

Law 111–260, as amended by Public Law 111–265. The Commission hosted a Town Hall meeting at the 26th Annual International Technology and Persons with Disabilities Conference, hosted by CSUN. The purpose of the Town Hall meeting was to educate the public about the Act's provisions, and answer consumers' questions regarding the Act. The Town Hall meeting was one of the many steps that the Commission has taken to obtain public feedback as it implements the Act. The Town Hall meeting at CSUN began with an orientation to the CVAA that focused on what the CVAA means to consumers with disabilities. The FCC then conducted an open dialogue on the Act's provisions, providing an opportunity for attendees to express their opinions on ways the FCC can best implement the CVAA. For purposes of the Commission's *ex parte* rules regarding permit-but-disclose proceedings (47 CFR 1.1206(b)(2) of the Commission's rules), any comments made at the Town Hall on the implementation of the CVAA that pertain to the Act's provisions on advanced communications services, video description, the deaf-blind equipment distribution program, and TRS contributions by VoIP providers, were deemed oral *ex parte* presentations in the pending rulemaking proceedings to which they relate. A written transcript of the Town Hall meeting (captured from computer-aided real-time transcription) was placed in the dockets of the relevant proceedings to comply with the disclosure requirements of the *ex parte* rules. The event was free and open to the public.

Synopsis

The CVAA is designed to ensure that people with disabilities have access to emerging twenty-first century communications and video programming technologies. The Act seeks to implement many recommendations of the National Broadband Plan, and will ensure access to advanced communications equipment and services, expand the availability of hearing aid compatible telephones used with those services, enhance the scope of and contributions to the nation's telecommunications relay services, and create an equipment distribution program for people who are deaf-blind. In addition, the law will fill accessibility gaps in video programming through the provision of video description on television and closed captioning on television programming re-shown on the Internet, ensure the accessibility of video programming devices, and require televised

emergency programming to be accessible by people who are blind or visually impaired. As it works through its implementation of the CVAA, the Commission is collaborating closely with consumer and industry stakeholders through two mandated advisory committees.

ACTION: Notice; extension of filing and reply comment period.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission’s Public Notice released on April 5, 2011. The full text of the public notice is available for public inspection and copying during business hours in the FCC Reference Information Center, Portals II, 445 12th Street, SW., Room CY–A257, Washington, DC 20554. It also may be purchased from the Commission’s duplicating contractor at Portals II, 445 12th Street, SW., Room CY–B402, Washington, DC 20554; the contractor’s Web site, <http://www.bcpweb.com>; or by calling (800) 378–3160, facsimile (202) 488–5563, or e-mail FCC@BCPIWEB.com. Additionally, the complete item is available on the Federal Communications Commission’s Web site at <http://www.fcc.gov>.

On February 25, 2011, the Wireless Telecommunications Bureau (Bureau) released a Public Notice seeking comment on the CTIA petition for declaratory ruling asking the Commission to clarify “the scope of Section 332(c)(3)(A)’s ban on state and local entry regulation.” The Petitioners stated that the Connecticut Department of Public Utility Control (Connecticut PUC) “ordered that wireless providers must apply for and obtain a Certificate of Public Convenience and Necessity (CPCN) from the [Connecticut PUC] before they can request permission to access public rights-of-way.” The Petitioners asked the Commission to declare that Connecticut’s CPCN requirement is a form of entry regulation that is prohibited by section 332(c)(A)(3).

On April 1, 2011, the Petitioners along with the Connecticut PUC (collectively, the “Parties”) submitted a joint request for a 60-day extension of the comment and reply comment deadlines in this proceeding. The Parties state that the Connecticut PUC recently published draft changes to the requirements at issue in this matter and that a 60-day extension is “in the public interest because it will allow commenters a meaningful period of time to review, analyze, and respond to any final actions the [Connecticut PUC] takes on the draft decision.”

The Bureau finds that granting the Parties’ request and extending the

comment and reply comment deadlines by 60 days is in the public interest. Extending the comment period will ensure that parties have sufficient time to consider and address developments in this matter and the extent to which they moot the controversy at issue in the Petition. Therefore, interested parties will now have until June 10, 2011 to file comments and July 11, 2011 to file reply comments as opposed to the April 11, 2011 and May 11, 2011 deadlines set forth in the Public Notice.

Pursuant to §§ 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415, 1.419, interested parties may file comments and reply comments on or before the dates indicated above. Comments may be filed using: (1) The Commission's Electronic Comment Filing System (ECFS), (2) the Federal Government's eRulemaking Portal, or (3) by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998).

- *Electronic Filers*: Comments may be filed electronically using the Internet by accessing the ECFS: <http://fjallfoss.fcc.gov/ecfs2/> or the Federal eRulemaking Portal: <http://www.regulations.gov>.

- *Paper Filers*: Parties who choose to file by paper must file an original and four copies of each filing. If more than one docket or rulemaking number appears in the caption of this proceeding, filers must submit two additional copies for each additional docket or rulemaking number.

Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). All filings must be addressed to the Commission's Secretary, Office of the Secretary, Federal Communications Commission.

- All hand-delivered or messenger-delivered paper filings for the Commission's Secretary must be delivered to FCC Headquarters at 445 12th St., SW., Room TW-A325, Washington, DC 20554. The filing hours are 8 a.m. to 7 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of *before* entering the building.
