Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The NASNTI Part F Program provides grants and related assistance to Native American-Serving Nontribal Institutions to enable these institutions to improve and expand their capacity to serve Native Americans and low-income individuals by increasing their self-sufficiency in improving academic programs, institutional management, and fiscal stability. To qualify for funds under the NASNTI Program, an institution of higher education (IHE) must; have an enrollment of undergraduate students that is at least 10 percent Native American at the time of application for a grant; and not be a Tribal College or University under section 316 of the HEA.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally

offers interested parties the opportunity to comment on proposed program requirements. Section 437(d)(1) of the General Education Provisions Act (GEPA), however, allows the Secretary to exempt from rulemaking requirements, regulations governing the first grant competition under a new or substantially revised program authority. The Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) (Reconciliation Act) provided new authority to implement the NASNTI Part F Program authorized under section 371 of the HEA. This is the first grant competition for this program since the Reconciliation Act; therefore, this competition qualifies for the exemption.

Under section 437(d)(1) of GEPA, in order to ensure timely grant awards, the Secretary has decided to forego public comment on the following requirements for this competition: the requirements *established* in Notes 1 and 2 in the *Relationship between the Title III, Part F Programs* section of this notice.

Priorities: These priorities are from the notice of supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 15, 2010 (75 FR 78486).

Competitive Preference Priorities: For FY 2011, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award an additional two and one-half points to an application that meets one of the priorities, or an additional five points to an application that meets both of these priorities.

These priorities are:

Priority I—Increasing Postsecondary Success

Increasing the number and proportion of high-need students (as defined in this notice) who persist in and complete college or other postsecondary education and training; and,

Priority II—Enabling More Data-Based Decision-Making

Projects that are designed to collect (or obtain), analyze, and use high-quality and timely data, including data on program participant outcomes, in accordance with privacy requirements (as defined in this notice), in the following priority area:

Improving postsecondary student outcomes relating to enrollment, persistence, and completion and leading to career success.

Definitions: These definitions are from the notice of final supplemental priorities and definitions for discretionary grant programs, published
