

222 West 7th Avenue, No. 13,  
Anchorage, Alaska 99513-7504.

**FOR FURTHER INFORMATION CONTACT:**  
Ramona Chinn, BLM Alaska State  
Office, 907-271-3806 or at the address  
listed above.

**SUPPLEMENTARY INFORMATION:** The  
withdrawal created by PLO No. 6892 (56  
FR 52210 (1991)), will expire on  
October 17, 2011, unless extended. The  
USDA Forest Service has filed an  
application to extend the withdrawal for  
an additional 20-year period to protect  
the recreational values of the Sixmile  
Creek Recreation Area.

This withdrawal comprises  
approximately 473 acres of National  
Forest System land located in the  
Chugach National Forest, within Tps. 7  
and 8 N., R. 1 E., and Tps. 8 and 9 N.,  
R. 1 W., Seward Meridian, Alaska, as  
described in PLO No. 6892.

A complete description, along with all  
other records pertaining to the extension  
application, can be examined in the  
BLM Alaska State Office at the address  
listed above.

As extended, the withdrawal would  
not alter the applicability of those  
public land laws governing the use of  
land under lease, license, or permit or  
governing the disposal of the mineral or  
vegetative resources other than under  
the mining laws.

The use of a right-of-way or  
interagency or cooperative agreement  
would not adequately protect the  
recreational values of the Sixmile Creek  
Recreation Area.

There are no suitable alternative sites  
available that could be substituted for  
the above described National Forest  
system land, since the Sixmile Creek  
Recreation Area is unique.

No water rights would be needed to  
fulfill the purpose of the requested  
withdrawal extension.

For a period of 90 days from the date  
of publication of this notice, all persons  
who wish to submit comments,  
suggestions, or objections in connection  
with the proposed withdrawal extension  
may present their views in writing to  
the BLM Alaska State Director at the  
address listed above. Before including  
your address, phone number, e-mail  
address, or other personal identifying  
information in your comment, you  
should be aware that your entire  
comment—including your personal  
identifying information—may be made  
publicly available at any time. While  
you can ask us in your comment to  
withhold your personal identifying  
information from public review, we  
cannot guarantee that we will be able to  
do so. Individual respondents may  
request confidentiality. If you wish to

withhold your name or address from  
public review or from disclosure under  
the Freedom of Information Act, you  
must state this prominently at the  
beginning of your comments. Such  
requests will be honored to the extent  
allowed by law. All submissions from  
organizations or businesses, and from  
individuals identifying themselves as  
representatives or officials of  
organizations or businesses, will be  
made available for public inspection in  
their entirety.

Notice is hereby given that an  
opportunity for a public meeting is  
afforded in connection with the  
proposed withdrawal extension. All  
interested parties who desire a public  
meeting for the purpose of being heard  
on the proposed withdrawal must  
submit a written request to the BLM  
Alaska State Director to the address  
listed above within 90 days from the  
date of publication of this notice. Upon  
determination by the authorized officer  
that a public meeting will be held, a  
notice of the time and place will be  
published in the **Federal Register** at  
least 30 days before the scheduled date  
of the meeting.

The withdrawal extension proposal  
will be processed in accordance with  
the regulations set forth in 43 CFR  
2310.4 and subject to Section 810 of the  
Alaska National Interest Lands  
Conservation Act, 16 U.S.C. 3120.

approximately 2 miles southwest of  
Marysville Town and is legally  
described as:

#### **Salt Lake Meridian**

T. 27 S., R. 4 W.,  
Sec. 26, lot 4.

The area described contains 4.82 acres in  
Piute County.

In accordance with 43 CFR 2711.3-  
3(a)(5), direct sale procedures are  
appropriate when there is a need to  
resolve inadvertent unauthorized use or  
occupancy of the land. The land has  
been improved and used by the Roth  
family for residential purposes for many  
years. Improvements include a  
residential cabin and associated utilities  
and access.

The parcel is being offered to Audrey  
Roth of Piute County, Utah, for no less  
than the appraised fair market value of  
\$55,000. Ms. Roth will be allowed 30  
days from receipt of a written offer to  
submit either the full payment or at  
least 20 percent of the appraised value  
of the parcel and 180 days thereafter to  
submit the balance. Failure to meet  
conditions established for this sale will  
void the direct sale and any monies  
received will be forfeited.

The October 2008 BLM Richfield  
Field Office Resource Management Plan  
identifies this parcel of public land as  
suitable for disposal through sale, and it  
has been determined that no significant  
resource values will be affected by  
disposal of the parcel. The land is not  
required for any Federal purpose.

The following rights, reservations,  
and conditions will be included in the  
patent that may be issued for the above  
described parcel of land:

1. A reservation to the United States  
for a right-of-way for ditches and canals  
constructed by the authority of the  
United States, Act of August 30, 1890  
(43 U.S.C. 945).

2. A reservation to the United States for all minerals in the land in accordance with Section 209 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1719).

3. A reservation to the United States for the road right-of-way under 44 L.D. 513 (UTU-25688) and all appurtenances thereto, constructed by the United States through, over, or upon the land so patented, and the right of the United States, its agents or employees, to maintain, operate, repair or improve the same so long as needed or used for or by the United States.

4. The patent will include a notice and indemnification statement under the Comprehensive Environmental Response Compensation and Liability Act. The parcel is subject to the requirements of Section 120(h) (42 U.S.C. Section 9620) holding the United States harmless from any release of hazardous materials that may have occurred as a result of the unauthorized use of the property by other parties. No warranty of any kind, express or implied, is given by the United States as to the title, physical condition or potential uses of the parcel of land proposed for sale.

5. Subject to such rights as Marysvale Town or its successors in interest may have for culinary water system storage tank, pipeline and access road purposes pursuant to right-of-way UTU-83158, including the right to increase the term of the right-of-way to a perpetual term in accordance with 43 CFR 2807.15.

6. Subject to such rights as Bullion Creek Irrigation or its successors in interest may have for roadway, pipeline and ditch purposes pursuant to right-of-way UTU-80707.

7. All valid existing rights.

Detailed information concerning the sale, including the appraisal, planning and environmental documents, and mineral report is available for review at the BLM Richfield Field Office at the address noted above.

On February 10, 2010, the above described land will be segregated from all forms of appropriation under the public land laws, including location and entry under the United States mining laws, except the sale provisions of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1713). The BLM is no longer accepting land use applications affecting the identified public land. The effect of segregation will terminate upon: (1) Issuance of a patent; (2) publication in the **Federal Register** of a termination of the segregation; or (3) on February 10, 2012, unless extended by the BLM State Director in accordance with 43 CFR 2711.1-2(d) prior to the termination

date. Audrey Roth will be allowed 30 days from receipt of a written offer to submit either full payment or at least 20 percent of the appraised value of the parcel and within 180 days, thereafter, submit the balance. If the balance of the purchase price is not received within the 180 days, the deposit will be forfeited to the United States and the parcel withdrawn from sale.

**Public Comments:** Comments must be received by the Associate Field Manager, BLM Richfield Field Office, at the address noted above, on or before March 29, 2010. Only written comments will be accepted. Before including your address, phone number, e-mail address, or other personal identifying information in your comments, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comments to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Any adverse comments received will be reviewed by the BLM Utah State Director, who may sustain, vacate, or modify this realty action. In the absence of any objections, or adverse comments, this proposed realty action will become the final determination of the Department of the Interior.
