SUPPLEMENTARY INFORMATION:

Title: Importation of Swine Hides, Bird Trophies, and Deer Hides.

OMB Control Number: 0579-0307.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture is authorized, among other things, to prohibit or restrict the importation and interstate movement of animals and animal products to prevent the introduction into and dissemination within the United States of livestock diseases and pests. To carry out this mission, APHIS regulates the importation of animals and animal products into the United States. The regulations are contained in 9 CFR parts 91 through 99.

The regulations in 9 CFR parts 94 and 95 (referred to below as the regulations) prohibit or restrict the importation of specified animal products into the United States to prevent the introduction into the U.S. livestock population of certain contagious animal diseases. Sections 95.16 and 95.17 of the regulations contain, among other things, specific processing and certification requirements for untanned hides and skins and bird trophies.

The regulations require, among other things, that shipments of hides be accompanied by certificates showing their origin and certifying that the hides are from areas free of certain animal diseases. Shipments of ruminant hides from Mexico must be accompanied by written statements indicating that the hides were frozen for 24 hours and treated for ticks. Shipments of bird trophies must be accompanied by certificates of origin certifying that the trophies are from regions free of Newcastle disease and highly pathogenic avian influenza. These activities help ensure that the products do not harbor disease or ticks.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our

information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: Public burden for this collection of information is estimated to average approximately 0.320 hours per response.

Respondents: National government officials, owners of untanned ruminant and swine hides, and importers of untanned ruminant and swine hides.

Estimated number of respondents: 167.

Estimated number of responses per respondent: 9.

Estimated annual number of responses: 1,472.

Estimated total annual burden on respondents: 471 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 4th day of August 2021.

Michael Watson,

Administrator, Animal and Plant Health Inspection Service.

Title: The Rural Alaska Village Grant (RAVG) Program.

OMB Control Number: 0572-0150.

Expiration Date of Approval: February 28, 2022.

Type of Request: Revision of a Currently Approved Information Collection.

Abstract: The Rural Alaska Village Grant (RAVG) Program is authorized under Section 305D of the Consolidated Farm and Rural Development Act (CONACT), (7 U.S.C. 1926(d)), as amended. Governing regulations are currently codified in 7 CFR 1780. Under the RAVG program, the Secretary of Agriculture may make grants to the State of Alaska for the benefit of rural or Native Villages in Alaska to provide for the development and construction of water and wastewater systems to improve the health and sanitation conditions in those Villages. To be eligible to receive a grant under the RAVG program, the project must provide 25 percent in matching funds from the State of Alaska. The matching funds must come from non-Federal sources. The Secretary shall consult with the State of Alaska on a method of prioritizing the allocation of grants according to the needs of, and relative health and sanitation conditions in each village.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1.36 hours per response.

Respondents: Business or other for profit, not-for-profit institutions, State, Local, or Tribal Government.

Estimated Number of Respondents: 36.

Estimated Number of Responses per Respondent: 18.7.
