Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On June 9, 2021, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Massachusetts in the lawsuit entitled *United States of America v. City of Quincy, Massachusetts*, Civil Action No. 1:19–cv–10483–RGS.

The United States filed a Complaint against the City of Quincy, Massachusetts (“City”) on March 14, 2019, alleging violations of the Clean Water Act. The Complaint alleged that sewage in the City’s sanitary sewer system had leaked from the sanitary system and entered the separate storm sewer system, ultimately discharging with storm water into Quincy Bay and other receiving waters. The Complaint also alleged that the City’s sanitary sewer system had overflowed on numerous occasions, resulting in discharges of sewage. The Consent Decree calls for the City to implement a comprehensive and integrated program to investigate, repair, and rehabilitate its stormwater and sanitary sewer systems, with all investigations and remedial work completed by December 31, 2034. The City will also pay a \$115,000 penalty.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. City of Quincy*, D.J. Ref. No. 90–5–1–1–11446. All comments must be submitted no later than thirty (30) days after the publication date of this notice.

Comments may be submitted either by email or by mail:

DEPARTMENT OF LABOR

Employment and Training Administration

Employment and Training Administration (ETA) Program Year (PY) 2021; Workforce Innovation and Opportunity Act (WIOA) Section 167, National Farmworker Jobs Program (NFJP) Grantee Allotments

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: This Notice announces Program Year (PY) 2021 allotments to States for the National Farmworker Jobs Program (NFJP), which is authorized under the Workforce Innovation and Opportunity Act (WIOA), Section 167. These allotments are based on the funds appropriated in the Consolidated Appropriations Act, 2021 (from this point forward will be referred to as the “the Act”).

DATES: The PY 2021 NFJP allotments become effective for the grant period that begins July 1, 2021.

ADDRESSES: Questions on this notice can be submitted to the Employment and Training Administration, Office of Workforce Investment, Attention at: NFJP@dol.gov.

SUPPLEMENTARY INFORMATION: This notice is published according to Section 182(d) of the WIOA, Prompt Allotment of Funds. ETA developed the formula to distribute funds geographically by state service area, based on each state service area’s relative share of persons eligible for the program. The formula’s original

methodology is described in the **Federal Register** notice 64 FR 27390, May 19, 1999. That information is accessible at <https://www.federalregister.gov/>. In PY 2018, ETA incorporated two modifications to the allotment formula to provide more accurate estimates of each state service area’s relative share of persons eligible for the program. The formula also used updated data from each of the four data files serving as the basis of the formula since 1999. The revised formula methodology is described in the **Federal Register** notice 83 FR 32151, July 11, 2018.

Two modifications were incorporated into the formula for PY 2021. These modifications improve the formula’s accuracy in terms of estimating the true NFJP-eligible population in state service areas, and one of the modifications is necessitated by a recent statutory change to the NFJP eligibility criteria, which Congress enacted in the FY 2021 appropriation. Section II includes further explanation of these modifications.

This notice represents the final of a two-stage process. ETA published a notice requesting public comments on May 10, 2021, regarding the formula methodology and modifications. Additionally, ETA hosted a webinar on May 5, 2021, to share the preliminary allotments, explained the data sources, and encourage response to the notice published shortly thereafter. ETA did not receive any comments through the public comment process. In this final stage, ETA is publishing the final formula and final allotment levels.

I. Background

The Department is announcing the final PY 2021 allotments for the National Farmworker Jobs Program (NFJP). This notice provides information on the amount of funds available during PY 2021 to state service areas awarded grants through Funding Opportunity Announcements FOA–ETA–20–08 and FOA–ETA–20–08–A for the NFJP Career Services and Training grants and Housing grants. Funds to implement NFJP are appropriated in the Act. In appropriating these funds, Congress provided \$87,083,000 for formula grants (of which \$86,946,000 was allotted after \$137,000 was set aside for program integrity), \$6,256,000 for migrant and seasonal farmworker housing (of which not less than 70 percent shall be for permanent housing), and another \$557,000 for discretionary purposes. Included below is the table listing the PY 2021 allotments for the NFJP Career Services and Training grants. Individual grants are awarded for Housing as a result of the grants

competition and are further distributed according to language in the appropriations law requiring that of the total amount available, not less than 70 percent shall be allocated to permanent housing activities, leaving not more than 30 percent to temporary housing activities.

II. Description of Data Files and Review of PY 2021 Modifications to the Allotment Formula

As with all state planning estimates since 1999, the PY 2021 estimates are based on four data sources: (1) State-level, 2017 hired farm labor expenditure data from the United States Department of Agriculture’s (USDA) Census of Agriculture (COA); (2) regional-level, 2017 average hourly earnings data from the USDA’s Farm Labor Survey; (3) regional-level, 2010–2018 demographic data from the ETA’s National Agricultural Workers Survey (NAWS); and, (4) 2015–2019 (5-year file) data from the United States Census Bureau’s American Community Survey (ACS). A detailed description of how each data source is used within the formula is in the **Federal Register** notice 64 FR 27390, May 19, 1999). In addition to populating the formula with updated data, ETA incorporated two modifications that will improve the formula’s accuracy in terms of estimating the true NFJP-eligible population in state service areas. One of the modifications is necessitated by the change to the NFJP eligibility criteria applicable to the PY 2021 appropriation.

(1) First, the Act expands program eligibility for grants funded by the PY 2021 appropriation to include farmworkers who are in families with total family incomes at or below 150 percent of the poverty line. Therefore, the PY 2021 allocations used special tabulations of data from the ACS and the NAWS to estimate the share of farmworkers with total family incomes at or below 150 percent of the poverty line. ETA will subsequently revise the PY 2022 guidance regarding the definition of “low-income individual,” as needed if the same provision is not included in subsequent appropriations.

(2) Second, and to more closely align the formula with the definition of eligible migrant and seasonal farmworker under WIOA Section 167(i) and 20 CFR 685.110 and clarified in the Training and Employment Guidance Letter 18–16, ETA modified how the formula accounts for crop workers who are primarily employed in agriculture. This formula considers a crop worker to be primarily employed in agriculture if at least 50 percent of their total individual income is from farm work or
