)a)xi), SPIKES, to now be Section 1)b)i). As described above, the Exchange began listing SPIKES options on February 19, 2019. The Exchange plans to continue adding Proprietary Products and will include all fees and rebates for such products in one section of the Fee Schedule in order to clarify that the fees and rebates for multiply-listed options are different than for the Exchange’s Proprietary Products. Accordingly, the Exchange proposes to move Section 1)a)xi), SPIKES, to now be Section 1)b)i). In connection with this proposed reorganization, the Exchange also plans to rename Section 1)b), Marketing Fee, to now be titled “Proprietary Products Exchange Fees.” Further, the Exchange proposes to move the Marketing Fee section (currently

Section 1)b)) to now be Section 1)a)xi). The purpose of this change is to clarify that the Marketing Fee applies to all multiply-listed options transactions on the Exchange and not to the Exchange’s Proprietary Products, including SPIKES options. The Exchange does not propose to amend or change any of the actual fee or rebate amounts or applicability in the Fee Schedule.

Extend Fee Waiver for Certain Non-Transaction Fees

On May 31, 2019, the Exchange filed a proposal with the Commission to amend the Fee Schedule to waive certain non-transaction fees applicable to Market Makers that trade solely in Proprietary Products (including options on the SPIKES Index) until September 30, 2019.⁷ In particular, the Exchange adopted waivers for Membership Application fees, monthly Market Maker Trading Permit fees, Application Programming Interface (“API”) Testing and Certification fees for Members, and monthly MEI Port fees assessed to Market Makers that trade solely in Proprietary Products (including options on SPIKES) until September 30, 2019.

On October 1, 2019, the Exchange filed a proposal with the Commission to extend the waiver period for the same non-transaction fees applicable to Market Makers that trade solely in Proprietary Products (including options on SPIKES) until December 31, 2019.⁸ On December 30, 2019, the Exchange filed a proposal with the Commission to extend the waiver period for the same non-transaction fees applicable to Market Makers that trade solely in Proprietary Products (including options on SPIKES) until June 30, 2020.⁹ On June 30, 2020, the Exchange filed a proposal with the Commission to extend the waiver period for the same non-transaction fees applicable to Market Makers that trade solely in Proprietary Products (including options on SPIKES) until September 30, 2020.¹⁰

The Exchange now proposes to extend the waiver period for the same non-transaction fees applicable to Market Makers that trade solely in Proprietary Products (including options on SPIKES) until December 31, 2020. In particular, the Exchange proposes to waive

⁵ See Securities Exchange Act Release No. 84417 (October 12, 2018), 83 FR 52865 (October 18, 2018) (SR-MIAX-2018-14) (Order Granting Approval of a Proposed Rule Change by Miami International Securities Exchange, LLC to List and Trade on the Exchange Options on the SPIKES[®] Index).

⁶ See Securities Exchange Act Release No. 85283 (March 11, 2019), 84 FR 9567 (March 15, 2019) (SR-MIAX-2019-11). The Exchange initially filed the proposal on February 15, 2019 (SR-MIAX-2019-04). That filing was withdrawn and replaced with SR-MIAX-2019-11.

⁷ See Securities Exchange Act Release No. 86109 (June 14, 2019), 84 FR 28860 (June 20, 2019) (SR-MIAX-2019-28).

⁸ See Securities Exchange Act Release No. 87282 (October 10, 2019), 84 FR 55658 (October 17, 2019) (SR-MIAX-2019-43).

⁹ See Securities Exchange Act Release No. 87897 (January 6, 2020), 85 FR 1346 (January 10, 2020) (SR-MIAX-2019-53).

¹⁰ See Securities Exchange Act Release No. 89289 (July 10, 2020), 85 FR 43279 (July 16, 2020) (SR-MIAX-2020-22).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

³ The term “Market Makers” refers to “Lead Market Makers”, “Primary Lead Market Makers” and “Registered Market Makers” collectively. See Exchange Rule 100.

⁴ The term “Proprietary Product” means a class of options that is listed exclusively on the Exchange. See Exchange Rule 100.

Membership Application fees, monthly Market Maker Trading Permit fees, Member API Testing and Certification fees, and monthly MEI Port fees assessed to Market Makers that trade solely in Proprietary Products (including options on SPIKES) until December 31, 2020.

Membership Application Fees

The Exchange currently assesses Membership fees for applications of potential Members. The Exchange assesses a one-time Membership Application fee on the earlier of (i) the date the applicant is certified in the membership system, or (ii) once an application for MIAX membership is finally denied. The one-time application fee is based upon the applicant's status as either a Market Maker or an Electronic Exchange Member ("EEM").¹¹ A Market Maker is assessed a one-time Membership Application fee of \$3,000.00.

The Exchange proposes that the waiver for the one-time Membership Application fee of \$3,000.00 for Market

Makers that trade solely in Proprietary Products (including options on SPIKES) will be extended from September 30, 2020 until December 31, 2020, which the Exchange proposes to state in the Fee Schedule. The purpose of this proposed change is to continue to provide an incentive for potential Market Makers to submit membership applications, which should result in increasing potential liquidity in Proprietary Products, including options on SPIKES. Even though the Exchange is proposing to extend the waiver of this particular fee for Market Makers who will trade solely in Proprietary Products from September 30, 2020 until December 31, 2020, the overall structure of the fee is outlined in the Fee Schedule so that there is general awareness that the Exchange intends to assess such a fee after December 31, 2020.

Trading Permit Fees

The Exchange issues Trading Permits that confer the ability to transact on the

Exchange. MIAX Trading Permits are issued to Market Makers and EEMs. Members receiving Trading Permits during a particular calendar month are assessed monthly Trading Permit fees as set forth in the Fee Schedule. As it relates to Market Makers, MIAX currently assesses a monthly Trading Permit fee in any month the Market Maker is certified in the membership system, is credentialed to use one or more MIAX Express Interface Ports ("MEI Ports")¹² in the production environment and is assigned to quote in one or more classes. MIAX assesses its Market Makers the monthly Market Maker Trading Permit fee based on the greatest number of classes listed on MIAX that the MIAX Market Maker was assigned to quote in on any given day within a calendar month and the applicable fee rate is the lesser of either the per class basis or percentage of total national average daily volume measurements. A MIAX Market Maker is assessed a monthly Trading Permit Fee according to the following table:

Type of trading permit	Monthly MIAX trading permit fee	Market maker assignments (the lesser of the applicable measurements below) Ω	
		Per class	% of national average daily volume
Market Maker (includes RMM, LMM, PLMM).	\$7,000.00	Up to 10 Classes	Up to 20% of Classes by volume
	\$12,000.00	Up to 40 Classes	Up to 35% of Classes by volume
	\$17,000.00 *	Up to 100 Classes	Up to 50% of Classes by volume
	\$22,000.00 *	Over 100 Classes	Over 50% of Classes by volume up to all Classes listed on MIAX

Ω Excludes Proprietary Products.

* For these Monthly MIAX Trading Permit Fee levels, if the Market Maker's total monthly executed volume during the relevant month is less than 0.060% of the total monthly executed volume reported by OCC in the market maker account type for MIAX-listed option classes for that month, then the fee will be \$15,500 instead of the fee otherwise applicable to such level.

MIAX proposes that the waiver for the monthly Trading Permit fee for Market Makers that trade solely in Proprietary Products (including options on SPIKES) will be extended from September 30, 2020 to December 31, 2020, which the Exchange proposes to state in the Fee Schedule. The purpose of this proposed change is to continue to provide an incentive for Market Makers to provide liquidity in Proprietary Products on the Exchange, which should result in increasing potential order flow and volume in Proprietary Products, including options on SPIKES. Even though the Exchange is proposing to extend the waiver of this particular fee for Market Makers trading solely in

Proprietary Products from September 30, 2020 until December 31, 2020, the overall structure of the fee is outlined in the Fee Schedule so that there is general awareness by potential Members seeking a Trading Permit on the Exchange that the Exchange intends to assess such a fee after December 31, 2020.

The Exchange also proposes that Market Makers who trade Proprietary Products (including options on SPIKES) along with multi-listed classes will continue to not have Proprietary Products (including SPIKES) counted toward those Market Makers' class assignment count or percentage of total national average daily volume. This

exclusion is noted with the symbol " Ω " following the table that shows the monthly Trading Permit Fees currently assessed for Market Makers in Section 3)b) of the Fee Schedule.

API Testing and Certification Fee

The Exchange assesses an API Testing and Certification fee to all Members depending upon the type of Member. An API makes it possible for Members' software to communicate with MIAX software applications, and is subject to Members testing with, and certification by, MIAX. The Exchange offers four types of interfaces: (i) The Financial Information Exchange Port ("FIX Port")¹³, which enables the FIX Port user (typically an EEM or a Market

¹¹ The term "Electronic Exchange Member" or "EEM" means the holder of a Trading Permit who is not a Market Maker. Electronic Exchange Members are deemed "members" under the Exchange Act. See Exchange Rule 100.

¹² Full Service MEI Ports provide Market Makers with the ability to send Market Maker simple and

complex quotes, eQuotes, and quote purge messages to the MIAX System. Full Service MEI Ports are also capable of receiving administrative information. Market Makers are limited to two Full Service MEI Ports per matching engine. See Fee Schedule, note 27.

¹³ A FIX Port is an interface with MIAX systems that enables the Port user (typically an Electronic Exchange Member or a Market Maker) to submit simple and complex orders electronically to MIAX. See Fee Schedule, note 24.

Maker) to submit simple and complex orders electronically to MIAx; (ii) the MEI Port, which enables Market Makers to submit simple and complex electronic quotes to MIAx; (iii) the Clearing Trade Drop Port ("CTD Port")¹⁴, which provides real-time trade clearing information to the participants to a trade on MIAx and to the participants' respective clearing firms; and (iv) the FIX Drop Copy Port ("FXD Port")¹⁵, which provides a copy of real-time trade execution, correction and cancellation information through a FIX Port to any number of FIX Ports designated by an EEM to receive such messages.

API Testing and Certification fees for Market Makers are assessed (i) initially per API for CTD and MEI in the month the Market Maker has been credentialed to use one or more ports in the production environment for the tested API and the Market Maker has been assigned to quote in one or more classes, and (ii) each time a Market Maker initiates a change to its system that requires testing and certification. API Testing and Certification fees will not be assessed in situations where the Exchange initiates a mandatory change to the Exchange's system that requires testing and certification. The Exchange currently assesses a Market Maker an API Testing and Certification fee of \$2,500.00. The API Testing and Certification fees represent costs incurred by the Exchange as it works with each Member for testing and certifying that the Member's software

systems communicate properly with MIAx's interfaces.

MIAx proposes to extend the waiver of the API Testing and Certification fee for Market Makers that trade solely in Proprietary Products (including options on SPIKES) from September 30, 2020 until December 31, 2020, which the Exchange proposes to state in the Fee Schedule. The purpose of this proposed change is to continue to provide an incentive for potential Market Makers to develop software applications to trade in Proprietary Products, including options on SPIKES. Even though the Exchange is proposing to extend the waiver of this particular fee for Market Makers who trade solely in Proprietary Products from September 30, 2020 until December 31, 2020, the overall structure of the fee is outlined in the Fee Schedule so that there is general awareness that the Exchange intends to assess such a fee after December 31, 2020.

MEI Port Fees

MIAx provides four (4) Port types, including (i) the FIX Port, which enables the FIX Port user (typically an EEM or a Market Maker) to submit simple and complex orders electronically to MIAx; (ii) the MEI Port, which enables Market Makers to submit simple and complex electronic quotes to MIAx; (iii) the CTD Port, which provides real-time trade clearing information to the participants to a trade on MIAx and to the participants' respective clearing firms; and (iv) the FXD Port, which provides a copy of

real-time trade execution, correction and cancellation information through a FIX Port to any number of FIX Ports designated by an EEM to receive such messages.

MIAx assesses monthly MEI Port Fees to Market Makers in each month the Member has been credentialed to use the MEI Port in the production environment and has been assigned to quote in at least one class. The amount of the monthly MEI Port Fee is based upon the number of classes in which the Market Maker was assigned to quote on any given day within the calendar month, and upon the class volume percentages set forth in the above table. The class volume percentage is based on the total national average daily volume in classes listed on MIAx in the prior calendar quarter. Newly listed option classes are excluded from the calculation of the monthly MEI Port Fee until the calendar quarter following their listing, at which time the newly listed option classes will be included in both the per class count and the percentage of total national average daily volume. The Exchange assesses MIAx Market Makers the monthly MEI Port Fee based on the greatest number of classes listed on MIAx that the MIAx Market Maker was assigned to quote in on any given day within a calendar month and the applicable fee rate that is the lesser of either the per class basis or percentage of total national average daily volume measurement. MIAx assesses MEI Port Fees on Market Makers according to the following table:

Monthly MIAx MEI Fees	Market maker assignments (the lesser of the applicable measurements below) Ω	
	Per class	% of national average daily volume
\$5,000.00	Up to 5 Classes	Up to 10% of Classes by volume
\$10,000.00	Up to 10 Classes	Up to 20% of Classes by volume
\$14,000.00	Up to 40 Classes	Up to 35% of Classes by volume
\$17,500.00 *	Up to 100 Classes	Up to 50% of Classes by volume
\$20,500.00 *	Over 100 Classes	Over 50% of Classes by volume up to all Classes listed on MIAx

Ω Excludes Proprietary Products.

* For these Monthly MIAx MEI Fees levels, if the Market Maker's total monthly executed volume during the relevant month is less than 0.060% of the total monthly executed volume reported by OCC in the market maker account type for MIAx-listed option classes for that month, then the fee will be \$14,500 instead of the fee otherwise applicable to such level.

MIAx proposes to extend the waiver of the monthly MEI Port Fee for Market Makers that trade solely in Proprietary

Products (including options on SPIKES) from September 30, 2020 until December 31, 2020, which the Exchange

proposes to state in the Fee Schedule. The purpose of this proposal is to continue to provide an incentive to

¹⁴ Clearing Trade Drop ("CTD") provides Exchange members with real-time clearing trade updates. The updates include the Member's clearing trade messages on a low latency, real-time basis. The trade messages are routed to a Member's connection containing certain information. The information includes, among other things, the following: (i) Trade date and time; (ii) symbol information; (iii) trade price/size information; (iv) Member type (for example, and without limitation, Market Maker, Electronic Exchange Member,

Broker-Dealer); (v) Exchange Member Participant Identifier ("MPID") for each side of the transaction, including Clearing Member MPID; and (vi) strategy specific information for complex transactions. CTD Port Fees will be assessed in any month the Member is credentialed to use the CTD Port in the production environment. See Fee Schedule, Section 5)d)iii.

¹⁵ The FIX Drop Copy Port ("FXD") is a messaging interface that will provide a copy of real-

time trade execution, trade correction and trade cancellation information for simple and complex orders to FIX Drop Copy Port users who subscribe to the service. FIX Drop Copy Port users are those users who are designated by an EEM to receive the information and the information is restricted for use by the EEM only. FXD Port Fees will be assessed in any month the Member is credentialed to use the FXD Port in the production environment. See Fee Schedule, Section 5)d)iv.

Market Makers to connect to MIAx through the MEI Port such that they will be able to trade in MIAx Proprietary Products. Even though the Exchange is proposing to extend the waiver of this particular fee for Market Makers trading solely in Proprietary Products until December 31, 2020, the overall structure of the fee is outlined in the Fee Schedule so that there is general awareness that the Exchange intends to assess such a fee after December 31, 2020.

The Exchange notes that for the purposes of this proposed change, other Market Makers who trade MIAx Proprietary Products (including options on SPIKES) along with multi-listed classes will continue to not have Proprietary Products (including SPIKES) counted toward those Market Makers' class assignment count or percentage of total national average daily volume. This exclusion is noted by the symbol "Ω" following the table that shows the monthly MEI Port Fees currently assessed for Market Makers in Section 5)d)ii) of the Fee Schedule.

The proposed extension of the fee waivers are targeted at market participants, particularly market makers, who are not currently members of MIAx, who may be interested in being a Market Maker in Proprietary Products on the Exchange. The Exchange estimates that there are fewer than ten (10) such market participants that could benefit from the extension of these fee waivers. The proposed extension of the fee waivers does not apply differently to different sizes of market participants, however the fee waivers do only apply to Market Makers (and not EEMs).

Market Makers, unlike other market participants, take on a number of obligations, including quoting obligations that other market participants do not have. Further, Market Makers have added market making and regulatory requirements, which normally do not apply to other market participants. For example, Market Makers have obligations to maintain continuous markets, engage in a course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market, and to not make bids or offers or enter into transactions that are inconsistent with a course of dealing. Accordingly, the Exchange believes it is reasonable and not unfairly discriminatory to continue to offer the fee waivers to Market Makers because the Exchange is seeking additional liquidity providers for Proprietary Products, in order to enhance liquidity and spreads in Proprietary Products,

which is traditionally provided by Market Makers, as opposed to EEMs.

2. Statutory Basis

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act¹⁶ in general, and furthers the objectives of Section 6(b)(4) of the Act¹⁷ in particular, in that it is an equitable allocation of reasonable fees and other charges among its members and issuers and other persons using its facilities. The Exchange also believes the proposal furthers the objectives of Section 6(b)(5) of the Act in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest and is not designed to permit unfair discrimination between customers, issuers, brokers and dealers.

The Exchange believes the proposed changes to reorganize certain sections of the Fee Schedule promotes just and equitable principles of trade and removes impediments to and perfects the mechanism of a free and open market and a national market system because the proposed changes make clarifying, non-substantive edits to the Fee Schedule. The Exchange believes that these proposed changes will provide greater clarity to Members and the public regarding the Exchange's Fee Schedule and that it is in the public interest for the Fee Schedule to be accurate and concise so as to eliminate the potential for confusion.

The Exchange believes that the proposal to extend the fee waiver period for certain non-transaction fees for Market Makers in Proprietary Products is an equitable allocation of reasonable fees because the proposal continues to waive non-transaction fees for a limited period of time in order to enable the Exchange to improve its overall competitiveness and strengthen its market quality for all market participants in MIAx's Proprietary Products, including options on SPIKES. The Exchange believes the proposed extension of the fee waivers is fair and equitable and not unreasonably discriminatory because it applies to all market participants not currently registered as Market Makers at the Exchange. Any market participant may choose to satisfy the additional requirements and obligations of being a Market Maker and trade solely in

Proprietary Products in order to qualify for the fee waivers.

The Exchange believes that the proposed extension of the fee waivers is equitable and not unfairly discriminatory for Market Makers as compared to EEMs because Market Makers, unlike other market participants, take on a number of obligations, including quoting obligations that other market participants do not have. Further, Market Makers have added market making and regulatory requirements, which normally do not apply to other market participants. For example, Market Makers have obligations to maintain continuous markets, engage in a course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market, and to not make bids or offers or enter into transactions that are inconsistent with a course of dealing.

The Exchange believes it is reasonable and equitable to continue to waive the one-time Membership Application Fee, monthly Trading Permit Fee, API Testing and Certification Fee, and monthly MEI Port Fee for Market Makers that trade solely in Proprietary Products (including options on SPIKES) until December 31, 2020, since the waiver of such fees provides incentives to interested market participants to trade in Proprietary Products. This should result in increasing potential order flow and liquidity in MIAx Proprietary Products, including options on SPIKES.

The Exchange believes it is reasonable and equitable to continue to waive the API Testing and Certification fee assessable to Market Makers that trade solely in Proprietary Products (including options on SPIKES) until December 31, 2020, since the waiver of such fees provides incentives to interested Members to develop and test their APIs sooner. Determining system operability with the Exchange's system will in turn provide MIAx with potential order flow and liquidity providers in Proprietary Products.

The Exchange believes it is reasonable, equitable and not unfairly discriminatory that Market Makers who trade in Proprietary Products along with multi-listed classes will continue to not have Proprietary Products counted toward those Market Makers' class assignment count or percentage of total national average daily volume for monthly Trading Permit Fees and monthly MEI Port Fees in order to incentivize existing Market Makers who currently trade in multi-listed classes to also trade in Proprietary Products,

¹⁶ 15 U.S.C. 78f(b).

¹⁷ 15 U.S.C. 78f(b)(4) and (5).

without incurring certain additional fees.

The Exchange believes that the proposed extension of the fee waivers constitutes an equitable allocation of reasonable fees and other charges among its members and issuers and other persons using its facilities. The proposed extension of the fee waivers means that all prospective market makers that wish to become Market Maker Members of the Exchange and quote solely in Proprietary Products may do so and have the above-mentioned fees waived until December 31, 2020. The proposed extension of the fee waivers will continue to not apply to potential EEMs because the Exchange is seeking to enhance the quality of its markets in Proprietary Products through introducing more competition among Market Makers in Proprietary Products. In order to increase the competition, the Exchange believes that it must continue to waive entry type fees for such Market Makers. EEMs do not provide the benefit of enhanced liquidity which is provided by Market Makers, therefore the Exchange believes it is reasonable and not unfairly discriminatory to continue to only offer the proposed fee waivers to Market Makers (and not EEMs). Further, the Exchange believes it is reasonable and not unfairly discriminatory to continue to exclude Proprietary Products from an existing Market Maker's permit fees and port fees, in order to incentive such Market Makers to quote in Proprietary Products. The amount of a Market Maker's permit and port fee is determined by the number of classes quoted and volume of the Market Maker. By excluding Proprietary Products from such fees, the Exchange is able to incentivize Market Makers to quote in Proprietary Products. EEMs do not pay permit and port fees based on the classes traded or volume, so the Exchange believes it is reasonable, equitable, and not unfairly discriminatory to only offer the exclusion to Market Makers (and not EEMs).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

Intra-Market Competition

The Exchange believes that the proposal to reorganize certain sections of the Fee Schedule does not impose any burden on intra-market competition that is not necessary or appropriate because this proposal is not competitive

in nature, but rather is designed to remedy minor non-substantive issues and provide added clarity to the Fee Schedule in order to avoid potential confusion on the part of market participants.

The Exchange believes that the proposal to extend certain of the non-transaction fee waivers until December 31, 2020 for Market Makers in Proprietary Products would increase intra-market competition by incentivizing new potential Market Makers to quote in Proprietary Products, which will enhance the quality of quoting and increase the volume of contracts in Proprietary Products traded on MIAx. To the extent that this purpose is achieved, all the Exchange's market participants should benefit from the improved market liquidity for the Exchange's Proprietary Products. Enhanced market quality and increased transaction volume in Proprietary Products that results from the anticipated increase in Market Maker activity on the Exchange will benefit all market participants and improve competition on the Exchange.

The Exchange does not believe that the proposed rule change will impose any burden on intra-market competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed changes for each separate type of market participant (new Market Makers and existing Market Makers) will be assessed equally to all such market participants. While different fees are assessed to different market participants in some circumstances, these different market participants have different obligations and different circumstances as discussed above. For example, Market Makers have quoting obligations that other market participants (such as EEMs) do not have.

Inter-Market Competition

The Exchange does not believe the proposal to reorganize certain sections of the Fee Schedule will impose any burden on inter-market competition as the proposal does not address any competitive issues and is intended to protect investors by providing further transparency regarding the Exchange's Fee Schedule.

The Exchange does not believe that the proposed rule change to extend the fee waiver for certain non-transaction fees will impose any burden on inter-market competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed extension of the fee waivers apply only to the Exchange's Proprietary Products (including options on SPIKES),

which are traded exclusively on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,¹⁸ and Rule 19b-4(f)(2)¹⁹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-MIAx-2020-32 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.
- All submissions should refer to File Number SR-MIAx-2020-32. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule

¹⁸ 15 U.S.C. 78s(b)(3)(A)(ii).

¹⁹ 17 CFR 240.19b-4(f)(2).

change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-MIAX-2020-32, and should be submitted on or before November 5, 2020.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

J. Matthew DeLesDernier,
Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Investment Company Act Release No. 34049; File No. 812-15159]

Snowflake, Inc.

October 9, 2020.

AGENCY: Securities and Exchange Commission ("Commission").

ACTION: Notice.

Notice of application for an order under Section 3(b)(2) of the Investment Company Act of 1940 ("Act").

Applicant: Snowflake, Inc. ("Snowflake").

Summary of Application: Applicant seeks an order under Section 3(b)(2) of the Act declaring it to be primarily engaged in a business other than that of investing, reinvesting, owning, holding or trading in securities. Applicant states that it is primarily engaged in the business of operating a cloud-based data platform.

Filing Dates: The application was filed on September 17, 2020 and amended on October 7, 2020.

Hearing or Notification of Hearing: An order granting the requested declaration will be issued unless the Commission orders a hearing. Interested persons may request a hearing by emailing the Commission's Secretary at *Secretary-Office@sec.gov* and serving Applicant with a copy of the request by email. Hearing requests should be received by the Commission by 5:30 p.m. on November 3, 2020 and should be accompanied by proof of service on Applicant, in the form of an affidavit or, for lawyers, a certificate of service. Pursuant to rule 0-5 under the Act, hearing requests should state the nature of the writer's interest, the reason for the request, and the issues contested. Persons who wish to be notified of a hearing may request notification by emailing the Commission's Secretary at *Secretaries-Office@sec.gov*.

ADDRESSES: The Commission: *Secretaries-Office@sec.gov*. Applicant: 450 Concar Drive, San Mateo, California 94402.

FOR FURTHER INFORMATION CONTACT: Rochelle Kauffman Plesset, Senior Counsel, or David J. Marcinkus, Branch Chief, at (202) 551-6825, (Division of Investment Management, Chief Counsel's Office).

SUPPLEMENTARY INFORMATION: The following is a summary of the application. The complete application may be obtained via the Commission's website by searching for the file number, or applicant using the Company name box, at <http://www.sec.gov/search/search.htm> or by calling (202) 551-8090.

Applicant's Representations

1. Applicant is a Delaware corporation that, directly and through its wholly-owned subsidiaries,¹ provides a cloud-based data platform ("Platform") that enables customers to consolidate data to drive business insights, build data-driven applications and share data.

2. Applicant states that its business operations necessitate the Applicant to generate and maintain significant amounts of liquid capital. Applicant states that the cloud computing industry is a capital-intensive industry that requires it to have readily available capital for ongoing operations and expenditures. Applicant also states that it needs to maintain substantial liquid capital to fund research and development activities; address

¹ Applicant states that while its business operations are primarily conducted through the parent level entity, Snowflake also maintains wholly-owned subsidiaries that complement and advance its overall business model.

fluctuations in results of its operations; and pursue potential strategic transactions, including acquisition of businesses, new technologies, services and other assets and strategic investments that complement its business.

3. Applicant states that it seeks to preserve its capital and maintain liquidity, pending the use of such capital to support its business operations, by investing in cash items, government securities, as well as in short-term investment grade and liquid fixed income and money market instruments that earn competitive market returns and provide a low level of credit risk ("Capital Preservation Investments"). Applicant states that it does not invest in securities for short-term speculative purposes.

Applicant's Legal Analysis

1. Applicant seeks an order under Section 3(b)(2) of the Act declaring that it is primarily engaged in a business other than that of investing, reinvesting, owning, holding, or trading in securities and therefore is not an investment company as defined in the Act.

2. Section 3(a)(1)(A) of the Act defines the term "investment company" to include an issuer that is or holds itself out as being engaged primarily, or proposes to engage primarily, in the business of investing, reinvesting or trading in securities. Section 3(a)(1)(C) of the Act further defines an investment company as an issuer that is engaged or proposes to engage in the business of investing, reinvesting, owning, holding or trading in securities, and owns or proposes to acquire investment securities having a value in excess of 40% of the value of the issuer's total assets (exclusive of Government securities and cash items) on an unconsolidated basis. Section 3(a)(2) of the Act defines "investment securities" to include all securities except Government securities, securities issued by employees' securities companies, and securities issued by majority-owned subsidiaries of the owner which (a) are not investment companies and (b) are not relying on the exclusions from the definition of investment company in Section 3(c)(1) or Section 3(c)(7) of the Act.

3. Applicant states that it does not hold itself out as being engaged primarily in the business of investing, reinvesting or trading in securities. Applicant states, however, that it maintains a significant amount of intangible assets, such as internally-generated intellectual property, that may not appear on its balance sheet. In addition, Applicant states that it
