The public record for these reviews may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On June 24, 2005, the Department of Commerce issued antidumping duty orders on imports of chlorinated isocyanurates from China and Spain (70 FR 36561-36563). The Commission is conducting reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Countries* in these reviews are China and Spain.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the

Subject Merchandise. In its original determinations, the Commission defined the *Domestic Like Product* as all chlorinated isocyanurates, coextensive with Commerce's scope of investigation.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the *Domestic Industry* as all domestic integrated producers of chlorinated isocyanurates, as well as all domestic tabletters of chlorinated isocyanurates. Certain Commissioners defined the *Domestic Industry* differently.

(5) The *Order Date* is the date that the antidumping duty orders under review became effective. In these reviews, the *Order Date* is June 24, 2005.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the reviews and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the reviews as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the reviews.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation. The Commission's designated agency ethics official has advised that a five-year review is not considered the "same particular matter" as the corresponding underlying original investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 73 FR 24609 (May 5, 2008). This advice was developed in consultation with the Office of Government Ethics. Consequently, former employees are not required to seek Commission approval to appear in a review under Commission

rule 19 CFR 201.15, even if the corresponding underlying original investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202–205–3088.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in these reviews available to authorized applicants under the APO issued in the reviews, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the reviews. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification.—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with these reviews must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written submissions.—Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is June 2, 2010. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct expedited or full reviews. The deadline for filing such comments is July 16, 2010. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's

rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002). Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the reviews you do not need to serve your response).

Inability to provide requested information.—Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determinations in the reviews.

NUCLEAR REGULATORY COMMISSION

[NRC-2008-0520; Docket Nos. 52-025 and 52-026]

Southern Nuclear Operating Company, et al.: Supplementary Notice of Hearing and Opportunity To Petition for Leave To Intervene on a Combined License Application for the Vogtle Electric Generating Plant Units 3 and 4

AGENCY: U.S. Nuclear Regulatory Commission.

ACTION: Supplementary notice of hearing and opportunity to petition for leave to intervene.

DATES: Petitions for leave to intervene must be filed by July 2, 2010.

I. Introduction

This proceeding concerns the application dated March 28, 2008, filed by Southern Nuclear Operating Company (SNC, the Applicant), acting on behalf of itself and Georgia Power Company, Oglethorpe Power Corporation (an Electric Membership Corporation), Municipal Electric Authority of Georgia, and the City of Dalton, Georgia, an incorporated municipality in the State of Georgia acting by and through its Board of Water, Light and Sinking Fund Commissioners (Dalton Utilities), pursuant to Subpart C of 10 CFR part 52 for a combined license (COL). The application was accepted for docketing on May 30, 2008. The docket numbers established for this application are 52-025 and 52-026.

The application requests approval of a COL for Vogtle Electric Generating Plant (Vogtle) Units 3 and 4, located in Burke County, Georgia. The Vogtle COL application incorporates by reference the Westinghouse AP1000 design certified in Appendix D to 10 CFR part 52, and the application to amend that certified design. The AP1000 amendment application is the subject of an ongoing rulemaking under docket number 52-006. The Vogtle COL application also references an Early Site Permit (ESP) that was the subject of an adjudicatory proceeding under docket number 52-011. That ESP application also included a request for a limited work authorization (LWA) to engage in selected construction activities as defined by 10 CFR 50.10. The Final Environment Impact Statement for the ESP was published on August 22, 2008. The ESP and accompanying LWA was issued on August 26, 2009.

On September 16, 2008, a notice of hearing and opportunity for leave to intervene was published by the United

States Nuclear Regulatory Commission (NRC, the Commission) in the **Federal Register** (73 FR 53446) in this proceeding. That notice specified that a hearing to consider the COL application would be held at a time and place to be set in the future by the Commission or designated by the Atomic Safety and Licensing Board (Board). The notice also provided an opportunity for persons whose interest might be affected by the proceeding to petition for leave to intervene.

On October 2, 2009, SNC submitted to the NRC a supplement to its COL application requesting an LWA to engage in selected construction activities as defined by 10 CFR 50.10. As described by SNC, these activities would generally involve the "installation of reinforcing steel, sumps, and drain lines and other embedded items in the Nuclear Island (NI) foundation base slab and placement of concrete for the NI foundation base slab." SNC provided additional information in support of its LWA request by letters dated February 5, 2010 and March 11, 2010. In light of the request for this additional authorization, the Commission herein docketed the LWA request and supplements its original notice of hearing of September 16, 2008, as follows:

The NRC staff will complete a detailed technical review of the COL application, including the LWA supplement requesting authority to perform selected construction activities as defined by 10 CFR 50.10, and will document its findings in a safety evaluation report (SER) and a supplement to the Vogtle ESP environmental impact statement (EIS). In addition, the Commission will refer a copy of the application to the Advisory Committee on Reactor Safeguards (ACRS) in accordance with 10 CFR 52.87, and the ACRS will report on those portions of the application that concern safety.

II. Petitions for Leave To Intervene

Requirements for petitions for leave to intervene are found in 10 CFR 2.309, "Hearing requests, Petitions to Intervene, Requirements for Standing, and Contentions." Interested persons should consult 10 CFR part 2, section 2.309, which is available at the NRC's Public Document Room (PDR), located at O1 F21, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852 (or call the PDR at (800) 397-4209 or (301) 415-4737). NRC regulations are also accessible electronically from the NRC's Electronic Reading Room on the NRC Web site at <http://www.nrc.gov>.
