VIII. Other Information

A. Dun and Bradstreet Data Universal Numbering System (DUNS)

A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of over 70 million businesses worldwide. The Office of Management and Budget published a notice of final policy issuance in the **Federal Register** June 27, 2003 (68 FR 38402) that requires a DUNS number in every application (*i.e.*, hard copy and electronic) for a grant or cooperative agreement on or after October 1, 2003. Therefore, potential applicants should verify that they have a DUNS number or take the steps needed to obtain one. For information about how to obtain a DUNS number, go to <http://www.grants.gov>. Please note that the registration may take up to 14 business days to complete. Previously registered DUNS numbers must be annually renewed; applicants must do so prior to submission of applications under this RFA.

B. Required Registration With the Central Contract Registry for Submission of Proposals

The Central Contract Registry (CCR) is a database that serves as the primary Government repository for contractor information required for the conduct of business with the Government. This database will also be used as a central location for maintaining organizational information for organizations seeking and receiving grants from the Government. Such organizations must register in the CCR prior to the submission of applications. A DUNS number is needed for CCR registration. For information about how to register in the CCR, visit "Get Started" at <http://www.grants.gov>. Allow a minimum of five business days to complete the CCR registration.
