SUPPLEMENTARY INFORMATION: This Notice informs the public that the U.S.

Department of Housing and Urban Development (HUD) has submitted to OMB, for emergency processing, a proposed reinstatement of data collection under OMB Control No. 2528–0256. The Disaster Housing Assistance Program (DHAP) was implemented in 2007 to provide rental assistance and case management services to eligible families displaced by Hurricanes Katrina and Rita. The amount and terms of the rental assistance provided varied over time. Researchers are documenting families as they transition from subsidized to market rate or alternative housing assistance programs and measuring outcomes over time. The DHAP IRT study's findings will assist the Department to understand how to most effectively return recipients of housing assistance to market rate housing following a disaster.

Approximately 1,425 recipients of DHAP assistance responded to an interim survey about their experiences with the program (conducted under OMB Control No. 2528–0256). The purpose of the reinstatement is to conduct follow-up contacts with the respondents to the earlier survey to confirm contact information, current housing and household status, and any potential future moves that might impact the researchers' ability to contact the respondent for a 12-month follow-up telephone survey. The follow-up contact is necessary to maximize the response rate for the 12-month follow-up telephone survey.

This Notice also lists the following information:

The purpose of the contact is to confirm contact information, current housing and household status, and any potential future moves that might impact the researchers' ability to contact the respondent for a 12-month follow-up telephone survey. The follow-up contact is necessary to maximize the response rate for the 12-month follow-up telephone survey.

FOR FURTHER INFORMATION CONTACT: Dominique G. Blom, Deputy Assistant Secretary for Public Housing Investments, Office of Public Housing Investments, Office of Public and Indian Housing, Department of Housing and

SUPPLEMENTARY INFORMATION: Section 1605(a) of the Recovery Act imposes a “Buy American” requirement on Recovery Act funds used for a project for the construction, alteration, maintenance, or repair of a public building or public work unless all of the iron, steel, and manufactured goods used in the project are produced in the United States. Section 1605(b) provides that the Buy American requirement shall not apply in any case or category in which the head of a Federal department or agency finds that: (1) Applying the Buy American requirement would be inconsistent with the public interest; (2) iron, steel, and the relevant manufactured goods are not produced in the U.S. in sufficient and reasonably available quantities or of satisfactory quality, or (3) inclusion of iron, steel, and manufactured goods will increase the cost of the overall project by more than 25 percent. 1. **Bay City, Michigan Housing Commission.** Upon request of the Bay City Housing Commission, HUD granted an exception to applicability of the Buy American requirements with respect to work, using CFRFC grant funds, in connection with the Scattered Site Plumbing and Mechanical Project. The exception was granted by HUD on the basis that the iron, steel, or relevant manufactured goods are not produced in the U.S. in sufficient and reasonably available quantities or of satisfactory quality.

2. **Housing Authority of Portland Oregon.** Upon request of the Housing Authority of Portland, HUD granted an exception to applicability of the Buy American requirements with respect to work, using CFRFC grant funds, in connection with the Resource Access
