#### 14 CFR Part 71

[Airspace Docket No. 99-ASO-28]

#### Establishment of Class D Airspace, Amendment of Class D Airspace; Key West, FL

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends Class D airspace at Key West International Airport, FL, and establishes Class D airspace at Key West NAS. As a result of this action, the Key West International Airport Class D airspace area will be reduced concurrent with the establishment of the Class D airspace at Key West NAS.

**EFFECTIVE DATE:** 0901 UTC, April 20, 2000.

#### FOR FURTHER INFORMATION CONTACT:

Nancy B. Shelton, Manager, Airspace Branch, Air Traffic Division, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5627.

#### SUPPLEMENTARY INFORMATION:

##### History

On January 5, 2000, the FAA proposed to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) by amending Class D airspace at Key West International Airport, FL, and establishing Class D airspace at Key West NAS, (65 FR 402). This action reduces the size of the Key West International Airport Class D airspace area concurrent with the establishment of the Key West NAS Class D airspace area. Designations for Class D airspace extending upward from the surface of the earth are published in FAA Order 7400.9G, dated September 1, 1999, and effective September 16, 1999, which is incorporated by reference in 14 CFR part 71.1. The Class D designations listed in this document will be published subsequently in the Order.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received.

##### The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) amends Class D airspace at Key West International Airport, FL, and establishes airspace at Key West NAS.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

#### Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

1. The authority citation for 14 CFR Part 71 continues to read as follows:

##### § 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9G, Airspace Designations and Reporting Points, dated September 1, 1999, and effective September 16, 1999, is amended as follows:

revises Class E airspace at Hutchinson,  
KS.

**DATE:** The direct final rule published at

**SUPPLEMENTARY INFORMATION:** The FAA  
published this direct final rule with a  
request for comments in the **Federal  
Register** on December 6, 1999 (64 FR

68009). The FAA uses the direct final  
rulemaking procedure for a non-  
controversial rule where the FAA  
believes that there will be no adverse  
public comment. This direct final rule  
advised the public that no adverse  
comments were anticipated, and that  
unless a written adverse comment, or a  
written notice of intent to submit such  
an adverse comment, were received  
within the comment period, the  
regulation would become effective on  
April 20, 2000. No adverse comments  
were received, and thus this notice

[AH-FRL-6540-1]

#### Technical Amendment: Requirements for Preparation, Adoption, and Submittal of State Implementation Plans

**AGENCY:** Environmental Protection  
Agency (EPA).

**ACTION:** Technical amendment.

**SUMMARY:** In today's action we correct a  
text error in the regulations on  
Requirements for Preparation,  
Adoption, and Submittal of State  
Implementation Plans. This error results  
from an omission in making conforming  
amendments when subpart D was  
removed in 1995.

effective on February 22, 2000.

#### SUPPLEMENTARY INFORMATION:

##### Background

On March 4, 1995 the President  
directed all Federal agencies and  
departments to conduct a  
comprehensive review of the regulations  
they administer and, by June 1, 1995, to  
identify those rules that are obsolete or  
unduly burdensome. EPA conducted a  
review of all of its rules, including rules

issued under the Clean Air Act (CAA),  
as amended (42 U.S.C. 7401 *et seq.*).  
Based on this review, we issued on June  
29, 1995 a final rule that eliminated a  
number of obsolete CAA rules from the  
CFR. These rules were no longer legally  
in effect because (1) they implemented  
statutory provisions which have been  
repealed, (2) they expired by their own  
terms or by the terms of the statute, or  
(3) they were vacated (i.e., declared void  
and of no effect) by a court.

Because it was superseded by section  
175A of the 1991 CAA, which provides  
the requirements for maintenance plans,  
we decided to include subpart D of 40  
CFR Part 51, Maintenance of National  
Standards, in these removals (60 FR  
33915). This subpart covered a  
discussion of Air Quality Maintenance  
Areas (AQMA) and included §§ 40-63.  
This removal was reflected in the July  
1995 issue of the Code of Federal  
Regulations. Paragraph (d)(6) of § 51.102  
refers to materials that were removed  
with the subpart D deletion,  
specifically, AQMA (paragraph  
(d)(6)(ii)) and § 51.63 itself. We failed to  
include this paragraph along with the  
removal of subpart D.

#### Final Action

To correct this error, we are removing  
paragraph (d)(6) from § 51.102 which  
relates to the case of hearings on AQMA  
plans. The action merely makes a  
conforming correction to eliminate CFR  
references to provisions that no longer  
exist. Because this action is a technical,  
non-substantive correction, we have  
made a "good cause" finding under  
section 553(b)(B) of the Administrative  
Procedures Act that notice and public  
procedure are unnecessary. We are thus  
issuing this correction notice without  
prior proposal because the Agency  
views it as non-controversial and  
anticipates no adverse comments.

#### Administrative Requirements

Under Executive Order 12866 (58 FR  
51735, October 4, 1993), this action is  
not a "significant regulatory action" and  
is therefore not subject to review by the  
Office of Management and Budget.  
Because the agency has made a "good  
cause" finding that this action is not  
subject to notice-and-comment  
requirements under the Administrative  
Procedure Act or any other statute (see  
Final Action), it is not subject to the  
regulatory flexibility provisions of the  
Regulatory Flexibility Act (5 U.S.C. 601  
*et seq.*), or to sections 202 and 205 of the  
Unfunded Mandates Reform Act of 1995  
(UMRA) (Public Law 104-4). In  
addition, this action does not  
significantly or uniquely affect small  
governments or impose a significant
