Abstract: The Higher Education Opportunity Act of 2008 (HEOA) amended Title III, Part A of the Higher Education Act to include Section 318—The Predominantly Black Institutions (PBI) Program. Unlike the previous PBI Program (authorized by the College Cost Reduction and Access Act of 2007), which was competitive and focused on programs in the science, technology, engineering and mathematics (STEM) fields, the PBI program authorized under the HEOA is an institutional aid program and grants are based on a formula rather than being competitive. All institutions who qualify as PBIs and submit the required materials will receive a portion of the total appropriation based on a formula. The PBI Program makes grant awards to eligible colleges and universities to plan, develop, undertake and implement programs to enhance the institution's capacity to serve more low- and middle-income Black American

students; to expand higher education opportunities for eligible students by encouraging college preparation and student persistence in secondary school and postsecondary education; and to strengthen the financial ability of the institution to serve the academic needs of these students. Allowable activities are numerous and include academic instruction, teacher education, faculty development, equipment purchase, construction and maintenance, and tutoring and counseling services. This information collection is necessary to comply with Section 318 of Title III, Part A of the HEA as amended.

¹ The comment must be accompanied by an explicit request for confidential treatment, including the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. The request will be granted or denied by the Commission's General Counsel, consistent with applicable law and the public interest. See FTC Rule 4.9(c), 16 CFR 4.9(c).

The Federal Trade Commission Act ("FTC Act") and other laws the Commission administers permit the collection of public comments to consider and use in this proceeding as appropriate. The Commission will consider all timely and responsive public comments that it receives, whether filed in paper or electronic form. Comments received will be available to the public on the FTC website, to the extent practicable, at (<http://www.ftc.gov/os/publiccomments.shtml>). As a matter of discretion, the Commission makes every effort to remove home contact information for individuals from the public comments it receives before placing those comments on the FTC website.
