SUPPLEMENTARY INFORMATION: Energy Answers Arecibo, LLC proposes to a construct a waste to energy generation and resource recovery facility in the Cambalache Ward of Arecibo, Puerto Rico. The proposed facility would process approximately 2100 tons of municipal waste per day and generate a net capacity of 77 megawatts (MW). The Puerto Rico Electric Power Authority will purchase power generated from the facility. The preferred location of the facility is the site of a former paper mill and would cover approximately 79.6 acres of the 90-acre parcel. The proposal would include the following facility components: A municipal solid waste receiving and processing building; processed refuse fuel storage building; boiler and steam turbine; emission control system; ash processing and storage building; and other associated infrastructure and buildings. Two other connected actions, which would be constructed by other utilities, include installation of an approximately 2.0-mile raw water line and construction of a 38 kilovolt (kV) transmission line approximately 0.8 miles in length. The connected actions will be addressed in the proposal's SFEIS.

The Puerto Rico Industrial Development Company (PRIDCO) served as lead agency in preparation of a Final EIS prepared under Puerto Rico Article 4(b)(3), Law No. 46 (September 22, 2004), Environmental Public Policy Law. In accordance with 7 CFR 1794.74, RUS will incorporate by reference the environmental document prepared by PRIDCO into RUS's SFEIS.

Among the alternatives that RUS will address in the SFEIS is the No Action alternative, under which the proposal would not be undertaken. In the SFEIS, the effects of the proposal will be compared to the existing conditions in the proposal area. Public health and safety, environmental impacts, and engineering aspects of the proposal will be considered in the SFEIS.

RUS is the lead Federal agency, as defined at 40 CFR 1501.5, for preparation of the SFEIS. With this Notice, federally recognized Native American Tribes and Federal agencies with jurisdiction or special expertise are invited to be cooperating agencies. Such tribes or agencies may make a request to RUS to be a cooperating agency by contacting the RUS contact provided in this Notice. Designated cooperating agencies have certain responsibilities to

support the NEPA process, as specified at 40 CFR 1501.6(b).

As part of its broad environmental review process, RUS must take into account the effect of the proposal on historic properties in accordance with Section 106 of the National Historic Preservation Act (Section 106) and its implementing regulation, "Protection of Historic Properties" (36 CFR part 800). Pursuant to 36 CFR 800.2(d)(3), RUS is using its procedures for public involvement under NEPA to meet its responsibilities to solicit and consider the views of the public during Section 106 review. Accordingly, comments submitted in response to this Notice will inform RUS decision-making in its Section 106 review process. Any party wishing to participate more directly with RUS as a "consulting party" in Section 106 review may submit a written request to the RUS contact provided in this Notice.

As applicable, the SFEIS will document changes in the affected environment and environmental consequences that may have occurred since the PRIDCO-prepared Final EIS was published in 2010. The PRIDCO-prepared Final EIS will be available for review at the addresses provided in this Notice in both Spanish and English. RUS' SFEIS will incorporate this document by reference and focus on those topics that have changed since the PRIDCO-prepared Final EIS was finalized. RUS's SFEIS will be available for review and comment for 30 days. Following the 30-day review period, RUS will prepare a Record of Decision (ROD). Notices announcing the availability of the SFEIS and the ROD will be published in the **Federal Register** and in local newspapers.

Any final action by RUS related to the proposal will be subject to, and contingent upon, compliance with all relevant executive orders and federal, state, and local environmental laws and regulations in addition to the completion of the environmental review requirements as prescribed in RUS's Environmental Policies and Procedures, 7 CFR Part 1794, as amended.

business units' privacy and enhance public participation and awareness of Census programs and surveys, and make data products more useful and accessible.

The Committee advises on topics such as: hidden households, language barriers, students and youth, aging populations, American Indian and Alaska Native tribal considerations, new immigrant populations, populations affected by natural disasters, highly mobile and migrant populations, complex households, poverty populations, race/ethnic minorities, rural populations and population segments with limited access to technology. The Advisory Committee discusses census policies, research and methodology, tests, operations, communications/messaging and other activities and advises regarding best practices to improve censuses, surveys, operations and programs. The Committee's expertise and experiences help identify cost efficient ways to increase participation among hard to count segments of the population as well as ensuring that the Census Bureau's statistical programs are inclusive and continue to provide the Nation with accurate, relevant, and timely statistics.

The Committee uses formal advisory committee meetings, webinars, web conferences, working groups, and other methods to accomplish its goals, consistent with the requirements of the FACA. The Committee is encouraged to use Census Regional Office knowledge to help identify regional, local, tribal and grass roots issues, and capture regional and local perspectives about Census Bureau surveys and programs. The Committee should use technology and video/web conferencing to reduce meeting and travel costs, and to more fully engage local and regional working groups and hard to count populations.

The Committee functions solely as an advisory body under the FACA.

SGEs will be subject to the ethical standards applicable to SGEs. Members will be individually advised of the capacity in which they will serve through their appointment letters.

Membership is open to persons who are not seated on other Census Bureau stakeholder entities (i.e., State Data Centers, Census Information Centers, Federal State Cooperative on Populations Estimates program, other Census Advisory Committees, etc.). No employee of the federal government can serve as a member of the Advisory Committee.

Generally, members will serve for a three-year term. All members will be reevaluated at the conclusion of each term with the prospect of renewal, pending advisory committee needs. Active attendance and participation in meetings and activities (e.g., conference calls and assignments) will be considered when determining term renewal or membership continuance. Generally, members may be appointed for a second three-year term at the discretion of the Director.

Members are selected in accordance with applicable Department of Commerce guidelines.

Miscellaneous

Members of the Advisory Committee serve without compensation, but receive reimbursement for committee-related travel and lodging expenses.
