SUPPLEMENTARY INFORMATION:

I. Background

The Office of Workers' Compensation Programs (OWCP) is the primary agency responsible for administration of the Energy Employees Occupational Illness Compensation Program Act of 2000, as amended (EEOICPA), 42 U.S.C. 7384 *et seq.* EEOICPA provides for the payment of compensation to covered employees and, where applicable, survivors of deceased employees, who sustained either an “occupational illness” or a “covered illness” in the performance of duty for the Department of Energy and certain of its contractors and subcontractors. One element of the compensation provided to covered employees is medical benefits for the treatment of their occupational or covered illnesses that are accepted as compensable. OWCP contracts with a private sector bill processing agent that handles many of the tasks associated with paying bills for medical treatment provided to covered employees under

EEOICPA. This bill processing agent uses an automated system that matches incoming bills with the authorized medical treatment of covered employees before it issues payments, and a provider of medical treatment, supplies or services to covered employees must provide the bill processing agent with information necessary for creation of an authorization within the agent's automated system before a bill can be paid. The collection of this information is authorized by 20 CFR 30.400(a) and (c), 30.403, 30.404(b) and 30.700. The information collections in this ICR collect demographic, factual and medical information that OWCP and/or its bill processing agent needs to process bills for medical treatment, supplies or services.

II. Desired Focus of Comments

OWCP is soliciting comments concerning the proposed information collection related to the DEEOIC Authorization Forms, EE–22, EE–24, EE–26, EE–28, EE–30, EE–32. OWCP/DEEOIC is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information has practical utility;
- Evaluate the accuracy of OWCP/DEEOIC's estimate of the burden related to the information collection, including the validity of the methodology and assumptions used in the estimate;

SUPPLEMENTARY INFORMATION:

I. Background

The Office of Workers’ Compensation Programs (OWCP) administers the Federal Employees’ Compensation Act (FECA), 5 U.S.C. 8101 *et seq.*, the Black Lung Benefits Act (BLBA), 30 U.S.C. 901 *et seq.*, and the Energy Employees Occupational Illness Compensation Program Act of 2000 (EEOICPA), 42 U.S.C. 7384 *et seq.* All three statutes require OWCP to pay for covered medical treatment that is provided to beneficiaries, and to reimburse beneficiaries for any out-of-pocket covered medical expenses they have paid. Form OWCP–915, Claim for Medical Reimbursement, is used for this purpose and collects the necessary beneficiary and medical provider data in a standard format. Beneficiaries must also attach billing information prepared by the medical provider (Form OWCP–1500 for professional medical services, Form OWCP–04 for institutional providers and hospitals, or a paper bill for medications dispensed in the physician’s office. The hour and cost burdens to collect the billing information from medical providers in the required attachments to Form OWCP–915 are accounted for in OMB Nos. 1240–0019, 1240–0044, and 1240–0050. This is the same billing information a medical provider reports when it bills OWCP directly. Regulations implementing the FECA, BLBA and EEOICPA programs require the collection of information that is needed to determine if reimbursement claims submitted by beneficiaries can be paid.
