Equal opportunity practices regarding membership appointments to the Committee will be aligned with HHS policies. To the extent possible, HHS will ensure the Committee membership is balanced in expertise, experience, education, and institutional affiliation.

Nominees with no professional affiliation may submit an optional letter of recommendation.

The curriculum vitae should include the following information: (a) education; (b) experience (current and former); (c) affiliations; (d) current memberships (expert panels, committees, or other relevant groups, including positions held); (e) any peer-reviewed publications (for past 5 years); (f) any oral presentations (for past 5 years); (g) editorials, opinion pieces, and blogs (for past 5 years); (h) grants, contracts, or research funding (for past 15 years); (i) name of any corporation, professional society, association, panel, company, firm, government agency (Federal, State, and local), research organization, educational institution, committee, or other organization or institution (government, private, and not-for-profit; domestic and foreign) in which the nominee's services have been, will be, or are expected to be provided, with or without compensation, including on a part-time or seasonal basis as an officer, medical staff, board member, owner,

trustee, director, expert advisor, consultant (paid or unpaid), official spokesperson, member of speakers bureau, or expert witness (for past 5 years and upcoming); (j) other paid travel or honoraria received, not included above (for past 5 years). If the nominee does not have anything to report for the sections, indicate "none." Web links to publications, presentations, and other materials available online are requested, when available.

Where prohibited by Federal law or regulations, nominations will not be accepted directly from HHS research and promotion boards. Self-nominations and nominations by members of research and promotion boards in their individual capacity will be considered.
