

during the Exchange's transition to the Pillar trading platform.

Exchange Rule 935NY provides that orders submitted to the COA Process in Exchange Rule 980NY(e) satisfy the order exposure requirements in Exchange Rule 935NY. The Exchange proposes to amend Exchange Rule 935NY to provide that orders submitted to the Pillar COA in proposed Exchange Rule 980NYP(f) also satisfy the order exposure requirements of Exchange Rule 935NY. The Commission believes that the proposed change to Exchange Rule 935NY is consistent with the Act because, as discussed above, the COA Auction in proposed Exchange Rule 980NYP(f) is substantially identical to the COA in Exchange Rule 980NY(e).

IV. Solicitation of Comments on Amendment No. 1

Interested persons are invited to submit written data, views, and arguments concerning whether Amendment No. 1 is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSEAMER-2023-17 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.
- All submissions should refer to File Number SR-NYSEAMER-2023-17. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10

a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-NYSEAMER-2023-17 and should be submitted on or before July 13, 2023.

V. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 1

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 1, prior to the thirtieth day after the date of publication of the notice of Amendment No. 1 in the **Federal Register**. Amendment No. 1 revises the Exchange's original proposal to make the changes discussed in detail above. Notably, Amendment No. 1 revises the definition of DBBO in proposed Exchange Rule 980NYP(a)(5)(A) to clarify collar value used to determine the DBBO, clarifies a cross-reference in the definition of "Electronic Complex Order," and eliminates the proposed definition of "Complex BBO," which is unnecessary because the term is not used in the proposed rules. Amendment No. 1 also revises proposed Exchange Rule 980NYP(c)(4) to indicate that ECOs may be quoted, as well as traded in \$0.01 increments, revises proposed Exchange Rule 980NYP(d)(3)(B)(iii) to more clearly describe the execution of ECOs eligible to participate in an opening or reopening auction, and revises proposed Exchange Rule 980NYP(f)(4) to describe the execution of RFR Responses in a COA. Amendment No. 1 also provides additional analysis of several aspects of the proposal, including identifying provisions in the proposal that are identical to NYSE Arca Rule 6.91P-O and more fully explaining the process for determining the DBBO, thereby facilitating the Commission's ability to make the findings set forth above to approve the proposal. The Commission believes that Amendment No. 1 does not raise any novel regulatory issues. Accordingly, the Commission finds good cause for approving the proposed rule change, as modified by Amendment No. 1, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹²³ that the proposed rule change (SR-NYSEAMER-2023-17), as modified by Amendment No. 1, is approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹²⁴

J. Matthew DeLesDernier,
Deputy Secretary.

Abstract of Proposed Collection

• *1405–0011, DS–2029, Application for Consular Report of Birth Abroad of a Citizen of the United States of America:* The form is used to apply for a Consular Report of Birth Abroad of a U.S. citizen. The information collected on this form will be used to certify the acquisition of U.S. citizenship at birth of a person born abroad. 8 U.S.C. 1104 and 22 CFR 50.5–50.7 are among the important legal authorities pertaining to the Department's use of this form.

• *1405–0187, DS–5507, Affidavit of Physical Presence or Residence, Parentage, and Support:* The form is used to determine whether a U.S. national parent has met the statutory physical presence or residence requirements to transmit U.S. nationality to their child born abroad or in a United States territory for U.S. noncitizen nationality; to establish parentage of the child; and to fulfill the requirements of 8 U.S.C. 1409(a), which permits acknowledgment of paternity under oath and requires the U.S. citizen father's written agreement to provide financial support for a child born abroad out of wedlock to a U.S. citizen father.

The DS–2029, Application for Consular Report of Birth Abroad of a Citizen of the United States of America, has been amended based on changes in Department policy. The Department's new gender policy permits passport applicants to select the gender marker on their passport without presenting medical documentation of gender transition. This policy change includes updating forms to add a third gender marker “X” for applicants identifying as unspecified or another gender identity (in addition to the existing “M” and “F” gender markers).

Both the DS–2029 and the DS–5507 have been amended to replace the term “sex” with “gender” and to be pronoun-inclusive of all genders.

Both forms have been amended to reflect the Department's updated interpretation of Section 301 of the Immigration and Nationality Act (INA). Under the updated interpretation, INA Section 301 applies to children born abroad to parents who are married to each other at the time of the child's birth, when the child has a genetic or gestational connection to at least one of the parents in the marriage, and one of

the parents in the marriage is a U.S. citizen. This updated interpretation accommodates modern families and the growing use of Assisted Reproductive Technology (ART) and surrogacy. The Department's previous interpretation of the INA required a child born abroad to a U.S. citizen parent and a foreign national parent to have a genetic or gestational tie to the U.S. citizen parent to acquire U.S. citizenship at birth (if all other statutory transmission requirements are met). The Department had considered births abroad where one of the parents did not have a genetic or gestational tie to the child as “out of wedlock,” even if the parents were married, and adjudicated such claims under INA Section 309. The Department will now adjudicate citizenship claims under the “in wedlock” provisions of INA Section 301 when the parents are married at the time of the child's birth and at least one parent has a genetic or gestational tie to the child. Under the updated interpretation, the child may have a genetic or gestational tie to either parent in a legal marriage—if one of those parents is a U.S. citizen and all other statutory transmission requirements have been met—to acquire U.S. citizenship at birth. A child born abroad in this circumstance is now considered to be born “in wedlock” for the purposes of INA Section 301.

Finally, the DS–5507 instructions regarding periods of physical presence or residence in the United States or abroad have been amended to decrease the burden on the public by clarifying that the Department will accept just the Month and Year [or MM–YYYY format] for time frames if exact dates are unknown. However, the instructions also indicate that the individual may be asked to provide exact dates if necessary to determine that statutory transmission requirements have been met.

Methodology

Parents normally submit an application for a Consular Report of Birth Abroad at a U.S. embassy or consulate in the consular district in which the birth occurred. A consular officer will interview the parent(s)/guardian, examine the application and supporting documentation, and enter the information provided into the Department of State American Citizen Services (ACS) electronic database.

Parent(s) may complete and submit the Affidavit of Physical Presence or Residence, Parentage, and Support in person or by mail. The form may be accessed online, completed electronically, printed, and signed; or it may be downloaded, printed, and filled out manually.

The DS-2029 is also available in an online format (known as “eCRBA”). The eCRBA will allow applicants to enter their data, upload required documents, pay fees, and schedule an appointment to appear at the adjudicating post for an interview. Additionally, the applicant will be able to check the status of their application. The eCRBA pilot launched in March 2019 at posts located in Toronto, Mexico City, Frankfurt, Paris, Tokyo, and Sydney. The Department continues to work on enhancements with an anticipated phased global rollout in 2023.

Deputy Director, Office of Directives Management, Department of State.
