DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2012-0024; Notice 1]

Supreme Indiana Operations, Inc., Receipt of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Receipt of petition.

SUMMARY: Startrans, a division of Supreme Indiana Operations, Inc., (Startrans)¹ has determined that certain Startrans trucks, buses, and multifunction school activity buses (MFSAB) manufactured from 2006 through 2011, do not fully comply with paragraph S5.3 of Federal Motor Vehicle Safety Standard (FMVSS) No. 120, *Tire selection and rims and motor home/recreation vehicle trailer load carrying capacity information for motor vehicles with a GVWR of more than 4,536 kilograms (10,000 pounds)*. Startrans has filed an appropriate report dated November 16, 2011, pursuant to 49 CFR part 573, *Defect and Noncompliance Responsibility and Reports*.

Pursuant to 49 U.S.C. 30118(d) and 30120(h) (see implementing rule at 49 CFR part 556), Startrans submitted a petition for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Startrans' petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

Vehicles involved: Affected are approximately: 97,271 Startrans 2006

of the affected vehicles. However, granting this petition does relieve distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant tires under their control after BMW notified them that the subject noncompliance existed.

¹ Supreme Indiana Operations, Inc., is manufacturer of motor vehicles and is registered under the laws of the state of Delaware.

through 2011 model year trucks, 9,543 Startrans 2007 through 2011 model year buses, and 436 model year 2007 through 2011 MFSAB.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, these provisions only apply to the subject vehicles that Startrans no longer controlled at the time it determined that the noncompliance existed.

Noncompliance: Startrans explains that the noncompliance is that the height of the lettering on the combined certification and tire information labels attached to the subject vehicles is less than that required by paragraph S5.3 of FMVSS No. 120. The lettering on the noncompliant labels is only 2.12 millimeters (mm) in height. The height required by paragraph S5.3 is 2.4 mm.

Rule text: Paragraph S5.3 of FMVSS No. 120 requires in pertinent part:

S5.3 Each vehicle shall show the information specified in S5.3.1 and S5.3.2 and, in the case of a vehicle equipped with a non-pneumatic spare tire, the information specified in S5.3.3, in the English language, lettered in block capitals and numerals not less than 2.4 millimeters high and in the format set forth following this paragraph. This information shall appear either—

(a) After each GAWR listed on the certification label required by § 567.4 or § 567.5 of this chapter; or at the option of the manufacturer,

(b) On the tire information label affixed to the vehicle in the manner, location, and form described in § 567.4(b) through (f) of this chapter as appropriate of each GVWR-GAWR combination listed on the certification label.

Summary of Startrans' Analysis and Arguments

Startrans determined that the subject noncompliance existed after being notified by the NHTSA's Office of Vehicle Safety Compliance (OVSC) that an apparent noncompliance was identified during an OVSC FMVSS No. 120 compliance test of a model year 2010 Startrans MFSAB.

Startrans makes the argument that the subject noncompliance is not performance related and is inconsequential to vehicle safety. The font height of the text on the certification label is just 0.28 mm less than the requirement, but the label text is clear, legible and meets all the other labeling requirements.

Startrans also states that the number of vehicles that potentially require

remedy is 107,250 and represents several concerns. These vehicles are already registered and currently represent no concern with licensing. To perform a remedy on this many vehicles invites the possibility of certification decals being reinstalled on the wrong vehicles.

Startrans has additionally informed NHTSA that it has corrected the noncompliance so that all future production vehicles will comply with FMVSS No. 120.

In summation, Startrans believes that the described noncompliance of its vehicles is inconsequential to motor vehicle safety, and that its petition, to exempt from providing recall notification of noncompliance as required by 49 U.S.C. 30118 and remedying the recall noncompliance as required by 49 U.S.C. 30120 should be granted.

Comments: Interested persons are invited to submit written data, views, and arguments on this petition. Comments must refer to the docket and notice number cited at the beginning of this notice and be submitted by any of the following methods:

a. *By mail addressed to:* U.S.

Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590.

b. *By hand delivery to:* U.S.

Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal Holidays.

c. *Electronically:* by logging onto the Federal Docket Management System (FDMS) Web site at <http://www.regulations.gov/>. Follow the online instructions for submitting comments. Comments may also be faxed to 1-202-493-2251.

Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that your comments were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to <http://www.regulations.gov/>, including any personal information provided.

Documents submitted to a docket may be viewed by anyone at the address and times given above. The documents may

also be viewed on the Internet at <http://www.regulations.gov> by following the online instructions for accessing the dockets. DOT's complete Privacy Act Statement is available for review in the **Federal Register** published on April 11, 2000, (65 FR 19477–78).

The petition, supporting materials, and all comments received before the close of business on the closing date indicated below will be filed and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the extent possible. When the petition is granted or denied, notice of the decision will be published in the **Federal Register** pursuant to the authority indicated below.

DATES: *Comment Closing Date:* April 23, 2012.

Authority: (49 U.S.C. 30118, 30120; delegations of authority at CFR 1.50 and 501.8)

Issued on: March 16, 2012.

Claude H. Harris,

Director, Office of Vehicle Safety Compliance.

BILLING CODE 4910–59–P

DEPARTMENT OF THE TREASURY

Financial Research Advisory Committee

AGENCY: Office of Financial Research, Treasury.

ACTION: Notice of establishment of the Financial Research Advisory Committee and solicitation of applications for Committee membership.

SUMMARY: The Treasury Department has determined that it is in the public interest to establish the Financial Research Advisory Committee. A Charter for the Committee has been prepared and will be filed no earlier than 15 days following the date of publication of this notice. This notice establishes criteria and procedures for the selection of members.

FOR FURTHER INFORMATION CONTACT: Andrea Ianniello, Office of Financial Research, Department of Treasury, (202) 622–3002.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act, (Pub. L. 92–463, 5 U.S.C. App. 2 § 1–16, as amended), the Treasury Department intends to establish the following advisory committee, pursuant to its Charter:

Title: Financial Research Advisory Committee.

Purpose: The purpose of the Committee is to provide advice and

recommendations to the Office of Financial Research (OFR) and to assist the OFR in carrying out its duties and authorities. The OFR will benefit from the knowledge, experience, and perspective of academics, researchers, industry leaders, government officials, and others.

Statement of Public Interest: It is in the public interest to establish, under the provisions of the Federal Advisory Committee Act, the Financial Research Advisory Committee (“Committee”). The Committee shall be a continuing advisory committee with an initial two-year term, subject to two-year re-authorizations. The Committee provides an opportunity for academics, researchers, industry leaders, and other qualified individuals to offer their expert advice and recommendations to the OFR, which among other things, is responsible for collecting and standardizing data on financial institutions and their activities and for supporting the work of federal financial regulators and researchers. These views will be offered to the Director of the OFR on a regular basis. There exists no other source within the Federal government that could serve this function.

Background

The OFR was established under Title I of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Pub.L. 111–203, July 21, 2010). The purpose of the OFR is to support the Financial Stability Oversight Council (Council) in fulfilling the purposes and duties of the Council and to support the Council’s member agencies by:

- Collecting data on behalf of the Council, and providing such data to the Council and member agencies;
- Standardizing the types and formats of data reported and collected;
- Performing applied research and essential long-term research;
- Developing tools for risk measurement and monitoring;
- Performing other related services;
- Making the results of the activities of the OFR available to financial regulatory agencies; and
- Assisting such member agencies in determining the types and formats of data authorized by the Dodd-Frank Act to be collected by such member agencies.

Objective, Scope, and Description of the Committee

The Committee will advise the OFR on issues related to the responsibilities of the office.

The Committee shall provide its advice, recommendations, analysis, and

information directly to the OFR. The OFR may share the Committee’s advice and recommendations with the Secretary of the Treasury or other Treasury officials. The OFR will share information with the Committee as the Director determines will be helpful in allowing the Committee to carry out its role.

Members will be selected by the Department from persons that are recognized experts in the fields of economics, financial institutions and markets, statistical analysis, financial markets analysis, econometrics, applied sciences, risk management, data, information standards, technology, or other areas related to OFR’s duties and authorities, or may be representatives of sectors related to OFR’s duties and authorities. Members should also have experience as a widely-recognized academic or research expert in a field related to OFR’s duties and authorities, as a senior leader or respected professional within an industry sector related to OFR’s duties and authorities, or as a financial regulator or official in an area related to OFR’s duties and authorities.

Appointments will be made with the objective of creating a diverse and balanced body with a variety of interests, backgrounds, and viewpoints represented. The Committee shall consist of not more than 30 members.

The Committee will be chaired by a member selected by OFR.

The Committee will function for a two-year period before renewal or termination. It will meet at such intervals as are necessary to carry out its duties. Each year, the Committee intends to conduct one orientation session, as needed, approximately two public meetings, and several work sessions.

The meetings are open to public observers, including the press, unless prior notice has been provided for a closed meeting.

No person who is a Federally-registered lobbyist may serve on the Committee. Membership on the Committee is limited to the individuals appointed and is non-transferrable. Regular attendance is essential to the effective operation of the Committee.

Application for Advisory Committee Appointment

There is no prescribed format for the application. Applicants may send a cover letter describing their interest, reasons for application, and qualifications, and should enclose a complete professional biography or resume.
