SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63426; File No. SR-CBOE-2010-107]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated: Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Amendment of the Hybrid Agency Liaison Step-Up Rebate

December 3, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), notice is hereby given that on December 1, 2010, Chicago Board Options Exchange, Incorporated ("CBOE" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in

Items I and II below, which Items have been prepared by CBOE. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") proposes to amend the Hybrid Agency Liaison ("HAL") step-up rebate. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.org/legal>), at the Exchange's Office of the Secretary and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CBOE has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, Proposed Rule Change

1. Purpose

In order to incent market makers to execute orders at CBOE versus routing orders to other exchanges pursuant to the Options Order Protection and Locked/Crossed Plan, the Exchange provides a rebate to market-makers that "step-up" and trade all or part of certain orders on the HAL system.¹ Specifically, the Exchange rebates to a market-maker \$.20 per contract against transaction fees generated from a transaction on the HAL system in a penny pilot class, provided that at least 60% of the market-maker's quotes in that class (excluding quotes in LEAPS series) in the prior calendar month were on one side of the national best bid or offer ("NBBO") price. Market-makers not meeting this 60% qualifying threshold are not eligible to receive a rebate. The Exchange proposes to reduce the amount of the rebate from \$.20 per contract to \$.15 per contract

¹ See CBOE Fees Schedule, Section 19. HAL is a system for automated handling of electronically received orders that are not automatically executed upon receipt by the Hybrid System. CBOE Rule 6.14A governs the operation of the HAL system under the Options Order Protection and Locked/Crossed Plan.

effective December 1, 2010. All other aspects of the rebate program would remain unchanged.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 ("Act"),² in general, and furthers the objectives of Section 6(b)(4)³ of the Act in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its trading permit holders. The Exchange believes the proposed rebate is reasonable because it provides an incentive for market-makers to compete better for order flow in the penny pilot classes. The Exchange believes the proposed rebate is equitable because it applies equally to all market makers that trade orders in penny pilot classes on the HAL system and that meet the qualifying quoting criteria.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁴ and subparagraph (f)(2) of Rule 19b-4⁵ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-CBOE-2010-107 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549.

All submissions should refer to File Number SR-CBOE-2010-107. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549 on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of CBOE. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CBOE-2010-107 and should be submitted on or before December 30, 2010.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁶

Florence E. Harmon,
Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63427; File No. SR-EDGA-2010-19]

Self-Regulatory Organizations; EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend EDGA Rule 11.9 To Offer Anti-Internalization Qualifier ("AIQ") Functionality to Exchange Users

December 3, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 30, 2010, EDGA Exchange, Inc. (the "Exchange" or the "EDGA") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as constituting a "non-controversial" rule change under paragraph (f)(6) of Rule 19b-4 under the Act.³ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to offer Anti-Internalization Qualifier ("AIQ") functionality to Exchange Users pursuant to proposed Rule 11.9(f). The text of the proposed rule change is available on the Exchange's Web site at <http://www.directedge.com>, at the Exchange's principal office, at the Public Reference Room of the Commission, and the Commission's Web site.⁴

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in

Sections A, B and C below, of the most significant aspects of such statements

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to offer Anti-Internalization Qualifier ("AIQ") functionality to Exchange Users pursuant to proposed Rule 11.9(f).

Background

The proposed AIQ modifiers are designed to prevent two orders with the same Unique Identifier (as defined below) from executing against each other. The Exchange proposes to offer five AIQ modifiers that will be implemented and can be set at the market participant identifier ("MPID"), the Exchange Member identifier or the Anti-Internalization Group identifier level⁵ (any such identifier, a "Unique Identifier").⁶ With one exception, described below, the AIQ modifier on the incoming order controls the interaction between two orders marked with AIQ modifiers from the same Unique Identifier. The five AIQ modifiers are discussed more thoroughly below.

AIQ Cancel Newest ("CN")

An incoming order marked with the CN modifier will not execute against opposite side resting interest marked with any AIQ modifier originating from the same Unique Identifier. The incoming order marked with the CN modifier will be cancelled back to the originating User. The resting order marked with an AIQ modifier, which otherwise would have interacted with the incoming order from the same Unique Identifier, will remain on the EDGA book ("Book").

AIQ Cancel Oldest ("CO")

An incoming order marked with the CO modifier will not execute against opposite side resting interest marked with any AIQ modifier originating from the same Unique Identifier. The resting order marked with the AIQ modifier, which otherwise would have interacted with the incoming order by the same Unique Identifier, will be cancelled back to the originating User. The incoming order marked with the CO modifier will remain on the Book.

⁵ The Anti-Internalization Group identifier is a unique two character ID that an Exchange Member selects.

⁶ Any Exchange Member that has an MPID issued by FINRA is identified in the Exchange's internal systems by that MPID.
