

America, Buy America (BABA) Waiver Request Data Collection.”

In accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. chapter 35) and Office of Management and Budget (OMB) regulations at 5 CFR part 1320, this notice provides the general public and Federal agencies with an opportunity to comment on the new information collection. This will help USDA assess the impact of its information collection requirements and minimize the public's reporting burden.

USDA is soliciting comments on the proposed information collection described below. This will be a common form available for other Federal Agencies to adopt. The use of a common form will allow for greater standardization of information collection. USDA is especially interested in public comment addressing the following issues: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of technology. All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Additional Information: Pursuant to the OMB procedures established at 5 CFR part 1320, USDA requests that the following information collection, Build America, Buy America (BABA) Waiver Request Data Collection, be processed in accordance with section 1320.13 Emergency Processing. This information collection is essential to USDA's ability to effectively approve waiver requests for USDA recipients and subrecipients as required in accordance with section 70914 of BABAA and OMB Memorandum M-22-11. This information collection will keep projects moving and prevent immediate

delays to critically important infrastructure projects.

Tyson P. Whitney,

Director, Transparency and Accountability Reporting Division, Office of the Chief Financial Officer, U.S. Department of Agriculture.

Forest Service

Comprehensive River Management Plan (CRMP) for Middle Fork Snoqualmie and Pratt Wild and Scenic Rivers on Mt. Baker-Snoqualmie National Forest, Forest Service, King County, Washington

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice of availability.

SUMMARY: In accordance with Section 3(d)(1) of the Wild and Scenic Rivers Act, the USDA Forest Service announces the completion and availability of a comprehensive river management plan (CRMP) for the Middle Fork Snoqualmie and Pratt Wild and Scenic Rivers.

FOR FURTHER INFORMATION CONTACT:

Information may be obtained by contacting Sarah Lange, Recreation Planner, Mt. Baker-Snoqualmie National Forest Supervisor's Office, 2930 Wetmore Avenue, Suite #3, Everett, Washington, 98201, 425-293-4156, or at sarah.lange@usda.gov.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at 800-877-8339. Additionally, program information may be made available in languages other than English.

SUPPLEMENTARY INFORMATION: On September 29, 2022, Mt. Baker-Snoqualmie Forest Forest Supervisor Jody Weil signed a decision notice to adopt the CRMP for the Middle Fork Snoqualmie and Pratt Wild and Scenic Rivers on National Forest System Lands. The CRMP for the Middle Fork Snoqualmie and Pratt Wild and Scenic Rivers addresses resource protection, development of lands and facilities, user capacities, and other management practices necessary or desirable to achieve the purposes of the Wild and Scenic Rivers Act. This CRMP was prepared after consultation with Tribes

and State and local governments and the interested public. An Environmental Assessment (EA) was prepared as part of the CRMP development in compliance with the National Environmental Policy Act and other relevant federal laws and regulations. The EA discloses the direct, indirect, and cumulative environmental effects that would result from adopting the CRMP. The CRMP, EA and decision notices are available for review at the following website: <https://www.fs.usda.gov/project/?project=53997>. Also, the documents are available at the Mt. Baker-Snoqualmie National Forest Supervisor's Office, 2930 Wetmore Avenue, Suite #3, Everett, Washington, 98201.

Dated: January 26, 2023.

National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Current Agricultural Industrial Reports (CAIR) program.

DATES: Comments on this notice must be received by April 3, 2023 to be assured of consideration.

ADDRESSES:

- **Email:** ombofficer@nass.usda.gov. Include the docket number above in the subject line of the message.
- **Efax:** (855) 838-6382.
- **Mail:** Mail any paper, disk, or CD-ROM submissions to: Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250-2024.
- **Hand Delivery/Courier:** Hand deliver to: Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250-2024.

FOR FURTHER INFORMATION CONTACT:

Kevin L. Barnes, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720-2707. Copies of this information collection and related instructions can be obtained without charge from Richard Hopper, NASS—OMB Clearance Officer, at (202) 720-2206 or at ombofficer@nass.usda.gov.

SUPPLEMENTARY INFORMATION: Changes from the currently approved information collection include:

(1) NASS currently collects “Vegetable foots, raw and acidulated” data in the monthly Animal and Vegetable Fats and Oils survey and publishes results that meet NASS confidentiality and quality standards in the “Fats and Oils: Oilseed Crushings, Production, Consumption and Stocks publication. Data collected from the most recently approved information collection did not allow for results to be published since they did not meet NASS confidentiality and quality standards and it is unlikely that future surveys will allow publishable results. Vegetable foot data will be discontinued as part of this information collection request.

(2) NASS currently collects “Sorghum used to produce alcohol” data in the monthly Dry Mill Producers survey and

publishes results that meet NASS confidentiality and quality standards in the Grain Crushings and Co-Products Production publication. NASS consulted with the Department of Energy’s Energy Information Administration (EIA) and it was decided that EIA will be considered the sole source of data for Sorghum consumed for alcohol.

These changes will not affect number of respondents and estimated burden.

Title: Current Agricultural Industrial Reports (CAIR).

OMB Control Number: 0535-0254.

Expiration Date of Approval: June 30, 2023.

Type of Request: To revise and extend a currently approved information collection for a period of three years.

Abstract: NASS began collecting data for the Current Agricultural Industrial Reports (CAIR) in the latter half of 2014. This replaced a portion of the Current Industrial Reports (CIR) program (0607-0476) which was conducted by the U.S. Census Bureau previously. The CIR was discontinued on April 30, 2012. The previous approval (0607-0476) was for 47 different surveys.

Data from the agricultural instruments are used to generate four separate publications. The data from these surveys supply data users with

important information on the utilization of many of the crops, livestock, and poultry produced in the United States. NASS collects crop data on acres planted and harvested, production, price and stocks for these crops (grains, oilseeds, cotton, nuts, etc.), along with livestock data on the number of animals and poultry produced, slaughtered, prices, and the amount of meat kept in cold storage. The CAIR data series provides data users with vital information on how much of these commodities were processed into fuels, cooking oils, flour, fabric, etc. These data are needed to provide a more complete picture of the importance of agriculture to the American population.

In order to maintain a complete and comprehensive list of operations, NASS also conducts an Operation Profile periodically to add new operations to the survey population. This profile is also used to identify operations that do not meet the criteria to be included in this group of surveys also to serve as a training tool. The training that will be provided is designed to help insure consistent, accurate, and complete data reported on a monthly/annual basis. These surveys will be conducted as a part of the Census of Agriculture and are mandatory as defined under Title 7, Sec. 2204(g).

Publication No.*	Form No.*	Survey title	Reporting status	Frequency	Methodology
M311N	M311N	Operation Profile	Voluntary	Annual	Universe.
M311J	M311C	Animal & Vegetable Fats and Oil	Mandatory	Monthly	Universe.
	M311J	Corn (Wet and Dry Producers of Ethanol)	Mandatory	Monthly	Universe.
		Oilseeds, Beans, and Nuts (Primary Producers)	Mandatory	Monthly	Universe.
M313P	M311H	Cotton in Private Storage **	Mandatory	Annual	Universe.
	M313P	Consumption on the Cotton System and Stocks	Mandatory	Monthly	Universe.
MQ311A	MQ311A	Flour Milling Products	Mandatory	Quarterly	Universe.

* The Form numbers and publication numbers appear on the surveys previously conducted by the Census Bureau.

** Cotton in Private Storage is published in the September publication only.

Primary users of these data include government and regulatory agencies, business firms, trade associations, and private research and consulting organizations. The USDA World Agricultural Outlook Board (WAOB) uses the data in many of their indexes. The Bureau of Economic Analysis (BEA) and the Bureau of Labor Statistics (BLS) uses the data in the estimation of components of gross domestic product (GDP) and the estimate of output for productivity analysis, respectively. Many government agencies, such as the Department of Agriculture, Food and Drug Administration, Bureau of Economic Analysis, and International Trade Administration use the data for

industrial analysis, projections, and monitoring import penetration.

The National Agricultural Statistics Service will use the information collected only for statistical purposes and will publish the data only as tabulated totals.

Authority: The census of agriculture and subsequent follow-on censuses are required by law under the “Census of Agriculture Act of 1997,” 7 U.S.C. 2204(g). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in

accordance with the Paperwork Reduction Act of 1995, Pub. L. 104-13 and Office of Management and Budget regulations at 5 CFR part 1320.

All NASS employees and NASS contractors must also fully comply with all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2018, Title III of Pub. L. 115-435, codified in 44 U.S.C. Ch. 35. CIPSEA supports NASS’s pledge of confidentiality to all respondents and facilitates the agency’s efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 8–40 minutes per response. Publicity materials and instruction sheets will account for about 15 minutes of additional burden per respondent, annually. Respondents who refuse to complete the survey will be allotted 2 minutes of burden per attempt to collect the data.

Respondents: The target population will consist of managers of processing facilities that produce oils and fats from animals, grains, oilseeds, nuts, tree fruits or vegetables; or operations that are involved in the storing, rendering, or marketing of these products. Managers of ethanol plants, cotton gins, and flour mills will also be included in the target population for this group of surveys.

Estimated Number of Respondents: 760.

Estimated Total Annual Burden on Respondents: 2,400 hours.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, December 15, 2022.

Kevin L. Barnes,

Associate Administrator.
