Grant Programs

U.S. Small Grants Program

The Small Grants Program is a competitive matching grants program that supports public-private partnerships carrying out projects in the United States that further the goals of NAWCA. These projects must involve long-term protection, restoration, and/or enhancement of wetlands and associated uplands habitats for the benefit of all wetlands-associated migratory birds. This program supports the same type of projects and adheres to the same selection criteria and administrative guidelines as the U.S. Standard Grants Program. However, project activities are usually smaller in scope and involve fewer project dollars. Grant requests may not exceed \$75,000, and funding priority is given to grantees or partners new to the NAWCA Grants Program.

The Canada Standard Grants Program is a matching grants program that supports public-private partnerships carrying out wetlands conservation projects in Canada. Their projects contribute to a comprehensive, programmatic approach towards furthering the goals of NAWCA. Project activities involve the long-term conservation of wetlands and associated upland habitats for the benefit of waterfowl and all wetland-associated migratory birds.

Project proposal due dates, application instructions, and eligibility requirements are available on the NAWCA Web site at <http://www.fws.gov/birdhabitat/Grants/NAWCA>.
