I. Background

On October 21, 2003 (68 FR 60178), HUD published a NOFA announcing the availability of \$574 in FY2003 funds for the HOPE VI Program. Of this amount, approximately \$447.8 million was made available for the HOPE VI Revitalization Program and \$40 million for the HOPE VI Demolition Program. The remaining funds were made available for other purposes including Neighborhood Networks, technical assistance and Housing Choice Voucher Assistance.

Two technical corrections were subsequently published for the October 21, 2003, NOFA. The first was published on October 24, 2003 (68 FR 61044), and corrected two typographical errors contained in the NOFA concerning application due dates. The second technical correction, which was published on December 9, 2003 (68 FR 68644), notified applicants of the government-wide requirement that all applicants for Federal grants and cooperative agreements must provide a Dun and Bradstreet Data Universal Numbering System (DUNS) number with their applications, and also made several other corrections to the NOFA.

HUD will award the additional FY2003 funds in accordance with the application and submission requirements contained in the October 21, 2003, NOFA, as corrected by the December 9, 2003, technical correction. Applicants must refer to the October 21, 2003, NOFA and the December 9, 2003, technical correction for information regarding application submission procedures, application thresholds, application and grant limitations, the application selection process, post award requirements, and other requirements applicable to the HOPE VI Demolition Program.
