Vol. 67, No. 78

Tuesday, April 23, 2002

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

BROADCASTING BOARD OF GOVERNORS

Sunshine Act Meeting

DATE AND TIME: April 25, 2002; 10 a.m.–12:30 p.m.

PLACE: Radio Free Asia, Suite 300, 2025 M Street, NW., Washington, DC 20036.

CLOSED MEETING: The members of the Broadcasting Board of Governors (BBG) will meet in closed session to review and discuss a number of issues relating to U.S. Government-funded non-military international broadcasting. They will address internal procedural, budgetary, and personnel issues, as well as sensitive foreign policy issues relating to potential options in the U.S. international broadcasting field. This meeting is closed because if open it likely would either disclose matters that would be properly classified to be kept secret in the interest of foreign policy under the appropriate executive order (5 U.S.C. 552b.(c)(1)) or would disclose information the premature disclosure of which would be likely to significantly frustrate implementation of a proposed agency action. (5 U.S.C. 552b.(c)(9)(B)) In addition, part of the discussion will relate solely to the internal personnel and organizational issues of the BBG or the International Broadcasting Bureau. (5 U.S.C. 552b.(c)(2) and (6)).

CONTACT PERSON FOR MORE INFORMATION: Persons interested in obtaining more information should contact either Brenda Hardnett or Carol Booker at (202) 401–3736.

Dated: April 17, 2002.

Carol Booker,

Legal Counsel.

Notice of Amended Final Antidumping Duty Administrative Review: Stainless Steel Plate in Coils from the Republic of Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amended final results of antidumping duty administrative review of stainless steel plate in coils from the Republic of Korea.

EFFECTIVE DATE: April 23, 2002.

FOR FURTHER INFORMATION CONTACT: Brandon Farlander and Robert Bolling, AD/CVD Enforcement Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, DC 20230; telephone: (202) 482–0182 and (202) 482–3434, respectively.

SUPPLEMENTARY INFORMATION:

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (“the Act”), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (“URAA”). In addition, unless otherwise indicated, all citations to the Department’s regulations are to the regulations codified at 19 C.F.R. Part 351 (2001).

Scope of the Review

For purposes of this administrative review, the product covered by this order is certain stainless steel plate in coils. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. The subject plate products are flat-rolled products, 254 mm or over in width and 4.75 mm or more in thickness, in coils, and annealed or otherwise heat treated and pickled or otherwise descaled. The subject plate may also be further processed (e.g., cold-rolled, polished, etc.) provided that it maintains the specified dimensions of plate following such processing.

Excluded from the scope of this order is the following: (1) Plate not in coils, (2) plate that is not annealed or otherwise heat treated and pickled or otherwise descaled, (3) sheet and strip, and (4) flat bars. In addition, certain cold-rolled stainless steel plate in coils is also excluded from the scope of this order. The excluded cold-rolled stainless steel plate in coils is defined as that merchandise which meets the physical characteristics described above that has undergone a cold-reduction process that reduced the thickness of the steel by 25 percent or more, and has been annealed and pickled after this cold reduction process.

The merchandise subject to this order is currently classifiable in the Harmonized Tariff Schedule of the United States (HTS) at subheadings: 7219.11.00.30, 7219.11.00.60, 7219.12.00.06, 7219.12.00.21, 7219.12.00.26, 7219.12.00.51, 7219.12.00.56, 7219.12.00.66, 7219.12.00.71, 7219.12.00.81, 7219.90.00.10, 7219.90.00.20, 7219.90.00.25, 7219.90.00.60, 7219.90.00.80, 7220.11.00.00, 7220.90.00.10, 7220.90.00.15, 7220.90.00.60, and 7220.90.00.80. Although the HTS subheadings are provided for convenience and Customs purposes, the written description of the scope of the orders is dispositive.

Amendment of Final Results

On December 4, 2001, the Department of Commerce (“the Department”) issued its final results for the administrative review of the antidumping duty order on stainless steel plate in coils from the Republic of Korea for the November 4, 1998, through April 30, 2000, period of review. *See Stainless Steel Plate in Coils From the Republic of Korea; Final Results of Antidumping Duty Administrative Review (“Final Results”)*, 66 FR 64017 (December 11, 2001).

Interested parties did not file any ministerial error comments on the *Final Results*. However, the Department discovered that it unintentionally stated that the all others rate is the rate determined in the original less-than-fair value (“LTFV”) investigation, rather than the all others rate determined in the amended final determination of the LTFV investigation. *See Notice of Amendment of Final Determinations of Sales at Less Than Fair Value: Stainless*

Steel Plate in Coils From the Republic of Korea; and Stainless Steel Sheet and Strip in Coils From the Republic of Korea ("Amended Final Determinations"), 66 FR 45279 (August 28, 2001).

Our *Final Results* erroneously stated that the "all others rate" applicable to exporters or manufacturers who have not been covered in this review or investigated in the original LTFV investigation is 16.26 percent rather than the 6.08 percent established in the *Amended Final Determinations*. Thus, the correct all others rate is the all others rate established in the *Amended Final Determinations*.

The Department's regulations define a ministerial error as an "error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial," citing 19 CFR 351.224(f). Therefore, the Department notes that it is now correcting this ministerial error and stating that the correct all others rate is 6.08 percent, in accordance with the *Amended Final Determinations*.

Therefore, we are amending the final results of the antidumping duty administrative review of stainless steel plate in coils from the Republic of Korea to reflect the correction of the above-cited ministerial error.

No other changes have been made to the cash deposit requirements provided in the *Final Results*.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: April 12, 2002

Assistant Secretary for Import Administration.

National Institute of Standards and Technology

Advanced Technology Program; Announcement of Public Meetings

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice of public meetings (Proposers' Conferences).

SUMMARY: The National Institute of Standards and Technology (NIST) invites interested parties to attend public meetings (Proposers' Conferences) to learn more about the Advanced Technology Program (ATP). The format and content of each of the public meetings will be the same. The ATP is a competitive cost-sharing program designed for the Federal government to work in partnership with industry to accelerate the development and broad dissemination of challenging, high-risk technologies that offer the potential for significant commercial payoffs and widespread benefits for the nation. This unique government-industry partnership accelerates the development of emerging or enabling technologies leading to revolutionary new products, industrial processes and services that can compete in rapidly changing world markets. The ATP challenges industry to take on higher risk projects with commensurately higher potential payoff to the nation. The ATP provides multi-year funding to single companies and to industry-led joint ventures.

DATES: The public meetings will be held on May 8, 2002 and May 10, 2002 in San Jose, California and Chicago (Rosemont), Illinois, respectively. In addition, on April 18, 2002, ATP announced in the **Federal Register** a Notice of a Proposers' Conference for May 2, 2002, in Gaithersburg, Maryland. All three meetings will be held from 9:30 a.m.-12:30 p.m. local time.

ADDRESSES: The meetings will be held at the following three locations: Thursday, May 2, 2002, Gaithersburg Hilton, 620 Perry Parkway, Gaithersburg, Maryland, Tel: 301-977-8900, Fax: 301-977-3450; Wednesday, May 8, 2002, Double Tree Hotel, 2050 Gateway Place, San Jose, California, Tel: 408-453-4000, Fax: 408-437-2898; and Friday, May 10, 2002, Holiday Inn O'Hare International, 5440 North River Road, Chicago (Rosemont), Illinois, Tel: 847-671-6350, Fax: 847-671-5406.
