

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90760; File No. SR-NYSEARCA-2020-112]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Effective Date in Commentary .10 Under NYSE Arca Rule 2.1210

December 21, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “Exchange Act”) ¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 15, 2020, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes a rule change to extend the effective date in Commentary .10 (Temporary Extension of the Limited Period for Registered Persons to Function as Principals) under NYSE Arca Rule 2.1210 (Registration Requirements) applicable to Equity Trading Permit (“ETP”) Holders, Options Trading Permit (“OTP”) Holders and OTP Firms, from December 31, 2020 to April 30, 2021. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the effective date in Commentary .10 (Temporary Extension of the Limited Period for Registered Persons to Function as Principals) under NYSE Arca Rule 2.1210 (Registration Requirements) applicable to ETP Holders, OTP Holders and OTP Firms (collectively, “Members”),³ from December 31, 2020 to April 30, 2021. The proposed rule change would extend the 120-day period that certain individuals can function as a principal without having successfully passed an appropriate qualification examination through April 30, 2021,⁴ and would apply only to those individuals who were designated to function as a principal prior to January 1, 2021. This proposed rule change is based on a filing recently submitted by the Financial Regulatory Authority, Inc. (“FINRA”) ⁵ and is intended to harmonize the Exchange’s registration rules with those of FINRA so as to

³ The term “ETP Holder” refers to a sole proprietorship, partnership, corporation, limited liability company or other organization in good standing that has been issued an ETP. An ETP Holder must be a registered broker or dealer pursuant to Section 15 of the Act. See Rule 1.1(o). The term “ETP” refers to an Equity Trading Permit issued by the Exchange for effecting approved securities transactions on the Exchange’s Trading Facilities. See Rule 1.1(n). The term “OTP Holder” refers to a natural person, in good standing, who has been issued an OTP. An OTP Holder must be a registered broker or dealer pursuant to Section 15 of the Act. Under the Exchange’s rules, an OTP Holder has the status as a “member” of the Exchange as that term is defined in Section 3 of the Act. See Rule 1.1(nn). The term “OTP” refers to an Options Trading Permit issued by the Exchange for effecting approved securities transactions on the Exchange’s Trading Facilities. See Rule 1.1(mm). The term “OTP Firm” refers to a sole proprietorship, partnership, corporation, limited liability company or other organization in good standing who holds an OTP or upon whom an individual OTP Holder has conferred trading privileges on the Exchange’s Trading Facilities pursuant to and in compliance with Exchange rules. An OTP Firm must be a registered broker or dealer pursuant to Section 15 of the Act. See Rule 1.1(oo).

⁴ If NYSE Arca seeks to provide additional temporary relief from the rule requirements identified in this proposed rule change beyond April 30, 2021, NYSE Arca will submit a separate rule filing to further extend the temporary extension of time.

⁵ See Exchange Act Release No. 90617 (December 9, 2020), 85 FR 81258 (December 15, 2020) (SR-FINRA-2020-043) (the “FINRA Filing”). The Exchange notes that the FINRA Filing also provides temporary relief to individuals registered with FINRA as Operations Professionals under FINRA Rule 1220. The Exchange does not have a registration category for Operations Professionals and therefore, the Exchange is not proposing to adopt that aspect of the FINRA Filing.

promote uniform standards across the securities industry.

The COVID-19 pandemic is an unpredictable, exogenous event that has resulted in unavoidable disruptions to the securities industry and impacted member firms, regulators, investors and other stakeholders. In response to COVID-19, earlier this year FINRA began providing temporary relief by way of frequently asked questions (“FAQs”) ⁶ to address disruptions to the administration of FINRA qualification examinations caused by the pandemic that have significantly limited the ability of individuals to sit for examinations due to Prometric test center capacity issues.⁷

FINRA published the first FAQ on March 20, 2020, providing that individuals who were designated to function as principals under FINRA Rule 1210.04 ⁸ prior to February 2, 2020, would be given until May 31, 2020, to pass the appropriate principal qualification examination.⁹ On May 19, 2020, FINRA extended the relief to pass the appropriate examination until June 30, 2020. On June 29, 2020, FINRA again extended the temporary relief providing that individuals who were designated to function as principals under FINRA Rule 1210.04 prior to May 4, 2020, would be given until August 31, 2020, to pass the appropriate principal qualification examination.

On September 25, 2020, NYSE Arca filed with the Commission a proposed rule change for immediate effectiveness to extend the temporary relief provided via the FAQ by adopting temporary Commentary .10 (Temporary Extension of the Limited Period for Registered Persons to Function as Principals) under NYSE Arca Rule 2.1210 (Registration Requirements).¹⁰ Pursuant to this rule

⁶ See <https://www.finra.org/rules-guidance/key-topics/covid-19/faq#qe>.

⁷ At the outset of the COVID-19 pandemic, all FINRA qualification examinations were administered at test centers operated by Prometric. Based on the health and welfare concerns resulting from COVID-19, in March Prometric closed all of its test centers in the United States and Canada and began to slowly reopen some of them at limited capacity in May. Currently, Prometric has resumed testing in many of its United States and Canada test centers, at either full or limited occupancy, based on local and government mandates.

⁸ NYSE Arca Rule 2.1210.03 is the corresponding rule to FINRA Rule 1210.04.

⁹ FINRA Rule 1210.04 (Requirements for Registered Persons Functioning as Principals for a Limited Period) allows a member firm to designate certain individuals to function in a principal capacity for 120 calendar days before having to pass an appropriate principal qualification examination. NYSE Arca Rule 2.1210.03 provides the same allowance to Members.

¹⁰ See Exchange Act Release No. 90113 (October 7, 2020), 85 FR 65110 (October 14, 2020) (Notice of Filing and Immediate Effectiveness of SR-NYSEARCA-2020-87).

filing, individuals who were designated prior to September 3, 2020, to function as a principal under NYSE Arca Rule 2.1210.10 have until December 31, 2020, to pass the appropriate qualification examination.

The COVID-19 conditions necessitating the extension of relief provided in the FAQ and SR-NYSEARCA-2020-87 persist and in fact appear to be worsening.¹¹ One of the impacts of COVID-19 continues to be serious interruptions in the administration of FINRA qualification examinations at Prometric test centers and the limited ability of individuals to sit for the examinations.¹² Although Prometric has been reopening its test centers, Prometric's safety practices mean that currently not all test centers are open, some of the open test centers are at limited capacity, and some open test centers are delivering only certain examinations that have been deemed essential by the local government.¹³ Furthermore, Prometric has had to close some reopened test centers due to incidents of COVID-19 cases. The initial nationwide closure in March along with the inability to fully reopen all Prometric test centers due to COVID-19 have led to a significant backlog of individuals who are waiting to sit for FINRA examinations that are not available online, including the General Securities Principal Exam (Series 24).¹⁴

In addition, firms are continuing to experience operational challenges with much of their personnel working from home due to shelter-in-place orders, restrictions on businesses and social activity imposed in various states, and adherence to other social distancing guidelines consistent with the recommendations of public health officials.¹⁵ As a result, firms continue to

face potentially significant disruptions to their normal business operations that may include a limitation of in-person activities and staff absenteeism as a result of the health and welfare concerns stemming from COVID-19. Such potential disruptions may be further exacerbated and may even affect client services if firms cannot continue to keep principal positions filled as they may have difficulty finding other qualified individuals to transition into these roles or may need to reallocate employee time and resources away from other critical responsibilities at the firm.

These ongoing, extenuating circumstances make it impracticable for Members to ensure that the individuals whom they have designated to function in a principal capacity, as set forth in NYSE Arca Rule 2.1210.03, are able to successfully sit for and pass an appropriate qualification examination within the 120-calendar day period required under the rule, or to find other qualified staff to fill this position. The ongoing circumstances also require individuals to be exposed to the health risks associated with taking an in-person examination, because the General Securities Principal examination is not available online. Therefore, NYSE Arca is proposing to extend the effective date of the temporary relief provided through SR-NYSEARCA-2020-87 until April 30, 2021. The proposed rule change would apply only to those individuals who were designated to function as a principal prior to January 1, 2021. Any individuals designated to function as a principal on or after January 1, 2021, would need to successfully pass an appropriate qualification examination within 120 days.

NYSE Arca believes that this proposed continued extension of time is tailored to address the needs and constraints on a Member's operations during the COVID-19 pandemic, without significantly compromising critical investor protection. The proposed extension of time will help to minimize the impact of COVID-19 on Members by providing continued flexibility so that Members can ensure that principal positions remain filled. The potential risks from the proposed extension of the 120-day period are mitigated by the Member's continued requirement to supervise the activities of these designated individuals and ensure compliance with federal securities laws and regulations, as well as NYSE Arca rules.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the

Act,¹⁶ in general, and furthers the objectives of Section 6(b)(5),¹⁷ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system and, in general, to protect investors and the public interest.

The proposed rule change is intended to minimize the impact of COVID-19 on Member operations by extending the 120-day period certain individuals may function as a principal without having successfully passed an appropriate qualification examination under NYSE Arca Rule 2.1210.03 until April 30, 2021. The proposed rule change does not relieve Members from maintaining, under the circumstances, a reasonably designed system to supervise the activities of their associated persons to achieve compliance with applicable securities laws and regulations, and with applicable NYSE Arca rules that directly serve investor protection. In a time when faced with unique challenges resulting from the COVID-19 pandemic, NYSE Arca believes that the proposed rule change is a sensible accommodation that will continue to afford Members the ability to ensure that critical positions are filled and client services maintained, while continuing to serve and promote the protection of investors and the public interest in this unique environment.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. As set forth in SR-NYSEARCA-2020-87, the proposed rule change is intended solely to extend temporary relief necessitated by the continued impacts of the COVID-19 pandemic and the related health and safety risks of conducting in-person activities. In its filing, FINRA notes that the proposed rule change is necessary to temporarily rebalance the attendant benefits and costs of the obligations under FINRA Rule 1210 in response to the impacts of the COVID-19 pandemic that would otherwise result if the temporary amendments were to expire

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁹ and Rule 19b-4(f)(6) thereunder.²⁰

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii), the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. As noted above, the Exchange stated that the proposed extension of time will help minimize the impact of the COVID-19 outbreak on Members' operations by allowing them to keep principal positions filled and minimizing disruptions to client services and other critical responsibilities. The Exchange further stated that the ongoing extenuating circumstances of the COVID-19 pandemic make it impractical to ensure that individuals designated to act in these capacities are able to take and pass the appropriate qualification examination during the 120-calendar day period required under the rules. The Exchange also explained that shelter-in-place orders, quarantining, restrictions on business and social activity and adherence to

social distancing guidelines consistent with the recommendations of public officials remain in place in various states.²¹ In addition, the Exchange observed that, following a nationwide closure of all test centers earlier in the year, some test centers have re-opened, but are operating at limited capacity or are only delivering certain examinations that have been deemed essential by the local government.²² Although, as the Exchange noted, FINRA has launched an online test delivery service to help address this backlog, the General Securities Principal (Series 24) Examination is not available online.²³ Nevertheless, the Exchange explained that the proposed rule change will provide needed flexibility to ensure that these positions remain filled and is tailored to address the constraints on Members' operations during the COVID-19 pandemic without significantly compromising critical investor protection.²⁴

The Commission observes that the Exchange's proposal, like the FINRA Filing, provides only an extension to temporary relief from the requirement to pass certain qualification examinations within the 120-day period in the rules. As proposed, this relief would extend the 120-day period that certain individuals can function as principals through April 30, 2021. If a further extension of temporary relief from the rule requirements identified in this proposal beyond April 30, 2021 is required, the Exchange noted that it may submit a separate rule filing to extend the effectiveness of the temporary relief under these rules.²⁵ For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest.²⁶ Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.²⁷

²¹ See *supra* note 15.

²² See *supra* notes 12 and 13. The Exchange states that Prometric has also had to close some reopened test centers due to incidents of COVID-19 cases.

²³ See *supra* note 14. FINRA is considering making additional qualification examinations available remotely on a limited basis.

²⁴ The Exchange states that Members remain subject to the continued requirement to supervise the activities of these designated individuals and ensure compliance with federal securities laws and regulations, as well as NYSE Arca rules.

²⁵ See *supra* note 4.

²⁶ As noted above by NYSE Arca, this proposal is an extension of temporary relief provided in a prior filing where NYSE Arca also requested and the Commission granted a waiver of the 30-day operative delay. See *supra* note 10, 85 FR at 65112.

²⁷ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule change's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SUPPLEMENTARY INFORMATION:

A. Background

At the direction of the President, the U.S. Trade Representative imposed additional duties on products of China in order to obtain the elimination of the unfair and damaging acts, policies, and practices identified in this investigation. These additional duties were imposed in four tranches. *See* 83 FR 28719 (June 20, 2018), 83 FR 40823 (August 16, 2018), 83 FR 47974 (September 21, 2018), as modified by 83 FR 49153 (September 28, 2018), and 84 FR 43304 (August 20, 2019), as modified by 84 FR 69447 and 85 FR 3741.

For each tranche, the U.S. Trade Representative established a process by which U.S. stakeholders could request the exclusion of particular products subject to the action. Additionally, the U.S. Trade Representative later established a process by which U.S. stakeholders could request the extension of particular exclusions.

Throughout the exclusion process, USTR assessed medical necessity in granting exclusions, consistent with its published criteria. In addition, the U.S.
