#### *Notification to Interested Parties*

This list of scope ruling applications is not an identification of scope inquiries that have been initiated. In accordance with 19 CFR 351.225(d)(1), if Commerce has not rejected a scope ruling application nor initiated the scope inquiry within 30 days after the filing of the application, the application will be deemed accepted and a scope inquiry will be deemed initiated the following day—day 31.<sup>6</sup> Commerce’s practice generally dictates that where a deadline falls on a weekend, Federal holiday, or other non-business day, the appropriate deadline is the next business day.<sup>7</sup> Accordingly, if the 30th day after the filing of the application falls on a non-business day, the next business day will be considered the “updated” 30th day, and if the application is not rejected or a scope inquiry initiated by or on that particular business day, the application will be deemed accepted and a scope inquiry will be deemed initiated on the next business day which follows the “updated” 30th day.<sup>8</sup>

In accordance with 19 CFR 351.225(m)(2), if there are companion AD and CVD orders covering the same merchandise from the same country of origin, the scope inquiry will be conducted on the record of the AD proceeding. Further, please note that pursuant to 19 CFR 351.225(m)(1), Commerce may either apply a scope

ruling to all products from the same country with the same relevant physical characteristics, (including chemical, dimensional, and technical characteristics) as the product at issue, on a country-wide basis, regardless of the producer, exporter, or importer of those products, or on a company-specific basis.

For further information on procedures for filing information with Commerce through ACCESS and participating in scope inquiries, please refer to the Filing Instructions section of the Scope Ruling Application Guide, at [https://access.trade.gov/help/Scope\\_Ruling\\_Guidance.pdf](https://access.trade.gov/help/Scope_Ruling_Guidance.pdf). Interested parties, apart from the scope ruling applicant, who wish to participate in a scope inquiry and be added to the public service list for that segment of the proceeding must file an entry of appearance in accordance with 19 CFR 351.103(d)(1) and 19 CFR 351.225(n)(4). Interested parties are advised to refer to the case segment in ACCESS as well as 19 CFR 351.225(f) for further information on the scope inquiry procedures, including the timelines for the submission of comments.

Please note that this notice of scope ruling applications filed in AD and CVD proceedings may be published before any potential initiation, or after the initiation, of a given scope inquiry based on a scope ruling application identified in this notice. Therefore, please refer to the case segment on ACCESS to determine whether a scope ruling application has been accepted or rejected and whether a scope inquiry has been initiated.

Interested parties who wish to be served scope ruling applications for a particular AD or CVD order may file a request to be included on the annual inquiry service list during the anniversary month of the publication of the AD or CVD order in accordance with 19 CFR 351.225(n) and Commerce’s procedures.<sup>9</sup>

Interested parties are invited to comment on the completeness of this monthly list of scope ruling applications received by Commerce. Any comments should be submitted to Scot Fullerton, Acting Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, via email to [CommerceCLU@trade.gov](mailto:CommerceCLU@trade.gov).

This notice of scope ruling applications filed in AD and CVD proceedings is published in accordance with 19 CFR 351.225(d)(3).

Dated: March 28, 2025.

#### **Overhead Door Counterbalance Torsion Springs From India: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination With Final Antidumping Duty Determination**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of overhead door counterbalance torsion springs (overhead door springs) from India. The period of investigation is January 1, 2023, through December 31, 2023. Interested parties are invited to comment on this preliminary determination.

**DATES:** Applicable April 3, 2025.

**FOR FURTHER INFORMATION CONTACT:** Zachary Shaykin, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2638.

#### **SUPPLEMENTARY INFORMATION:**

#### **Background**

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this countervailing duty (CVD) investigation on November 25, 2024.<sup>1</sup> On January 2, 2025, Commerce postponed the preliminary determination of this investigation and the revised deadline is now March 28, 2025.<sup>2</sup> For a complete description of the events that followed the initiation of

<sup>5</sup> The products are mattresses for institutional use in jails, prisons, mental health facilities, homeless shelters, and juvenile facilities. Each mattress is designed for a single bed with a 100% polyester core encased in a stitched vinyl cover. The merchandise is sold in two sizes. Model PJM25754 is 25” W x 75” L x 4” H, and Model PJM30754 is 30” W x 75” L x 4” H. The core is manufactured in the United States through a thermal-bonded batting process from 100% polyester fibers. The mattress cover is manufactured in Mexico from Chinese origin 3-Ply Polyvinyl Chloride fabric.

<sup>6</sup> In accordance with 19 CFR 351.225(d)(2), within 30 days after the filing of a scope ruling application, if Commerce determines that it intends to address the scope issue raised in the application in another segment of the proceeding (such as a circumvention inquiry under 19 CFR 351.226 or a covered merchandise inquiry under 19 CFR 351.227), it will notify the applicant that it will not initiate a scope inquiry, but will instead determine if the product is covered by the scope at issue in that alternative segment.

this investigation, *see* the Preliminary Decision Memorandum.<sup>3</sup> A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

### Scope of the Investigation

The products covered by this investigation are overhead door springs from India. For a complete description of the scope of this investigation, *see* Appendix I.

### Scope Comments

In accordance with the *Preamble* to Commerce's regulations,<sup>4</sup> the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage, (*i.e.*, scope).<sup>5</sup> Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*.

For a summary of the product coverage comments and rebuttal responses submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, *see* the Preliminary Scope Decision Memorandum.<sup>6</sup> Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice*.

### Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that

gives rise to a benefit to the recipient, and that the subsidy is specific.<sup>7</sup>

Commerce notes that, in making these findings, it relied, in part, on facts available and finds that one or more respondents and also (in certain instances) the Government of India did not act to the best of their ability to respond to Commerce's requests for information. Consequently, Commerce has drawn an adverse inference where appropriate in selecting from among the facts otherwise available.<sup>8</sup> For further information, *see* the "Use of Facts Otherwise Available and Adverse Inferences" section in the Preliminary Decision Memorandum.

### Alignment

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final CVD determination in this investigation with the final determination in the companion less-than-fair-value (LTFV) investigation of overhead door springs from India based on a request made by the petitioners.<sup>9</sup> Consequently, the final CVD determination will be issued on the same date as the final LTFV determination, which is currently scheduled to be issued no later than August 11, 2025, unless postponed.

### All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act.

Commerce preliminarily calculated an individual estimated countervailable subsidy rate for Alcomex Springs Pvt Ltd. (Alcomex), the only individually examined exporter/producer in this investigation. Because the only individually calculated rate is not zero, *de minimis*, or based entirely on facts otherwise available, the estimated

weighted-average rate calculated for Alcomex is the rate assigned to all other producers and exporters, pursuant to section 705(c)(5)(A)(i) of the Act.

### Preliminary Determination

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate (percent <i>ad valorem</i> )
Alcomex Springs Pvt Ltd .....	2.66
Asha Spring and Engineering & Spring Company .....	* 164.60
Balaji Springs Pvt. Ltd .....	* 164.60
Modern Engineering & Spring Company .....	* 164.60
Reliable Springs Ltd .....	* 164.60
All Others .....	2.66

\* Rate based on facts available with adverse inferences.

### Suspension of Liquidation

In accordance with section 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above.

### Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of its public announcement, or if there is no public announcement, within five days of the date of this notice in accordance with 19 CFR 351.224(b).

Consistent with 19 CFR 351.224(e), Commerce will analyze and, if appropriate, correct any timely allegations of significant ministerial errors by amending the preliminary determination. However, consistent with 19 CFR 351.224(d), Commerce will not consider incomplete allegations that do not address the significance standard under 19 CFR 351.224(g) following the preliminary determination. Instead, Commerce will address such allegations in the final determination together with issues raised in the case briefs or other written comments.

### Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the

information relied upon in making its final determination.

### Public Comment

All interested parties are invited to comment on Commerce's Preliminary Scope Decision Memorandum in scope case and scope rebuttal briefs. The deadline for interested parties to submit scope case briefs is 5 p.m. Eastern Time (ET) on April 30, 2025. Scope rebuttal briefs, limited to issues raised in the scope case briefs, may be submitted no later than five days after the deadline for the scope case briefs, *i.e.*, 5 p.m. ET on May 5, 2025. Such comments must be filed via ACCESS on the records of the China and India CVD investigations and the concurrent LTFV investigations of overhead door springs from China and India.

Case briefs or other written comments, excluding scope comments, may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.<sup>10</sup> Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.<sup>11</sup>

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.<sup>12</sup> Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations

in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).<sup>13</sup>

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number, the number of participants, (2) whether any participant is a foreign national, and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

### U.S. International Trade Commission Notification

In accordance with section 703(f) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of overhead door springs from India are materially injuring, or threaten material injury to, the U.S. industry.

### Notification to Interested Parties

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act and 19 CFR 351.205(c).

Dated: March 28, 2025.

**Christopher Abbott,**

*Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.*

### Appendix I

#### Scope of the Investigation

The merchandise covered by this investigation is helically-wound, overhead door counterbalance torsion steel springs (overhead door counterbalance torsion springs) and any cones, plugs or other similar fittings for mounting and creating torque in the spring (herein collectively referred to as cones) attached to or entered with and invoiced with the subject overhead door counterbalance torsion springs. Overhead door counterbalance torsion springs are helical steel springs with tightly wound coils that store and release mechanical energy by

winding and unwinding along the spring's axis by an angle, using torque to create a lifting force in the counterbalance assembly typically used to raise and lower overhead doors, including garage doors, industrial rolling doors, warehouse doors, trailer doors, and other overhead doors, gates, grates, or similar devices. The merchandise covered by this investigation covers all overhead door counterbalance torsion springs with a coil inside diameter of 15.8 millimeters (mm) or more but not exceeding 304.8 mm (measured across the diameter from inner edge to inner edge); a wire diameter of 2.5 mm to 20.4 mm; a length of 127 mm or more; and regardless of the following characteristics:

- wire type (including, but not limited to, oil-tempered wire, hard-drawn wire, music wire, galvanized or other coated wire);
- wire cross-sectional shape (*e.g.*, round, square, or other shapes);
- coating (*e.g.*, uncoated, oil- or water-based coatings, lubricant coatings, zinc, aluminum, zinc-aluminum, paint or plastic coating, etc.);
- winding orientation (left-hand or right-hand wind direction);
- end type (including, but not limited to, looped, double looped, clipped, long length, mini warehouse, Barcol, Crawford, Kinnear, Wagner, rolling steel or barrel ends); and
- whether the overhead door counterbalance torsion springs are fitted with hardware, including but not limited to fasteners, clips, and cones (winding or stationary cones).

For purposes of the diameters referenced above, where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set forth above.

The steel torsion springs included in the scope of this investigation are produced from steel in which: (1) iron predominates, by weight, over each of the other contained elements; and (2) the carbon content is 2 percent or less, by weight.

Subject merchandise includes cones attached to or entered with and invoiced with the subject overhead door counterbalance torsion springs. Such cones, which are typically cast aluminum, aluminum alloy or steel (but may be made from other materials) are made to mount the subject springs to the overhead door counterbalance system and create and maintain torque in the spring. Cones or other similar fittings that are not attached to the subject springs or are not entered with and invoiced with the subject springs are not included within the scope unless entered as parts of kits as described below.

Subject merchandise also includes all subject overhead door counterbalance torsion springs and cones or other similar fittings for mounting and tensioning the spring entered as a part of overhead door kits, overhead door mounting or assembly kits, or as a part of a spring-operated motor assembly or as a part of a spring winder assembly kit for torsion springs. When counterbalance torsion springs and cones or other similar fittings for attaching and tensioning the torsion spring are entered as a part of such kits, only the

counterbalance spring and cones or other similar fittings in the kit are within scope. Subject merchandise also includes overhead door counterbalance torsion springs that have been further processed in a third country, including but not limited to cutting to length, attachment of hardware, cones or end-fittings, inclusion in garage door kits or garage door mounting or assembly kits, or any other processing that would not remove the merchandise from the scope of this investigation if performed in the country of manufacture of the in-scope overhead door counterbalance torsion springs. All products that meet the written physical description are within the scope of this investigation unless specifically excluded. The following products are specifically excluded from the scope of this investigation:

- leaf springs (slender arc-shaped length of spring steel of a rectangular cross-section);
- disc springs (conical springs consisting of a convex disc with the outer edge working against the center of the disc);
- extension springs (close-wound round helical wire springs that store and release energy by resisting the external pulling forces applied to the spring's ends in the direction of its length);
- compression springs (helical coiled springs with open wound active coils (such open winding is also known as pitch) that are designed to compress under load or force); and
- spiral springs (torsion springs wound as concentric spirals such as a clock spring or mainspring).

The products subject to this investigation are currently classified under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7320.20.5020, 7320.20.5045 and 7320.20.5060. They may also be classified under HTSUS subheading 8412.90.9085 if entered as parts of spring-operated motors. They may also be classified in HTSUS subheading 8412.80.1000 (spring-operated motors) if entered as part of a spring counterweight assembly for an overhead door. They may also be classified in HTSUS subheading 7308.90.9590, a basket category that includes metal garage doors entered with mounting accessories or assemblies.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

### Certain Epoxy Resins From the Republic of Korea: Final Affirmative Countervailing Duty Determination and Final Negative Critical Circumstances Determination

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) determines that countervailable subsidies are being provided to producers and exporters of certain epoxy resins (epoxy resins) from the Republic of Korea (Korea). The period of investigation (POI) is January 1, 2023, through December 31, 2023.

**DATES:** Applicable April 3, 2025.

**FOR FURTHER INFORMATION CONTACT:** Thomas Martin or Benjamin Blythe, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3936 or (202) 482-3457, respectively.

### SUPPLEMENTARY INFORMATION:

#### Background

On September 13, 2024, Commerce published the *Preliminary Determination* on epoxy resins from Korea in the **Federal Register**.<sup>1</sup> Commerce invited parties to comment on the *Preliminary Determination*.<sup>2</sup> For a complete discussion of the events that followed the *Preliminary Determination*, see the Issues and Decision Memorandum.<sup>3</sup> The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision

Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

### Scope of the Investigation

The merchandise covered by the scope of this investigation is epoxy resins from Korea. For a complete description of the scope of this investigation, see Appendix I.

### Scope Comments

During the course of this investigation, Commerce received scope comments from interested parties. Commerce issued a Preliminary Scope Decision Memorandum to address these comments and set aside a period of time for parties to address scope issues in scope-specific case and rebuttal briefs.<sup>4</sup> Between February and March 2025, Commerce received scope case and rebuttal briefs from interested parties on the Preliminary Scope Decision Memorandum, which we addressed in the Final Scope Decision Memorandum.<sup>5</sup> After analyzing these comments, we made changes to the scope of the investigation published in the *Preliminary Determination*. See Appendix I.

### Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation, and the issues raised in the case and rebuttal briefs by parties in this investigation, are discussed in the Issues and Decision Memorandum. For a list of the issues raised by parties, and to which we responded in the Issues and Decision Memorandum, see Appendix II.

### Methodology

Commerce conducted this investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, Commerce determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.<sup>6</sup> For a
