SUPPLEMENTARY INFORMATION: The Willow project was originally analyzed in the 2020 Willow MDP/Final EIS and authorized in a ROD issued in October 2020. In August 2021, the U.S. District Court for the District of Alaska vacated the ROD and remanded the matter to BLM to correct deficiencies in the EIS regarding analysis of foreign greenhouse gas emissions and screening of alternatives for detailed analysis. In order to comply with this ruling, the BLM made numerous updates to the analysis, including development of a new alternative that substantially reduces infrastructure in the Teshekpuk Lake Special Area. This Draft Supplemental EIS complies with all applicable laws and current Department of the Interior guidance, including (but not limited to) NEPA, the Federal Land Policy and Management Act of 1976, the Alaska National Interest Lands Conservation Act, and the Naval Petroleum Reserves Production Act.

The input of Alaska Native Tribes and Corporations is of critical importance to this Supplemental EIS. Therefore, during the NEPA process, the BLM will continue to consult with potentially affected Federally recognized Tribes on a government-to-government basis, and with affected Alaska Native

Corporations in accordance with Executive Order 13175, as well as Public Law 108-199, Div. H, sec. 161, 118 Stat. 452, as amended by Public Law 108-447, Div. H, sec. 518, 118 Stat. 3267, and other Department and Bureau policies. We respectfully request participation in consultation by Alaska Native Tribes and Alaska Native Corporations to provide their views and recommendations on the analysis, including effects from the proposed activities. The BLM will hold individual consultation meetings upon request.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the Supplemental EIS. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions. Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
