

specifications to indicate that Greensand Plus be used for the project. Ultimately the project specifications were not modified after the pilot testing showed Greensand Plus to be the selected filter media for this project because all of the project bids were based on Greensand Plus.

Furthermore, the purpose of the ARRA provisions was to stimulate economic recovery by funding current infrastructure construction, not to delay projects that are already shovel ready by requiring entities, like the City, to revise their design and potentially choose a more costly and less effective project. The implementation of ARRA Buy American requirements on such projects eligible for DWSRF assistance would result in unreasonable delay and thus displace the "shovel ready" status for this project. To further delay construction is in direct conflict with the most fundamental economic purposes of ARRA to create or retain jobs.

The Drinking Water Unit has reviewed this waiver request and has determined that the supporting documentation provided by the City is sufficient to meet the following criteria listed under Section 1605(b) and in the April 28, 2009, Implementation of Buy American provisions of Public Law 111-5, the "American Recovery and Reinvestment Act of 2009"

Memorandum:

Iron, steel, and the manufactured goods are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality.

The basis for this project waiver is the authorization provided in Section 1605(b)(2), due to the lack of production of this product in the United States in sufficient and reasonably available quantities and of a satisfactory quality in order to meet the City's design specifications. The March 31, 2009 Delegation of Authority Memorandum provided Regional Administrators with the authority to issue exceptions to Section 1605 of ARRA within the geographic boundaries of their respective regions and with respect to requests by individual assistance recipients. Having established both a proper basis to specify the particular good required for this project and that this manufactured good was not available from a manufacturer in the United States, the City is hereby granted a waiver from the Buy American requirements of Section 1605(a) of Public Law 111-5 for the purchase of Greensand Plus pressure filter media, manufactured in Brazil, for a shallow aquifer water treatment plant project

specified in the City's waiver request of February 11, 2011. This supplementary information constitutes the detailed written justification required by Section 1605(c) for waivers based on a finding under subsection (b).

Authority: Pub. L. 111-5, section 1605.

Dated: June 13, 2011.

Dennis J. McLerran,

Regional Administrator, EPA, Region 10.

FEDERAL COMMUNICATIONS COMMISSION

Privacy Act System of Records

AGENCY: Federal Communications Commission (FCC or Commission).

ACTION: Notice; one altered Privacy Act system of records.

SUMMARY: Pursuant to subsection (e)(4) of the Privacy Act of 1974, as amended (Privacy Act), 5 U.S.C. 552a, the FCC proposes to alter one system of records, FCC/OSP-1, "Broadband Dead Zone Report and Consumer Broadband Test." The altered system of records incorporates more details about the voluntary fixed and mobile consumer broadband test. The FCC will also alter the categories of individuals; categories

of records; the purposes for which the information is maintained; the retrievability procedures; Routine Use (5); and delete Routine Use (2); and make other edits and revisions as necessary to update the information and to comply with the requirements of the Privacy Act.

DATES: In accordance with 5 U.S.C. 552a(e)(4) and (e)(11) of the Privacy Act, any interested person may submit written comments concerning the alteration of this system of records on or before August 15, 2011. The Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB), which has oversight responsibility under the Privacy Act to review the system of records, and Congress may submit comments on or before August 23, 2011. The proposed altered system of records will become effective on August 23, 2011 unless the FCC receives comments that require a contrary determination. The Commission will publish a document in the **Federal Register** notifying the public if any changes are necessary. As required by 5 U.S.C. 552a(r) of the Privacy Act, the FCC is submitting reports on this proposed altered system to OMB and Congress.

ADDRESSES: Address comments to Leslie F. Smith, Privacy Analyst, Performance Evaluation and Records Management (PERM), Room 1-C216, Federal Communications Commission (FCC), 445 12th Street, SW., Washington, DC 20554, or via the Internet at Leslie.Smith@fcc.gov.
