

motion and proposed order information required by this rule and the Commission's instructions posted on the Commission's Web site, the Commission will not accept for filing the motion and proposed order. Rather, the Commission will inform the filing party of the need for correction and resubmission.

(c) *Final order.* Any order by the Judge approving a settlement shall set forth the reasons for approval and shall be supported by the record. Such order shall become the final order of the Commission 40 days after issuance unless the Commission has directed that the order be reviewed. A Judge may correct clerical errors in an order approving settlement in accordance with the provisions of 29 CFR 2700.69(c).

Dated: April 21, 2010.

Mary Lu Jordan,

Chairman, Federal Mine Safety and Health Review Commission.

BILLING CODE 6735-01-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

30 CFR Parts 50 and 100

RIN 1219-AB63

Criteria and Procedures for Proposed Assessment of Civil Penalties/Reporting and Recordkeeping: Immediate Notification of Accidents

AGENCY: Mine Safety and Health Administration (MSHA), Labor.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: MSHA published a direct final rule for parts 50 and 100 on December 29, 2009. MSHA stated that the Agency would withdraw the direct final rule if the Agency received significant adverse comments. Because the Agency did not receive any significant adverse comment, the direct final rule became effective. This notice confirms the effective date.

DATES: *Effective Date:* March 29, 2010.

FOR FURTHER INFORMATION CONTACT: Patricia W. Silvey, Director, Office of Standards, Regulations, and Variances, MSHA, at silvey.patricia@dol.gov (e-mail), 202-693-9440 (voice), or 202-693-9441 (facsimile).

SUPPLEMENTARY INFORMATION: MSHA received comments on the direct final rule indicating that some members of the mining industry misunderstood the Agency's intent. For clarification, the

Agency intends that the phrase, "Any other accident," as used in paragraph (d) of MSHA's standard at § 50.10 refers to:

- An entrapment of an individual for more than 30 minutes; and
- Any other accident as defined in § 50.2(h)(4)-(12).

After reviewing the comments, MSHA determined that they were not "significant adverse comments." Therefore, the Agency did not withdraw the direct final rule.

The comments can be viewed on MSHA's Web site at <http://www.msha.gov/REGS/Comments/E9-30608/immediatenotify.asp>.

Dated: April 21, 2010.

Joseph A. Main,

Assistant Secretary of Labor for Mine Safety and Health.

BILLING CODE 4510-43-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2010-0271]

RIN 1625-AA00

Safety Zone; Extended Debris Removal in the Lake Champlain Bridge Construction Zone (Between Vermont and New York), Crown Point, NY

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the navigable waters immediately surrounding the Lake Champlain Bridge construction zone between Chimney Point, VT and Crown Point, NY. This rule re-establishes a safety zone that was scheduled to expire prior to the completion of the removal of debris from the old Crown Point bridge demolition. The debris must be cleared from the navigable waterway prior to opening the channel to vessel traffic. This rule is necessary to provide safety of life on the navigable waters within this area during the demolition and debris removal of the bridge piers within this construction zone.

DATES: This rule is effective in the CFR on April 27, 2010. This rule is effective with actual notice for purposes of enforcement from 12:01 a.m. on Friday, April 16, 2010 through 11:59 p.m. on Saturday, May 15, 2010.

ADDRESSES: Documents indicated in this preamble as being available in the

docket are part of docket USCG-2010-0271 and are available online by going to <http://www.regulations.gov>, inserting USCG-2010-0271 in the "Keyword" box, and then clicking "Search." They are also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call or e-mail Lieutenant Junior Grade Laura van der Pol, Coast Guard Sector Northern New England, Waterways Management Division; telephone 207-741-5421, e-mail Laura.K.vanderPol1@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule. The New York State Department of Transportation recently requested an extension to deadline for removing the concrete piers (6 and 7) which line the main channel in Crown Point, NY. These piers can only be effectively removed by explosive charges, and both the piers and subsequent debris must be removed before the Coast Guard can reopen the channel to all vessel traffic. The Coast Guard did not receive notification of delays in the debris removal operations in sufficient time to complete a comment period prior to the expiration of the existing safety zone. As delaying the demolition and debris removal process is contrary to public interest, and there is continued need to protect waterway users from hazardous debris in the navigational channel, a comment period is both impractical and unnecessary.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for
