

parts 1977, 1978, 1982, and 1983, require no particular form of filing for complaints.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on individuals who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend its approval of the information collection requirements contained in the regulations containing procedures for handling retaliation complaints at 29 CFR parts 24, 1978, 1979, 1980, 1981, 1982, and 1983.¹ OSHA is proposing to increase the burden hours in the currently approved information collection request from 390 burden hours to 2,160 burden hours (a total increase of 1,770 hours). These information collection requirements are included in this extension. This increase is due to the Agency's determination that all of the Agency's regulations containing procedures for the investigation of retaliation complaints, regardless of the form used to file a complaint, contain information collection requirements associated with the initiation of the complaint. The increase is also due to updated information showing an increase in the annual number of complaints filed. The Agency will summarize the comments submitted in response to this notice, and will include this summary in the request to OMB.

Type of Review: Extension of a currently approved collection.

Title: Regulations Containing Procedures for Handling Retaliation Complaints.

OMB Number: 1218-0236.

Affected Public: Individuals.

Number of Respondents: 2,160.

Frequency of Recordkeeping: Once per complaint.

Average Time per Response: 1 hour.

Total Annual Hours Requested: 2,160.

Estimated Cost (Operation and Maintenance): \$0.
