##### Electronic Access

##### Background

Section 327 of title 23, United States Code (23 U.S.C. 327), allows the Secretary of the DOT (Secretary), to assign, and a State to assume, responsibility for all or part of FHWA's responsibilities for environmental review, consultation, or other actions required under any Federal environmental law with respect to one or more Federal-aid highway projects within the State pursuant to regulations promulgated by the Council on Environmental Quality under part 1500 of title 40, Code of Federal Regulations (CFR) (as in effect on October 1, 2003). The FHWA is authorized to act on behalf of the Secretary with respect to these matters.

Under the proposed MOU, FHWA would assign to the State, through ODOT, the responsibility for making decisions on the following types of highway projects:

1. All Class I, or environmental impact statement (EIS) projects, both on the State highway system (SHS) and local government projects off the SHS that are funded by FHWA or require FHWA approvals.

2. All Class II, or categorically excluded (CE), projects, both on the SHS and local government projects off the SHS that are funded by FHWA or require FHWA approvals.

3. All Class III, or environmental assessment (EA) projects, both on the SHS and local government projects off the SHS that are funded by FHWA or require FHWA approvals.

4. Projects funded by other Federal agencies [or projects without any Federal funding] of any Class that also includes funding by FHWA or require FHWA approvals. For these projects, ODOT would not assume the NEPA responsibilities of other Federal agencies.

Excluded from assignment are highway projects authorized under 23 U.S.C. 202 and 203, highway projects under 23 U.S.C. 204 unless the project will be designed and constructed by ODOT, projects that cross State boundaries, and projects that cross or is adjacent to international boundaries.

The following projects are examples of projects that will not be assigned because they are projects that cross State borders:

- HAM–50/State Line Road Improvements, PID 93507
- HAM–IR 71/IR 75–0.00/0.22–Brent Spence Bridge, PID 75119
- SCI–US23–0.00, PID 98150

The MOU would allow ODOT to act in the place of FHWA in carrying out the environmental review-related functions described above, except with respect to government-to-government consultations with federally recognized Indian tribes. The FHWA will retain responsibility for conducting formal government-to-government consultation with federally recognized Indian tribes, which is required under some of the listed laws and executive orders. The ODOT will continue to handle routine consultations with the tribes and understands that a tribe has the right to direct consultation with FHWA upon request. The ODOT also may assist FHWA with formal consultations, with consent of a tribe, but FHWA remains responsible for the consultation. The ODOT also will not assume FHWA's responsibilities for conformity determinations required under Section 176 of the Clean Air Act (42 U.S.C. 7506) or any responsibility under 23 U.S.C. 134 or 135, or under 49 U.S.C. 5303 or 5304.

The FHWA Ohio Division, in consultation with FHWA Headquarters, will consider the comments submitted
