

6(b) <sup>6</sup> of the Securities Exchange Act of 1934 (the "Act"), in general, and furthers the objectives of Section 6(b)(5) <sup>7</sup> in particular in that it is designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that allowing for liquidations at a price less than \$1 per option contract will better facilitate the closing of options positions that are worthless or not actively trading, especially in Penny Pilot issues where Cabinet Trades are not otherwise permitted.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were solicited or received with respect to the proposed rule change.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act <sup>8</sup> and Rule 19b-4(f)(6) thereunder <sup>9</sup> because the proposal does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.<sup>10</sup>

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission hereby grants the request. The Commission notes that

the proposal is nearly identical to the rules of another exchange.<sup>11</sup> Therefore, the Commission believes it is consistent with the protection of investors and the public interest to waive the 30-day operative delay and designates the proposal as operative upon filing.<sup>12</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.<sup>13</sup>

## II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

ISE currently has a payment-for-order-flow ("PFOF") program pursuant to which the Exchange charges a PFOF fee of \$0.65 per contract for all options classes that are not in the penny pilot program and are not subject to the Exchange's maker/taker fees. For penny pilot classes, the Exchange charges a PFOF fee of \$0.25 per contract. The Exchange's PFOF fee currently does not apply to market makers executing a Public Customer Order in the Exchange's Price Improvement Mechanism ("PIM"). For competitive reasons, the Exchange now proposes to apply its PFOF fee for Public Customer Orders executed in the Exchange's PIM. As a result of this change, ISE will be more competitive with the PFOF fee that at least one other options exchange<sup>3</sup> assesses for these types of orders. This proposed fee change will also allow ISE market makers to better compete for order flow.

The Exchange has designated this proposal to be operative on December 1, 2010.

#### 2. Statutory Basis

The basis under the Securities Exchange Act of 1934 (the "Exchange Act") for this proposed rule change is the requirement under Section 6(b)(4) that an exchange have an equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. In particular, the proposed fee change will

allow the Exchange and its market makers to better compete for order flow and thus enhance competition.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act<sup>4</sup> and Rule 19b-4(f)(2) thereunder<sup>5</sup> because it establishes a due, fee, or other charge imposed on its members by ISE. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
