Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals: Edmund S. Muskie Graduate Fellowship Program

Announcement Type: New Cooperative Agreement.

Funding Opportunity Number: ECA/A/E/EUR 11-01.

Catalog of Federal Domestic Assistance Number: 19.011

Key Dates:

Application Deadline: June 23, 2010.

Executive Summary:

The Muskie Program selects outstanding citizens from Armenia, Azerbaijan, Belarus, Georgia, Kazakhstan, Kyrgyzstan, Moldova, Russia, Ukraine, Uzbekistan, Tajikistan and Turkmenistan (herein referred to as Eurasia) to receive fellowships for Master's level study in the United States in the fields of business administration, economics, law, public administration, and public policy. Candidates from countries other than Russia and Ukraine will be also considered in additional fields of education, environmental management, international affairs, library and information science, journalism/mass communications, and public health per guidelines outlined in the Project Objectives, Goals, and Implementation (POGI) document. Muskie Program fellows will be enrolled in graduate degree, certificate, and non-degree programs lasting one to two academic years. Funding should support a minimum of 140 fellows for Master's level fellowships under the FY 2011 program. Every effort should be made to maximize the number of awards granted.

I. Funding Opportunity Description

Authority

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of

the world." The funding authority for the program above is provided through legislation.

Purpose

The Muskie Program is designed to promote mutual understanding, build democracy and foster the transition to market economies in Eurasia through intensive academic study and professional training. The academic component of the program will begin in the fall semester of academic year 2011-2012. Fellows may participate in a nine, twelve, eighteen, or twenty-four month academic program leading to a Master's degree. Fellows also take part in an eight to twelve week internship during the summer following the first academic year, with an option for a second internship following the second year of study. At the end of their designated academic and/or internship programs, fellows are required to return immediately to their home countries.

Applicant organizations must demonstrate the ability to administer all aspects of the Muskie Program—recruitment, selection, university placements, orientation, monitoring and support of FY 2011 fellows including all logistics, financial management, evaluation, follow-on, and alumni. Applicant organizations must demonstrate the ability to recruit and select a diverse pool of candidates from various geographic regions in Eurasia. The cooperating organization will serve as the principal liaison with Muskie Program host institutions for the Bureau. Further details on specific program responsibilities can be found in the Project Objectives, Goals, and Implementation (POGI), which is part of the formal solicitation package. Interested organizations should read the entire **Federal Register** announcement for all information prior to preparing proposals.

The Bureau will award one cooperative agreement for this program. Should an applicant organization wish to work with other organizations in the implementation of this program, the Bureau requests that a sub-award agreement be developed. The same requirements apply to the sub-recipient as to the recipient organization.

In a cooperative agreement, the Office of Academic Exchange Programs, European and Eurasian Branch (ECA/E/E/EUR) is substantially involved in program activities above and beyond routine grant monitoring. ECA/A/E/EUR activities and responsibilities for this program are as follows:

1. Participating in the design and direction of program activities;
2. Approval of key personnel;

3. Approval and input for all program agendas and timelines;
4. Providing guidance in execution of all project components;
5. Monitoring the target goal for number of Participants and expenditure of funds toward meeting that goal;
6. Providing guidance on content and speakers for workshops;
7. Assisting with SEVIS-related issues;
8. Assisting with participant emergencies;
9. Providing background information related to participants' home countries and cultures;
10. Providing liaison with Public Affairs Sections of the U.S. Embassies and country desk officers at the State Department;

III. Eligibility Information

III.1. Eligible Applicants

Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3).

III.2. Cost Sharing or Matching Funds: There is no minimum or maximum percentage required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect

costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart C.23—Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

III.3. Other Eligibility Requirements

(a) Bureau grant guidelines require that organizations with less than four years experience in conducting international exchanges be limited to \$60,000 in Bureau funding. ECA anticipates making one award, in an amount up to \$8,500,000 to support program and administrative costs required to implement this exchange program. Therefore, organizations with less than four years experience in conducting international exchanges are ineligible to apply under this competition. The Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

"Application Deadline and Methods of Submission" section below.

IV.3a. You are required to have a Dun and Bradstreet Data Universal Numbering System (DUNS) number to apply for a grant or cooperative agreement from the U.S. Government. Please ensure that your DUNS number is included in the appropriate box of the SF-424 which is part of the formal application package.

IV.3b. All proposals must contain an executive summary, proposal narrative and budget.

Please Refer to the Solicitation Package. It contains the mandatory Proposal Submission Instructions (PSI) document and the Project Objectives, Goals and Implementation (POGI) document for additional formatting and technical requirements.

IV.3c. You must have nonprofit status with the IRS at the time of application.

Please note: Effective January 7, 2009, all applicants for ECA federal assistance awards must include in their application the names of directors and/or senior executives (current officers, trustees, and key employees, regardless of amount of compensation). In fulfilling this requirement, applicants must submit information in one of the following ways:

(2) Those who do not file IRS Form 990 must submit information above in the format of their choice.

As part of the final program reporting requirements, award recipients will also be required to submit a one-page document, derived from their program reports, listing and describing their grant activities. For award recipients, the names of directors and/or senior executives (current officers, trustees, and key employees), as well as the one-page description of grant activities, will be transmitted by the State Department to OMB, along with other information required by the Federal Funding Accountability and Transparency Act (FFATA), and will be made available to the public by the Office of Management and Budget on its USASpending.gov Web site as part of ECA's FFATA reporting requirements.

If your organization is a private nonprofit which has not received a grant or cooperative agreement from ECA in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause your proposal to be declared technically ineligible.

IV.3d. Please take into consideration the following information when preparing your proposal narrative:

IV.3d.1 Adherence to All Regulations Governing the J Visa

The Bureau of Educational and Cultural Affairs places critically important emphases on the security and proper administration of the Exchange Visitor (J visa) Programs and adherence by award recipients and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the administration of the Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements. The award recipient will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://exchanges.state.gov> or from: United States Department of State, Office of Exchange Coordination and Designation, Office of Designation, ECA/EC/D, SA-5, Floor C2, Department of State, Washington, DC 20522-0582.

Please refer to Solicitation Package for further information:

IV.3d.2. Diversity, Freedom and Democracy Guidelines

Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socioeconomic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the 'Support for Diversity' section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.3d.3. Program Monitoring and Evaluation

Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a

description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP.

Your monitoring and evaluation plan should clearly distinguish between program *outputs* and *outcomes*. *Outputs* are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted.

Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. *Participant satisfaction* with the program and exchange experience.
2. *Participant learning*, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. *Participant behavior*, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. *Institutional changes*, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it (1) specifies intended outcomes; (2) gives clear descriptions of how each outcome will

be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (*i.e.*, surveys, interviews, or focus groups). (**Please note** that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.3e. Please take the following information into consideration when preparing your budget:

IV.3e.1. Applicants must submit SF-424A—"Budget Information—Non-Construction Programs" along with a comprehensive budget for the entire program. Budget requests may not exceed \$8,500,000. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification. A comprehensive narrative must accompany the budget, clearly explaining all proposed costs (staff salaries and time on task must be supported by appropriate documentation and certified as true and accurate representations of actual costs and percentage of task).

The Bureau encourages applicant organizations to provide maximum levels of cost sharing and funding from private sources in support of its programs.

IV.3e.2. Allowable costs for the program include the following:

- (1) Recruitment and selection.
- (2) Participant costs, *e.g.* international travel, orientations, pre-academic English, tuition, maintenance.
- (3) Domestic and overseas administration.

Please refer to the Solicitation Package for complete budget guidelines and formatting instructions:
