

the comment period, we received 79 responses, both oral and written. All comments we received were evaluated. A summary of those comments, and our responses to them, is included as appendix G in the final CCP.

Selected Alternative

After considering the comments we received on our draft CCP/EA, we have made one modification to alternative B for Featherstone NWR. We have decided to allow non-motorized boaters to land at one designated site on the refuge's shoreline to facilitate wildlife observation and nature photography. The designated landing site is a portion of tidal beach on Farm Creek (refer to the final CCP, chapter 4, map 4.3 for details) and corresponds with the proposed location of the southernmost observation deck and fishing platform that we presented in the draft CCP/EA (refer to the draft CCP/EA, chapter 3, map 3.3 for details). Visitors accessing the refuge at this location by non-motorized boats would be allowed to walk approximately 0.4 miles along an existing footpath (indicated on map 4.3 in the final CCP). Boaters would be confined to this section of footpath until the rest of the refuge is officially open to public use, as was detailed in the draft CCP/EA. Other minor changes to alternative B for both refuges are described in the FONSI (appendix H in the final CCP) and in our response to public comments (appendix G in the final CCP).

We have selected alternative B to implement for both Mason Neck and Featherstone NWRs, with the changes identified above, for several reasons. Alternative B for both refuges comprises a mix of actions that, in our professional judgment, work best towards achieving each refuges' purposes, visions, and goals, NWRs policies, and the goals of other State and regional conservation plans. We also believe that alternative B most effectively addresses the key issues raised during the planning process. The basis of our decision is detailed in the FONSI, which is included as appendix H in the final CCP.

Notice of Availability of South Coast Draft Resource Management Plan Revision and Draft Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) has prepared a Draft Resource Management Plan (RMP) and Draft Environmental Impact Statement (EIS) for the South Coast Planning Area (California), and by this notice is announcing the opening of the comment period.

DATES: To ensure comments will be considered, the BLM must receive written comments on the Draft RMP/EIS within 90 days following the date the Environmental Protection Agency publishes its Notice of Availability of the Draft RMP/EIS in the **Federal Register**. The BLM will announce future meetings or hearings and any other public involvement activities at least 15 days in advance through public notices, media news releases, and/or mailings.

ADDRESSES: You may submit written comments related to the South Coast Draft RMP/EIS by any of the following methods:

- **Web site:** <http://www.blm.gov/ca/palmsprings>.
- **E-mail:** Greg_Hill@blm.gov.
- **Fax:** (760) 833-7199.
- **Mail:** Bureau of Land Management, Palm Springs-South Coast Field Office, 1201 Bird Center Drive, Palm Springs, California 92262.

Copies of the South Coast Draft RMP/EIS are available for review at the Palm Springs-South Coast Field Office and via the Internet at: <http://www.blm.gov/ca/palmsprings>. Electronic (on CD-ROM) or paper copies may also be obtained by contacting Greg Hill at the address and phone number below.

FOR FURTHER INFORMATION CONTACT: Greg Hill; Bureau of Land Management, Palm Springs-South Coast Field Office, 1201 Bird Center Drive, Palm Springs, California 92262; (760) 833-7140; Greg_Hill@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during

normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The South Coast Draft RMP provides guidance for the management of approximately 300,000 acres of BLM-administered public lands in portions of five highly urbanized southern California counties: San Diego, Riverside, San Bernardino, Orange, and Los Angeles. These public lands include over 130,000 acres of BLM-administered surface lands and 167,000 acres of Federal mineral ownership where the surface is privately owned. The Draft RMP/EIS is a revision to the existing South Coast RMP (1994). Since 1994, there have been significant changes in the patterns of urban growth; increased demands on the resources of the public lands; changing policies and emphasis on the management of public lands and local land use planning; and new data that have led to the listing of additional threatened or endangered species. The Notice of Intent to prepare a land use plan revision and associated EIS was published in the **Federal Register** on August 7, 2007 (72 FR 44173). The BLM held public workshops and scoping meetings in Campo, San Diego, Temecula, and Santa Clarita in December 2007, and invited agencies to participate as cooperating agencies in the planning effort. The Draft RMP/EIS analyzes four alternatives, including a No Action alternative, Alternative A, and an agency Preferred Alternative, Alternative D, designed to address management challenges and issues raised during scoping, including, but not limited to Areas of Critical Environmental Concern (ACEC), sensitive species and other wildlife habitat, lands with wilderness characteristics, livestock grazing, recreation, off highway vehicle use, minerals management, and land use authorizations.

Pursuant to 43 CFR 1610.7-2(b), this notice announces a concurrent public comment period on proposed ACECs. The Draft RMP/Draft EIS proposes changes to ACEC designations and elimination of ACECs within wilderness. The Preferred Alternative, Alternative D, includes 9 ACECs comprising of a total of 26,627 acres, or 20 percent of the planning area's surface acres. This is in contrast with Alternative A, the No Action Alternative of 7 ACECs with 14,539 acres, or 11 percent of surface acres. The proposed ACECs and resource use limitations

which would occur if formally designated are listed below:

Proposed ACEC	Alternatives and Acres				Limitations
	A	B	C	D	
Cedar Canyon	708	0	708	0	ACECs are: Closed to OHV use or limited to designated roads and trails under all alternatives.
Johnson Canyon	1,800	0	1,800	1,800	
Kuchamaa	803	0	803	0	Avoidance areas for land use authorizations under Alternatives A, C, and D. ACECs are exclusion areas under Alternative B.
Million Dollar Spring	6,265	0	6,265	0	
Potrero	2,966	0	0	0	Closed to fluid mineral and geothermal leasing and sale of mineral materials under Alternatives A, C, and D. The Western Riverside County ACEC would be considered for sale of mineral materials on a case-by-case basis with site specific analysis required to protect ACEC values of relevance and importance.
Santa Ana River Wash	750	750	750	750	
Santa Margarita River	1,247	4,474	1,247	4,474	
Upper Santa Clara River	0	1,620	0	1,620	
Western Riverside County	0	24,995	0	0	
Oak Mountain	0	0	0	894	
Gavilan	0	0	0	3,822	
Badlands	0	0	0	1,051	
Beauty Mountain	0	27,376	0	3,925	
Otay/Kuchamaa	0	8,291	0	8,291	
Total acres	14,539	67,506	11,573	26,627	

A Record of Decision for the proposed RMP will be prepared following publication of the Proposed RMP/Final EIS in accordance with the planning regulations at 43 CFR 1610.5–1 and the NEPA, 40 CFR 1505.2.

Please note that public comments and information submitted including names, street addresses, and e-mail addresses of respondents will be available for public review and disclosure at the above address during regular business hours (8 a.m. to 4 p.m.), Monday through Friday, except holidays.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.
