**SUPPLEMENTARY INFORMATION:** The Flood Disaster Protection Act of 1973, as amended, 42 U.S.C. 4001 *et seq.*, recognized that a reasonable method of sharing the nation's risk of flooding at the national level was required. The Act established a requirement to purchase flood insurance for properties at risk from a flood. It also further provided an exception to this requirement for State-owned properties that are covered under an adequate State policy of self-insurance. When States provide proof of this self-insurance, the designated property is not required to be covered by flood insurance. Title 44 CFR Part 75 establishes the procedures by which a State may request exemption and also

establishes standards with respect to the Administrator's determinations that a State's plan of self-insurance is adequate and satisfactory for the purpose of exempting the State from the requirement of purchasing flood insurance coverage, for State-owned structures and their contents. This applies to areas identified by the Administrator as A, AO, AH, A1-30, AE, AR, AR/A1-30, AR/AE, AR/AO, AR/AH, AR/A, A99, M, V, VO, V1-30, VE, and E zones, in which the sale of insurance has been made available.
