**BILLING CODE 4312-51-P**

**DEPARTMENT OF THE INTERIOR****Bureau of Ocean Energy Management  
[OMB Control Number 1010-0048]****Information Collection: Geological and Geophysical Explorations of the Outer Continental Shelf; Proposed Collection for OMB Review; Comment Request; MMAA104000**

**ACTION:** 60-day notice.

**SUMMARY:** To comply with the Paperwork Reduction Act of 1995 (PRA), the Bureau of Ocean Energy Management (BOEM) is inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements in the regulations under 30 CFR 551, Geological and Geophysical (G&G) Explorations of the Outer Continental Shelf.

**DATES:** Submit written comments by October 21, 2014.

**ADDRESSES:** Please send your comments on this ICR to the BOEM Information Collection Clearance Officer, Arlene Bajusz, Bureau of Ocean Energy Management, 381 Elden Street, HM-3127, Herndon, Virginia 20170 (mail); or [arlene.bajusz@boem.gov](mailto:arlene.bajusz@boem.gov) (email); or 703-787-1209 (fax). Please reference ICR 1010-0048 in your comment and include your name and return address.

**FOR FURTHER INFORMATION CONTACT:**

Arlene Bajusz, Office of Policy, Regulations, and Analysis at (703) 787-1025 to request a copy of the ICR.

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 1010-0048.

*Title:* 30 CFR 551, Geological and Geophysical (G&G) Explorations of the Outer Continental Shelf.

*Form:* BOEM-0327, Requirements for G&G Explorations or Scientific Research on the OCS.

*Abstract:* The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior to prescribe rules and regulations to administer leasing of mineral resources on the OCS. The OCS Lands Act (43 U.S.C. 1340) states that “any person authorized by the Secretary may conduct geological and geophysical

explorations in the [O]uter Continental Shelf, which do not interfere with or endanger actual operations under any lease maintained or granted pursuant to this subchapter, and which are not unduly harmful to aquatic life in such area.” The section further requires that permits to conduct such activities may only be issued if it is determined that the applicant is qualified; the activities do not result in pollution or create hazardous or unsafe conditions; the activities do not unreasonably interfere with other uses of the area or disturb any site, structure, or object of historical or archaeological significance. Applicants for permits are required to submit form BOEM-0327 to provide the information necessary to evaluate their qualifications, and upon approval, respondents are issued a permit.

The Independent Offices Appropriations Act (31 U.S.C. 9701), the Omnibus Appropriations Bill (Pub. L. 104-133, 110 Stat. 1321, April 26, 1996), and the OMB Circular A-25 authorize Federal agencies to recover the full cost of services that confer special benefits. All G&G permits are subject to cost recovery, and BOEM regulations specify service fees for these requests.

Regulations to carry out these responsibilities are contained in 30 CFR 551 and are the subject of this information collection renewal. BOEM uses the information to ensure there is no environmental degradation, personal harm or unsafe operations and conditions, damage to historical or archaeological sites, or interference with other uses; to analyze and evaluate preliminary or planned drilling activities; to monitor progress and activities in the OCS; to acquire G&G data and information collected under a Federal permit offshore; and to determine eligibility for reimbursement from the government for certain costs. Information on the G&G characteristics of oil- and gas-bearing physiographic regions aids the Secretary in obtaining a proper balance among the potentials for environmental damage, the discovery of oil and gas, and associated impacts on affected coastal States.

In this renewal, BOEM is updating form BOEM-0327 to clarify the types of copies being requested, delete incorrect language, make recommendations for faster processing, and update addresses. To respond to the number of questions BOEM receives from permittees on the form, BOEM is also clarifying wording, providing examples/tables to reduce confusion, and separating requirements by OCS Region to further assist
