Approval and Promulgation of Air Quality Implementation Plan: Kentucky; Approval Section 110(a)(1) Maintenance Plan for the 1997 8-Hour Ozone Standard for the Paducah Area; Limited Reopening of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; limited reopening of the comment period.

SUMMARY: EPA is announcing a 30-day reopening of the public comment period for the proposed rule entitled "Approval and Promulgation of Air Quality Implementation Plan: Kentucky; Approval Section 110(a)(1) Maintenance Plan for the 1997 8-Hour Ozone Standard for the Paducah Area," for the purpose of limited public review and comment of supplemental information that was provided by the Commonwealth of Kentucky on July 15, 2009, in support of the Paducah Area 110(a)(1) maintenance plan. The Paducah, KY Area consists of Marshall and a portion of Livingston Counties. The proposed rule was initially published in the **Federal Register** on January 4, 2010. The reason for this limited reopening of the comment period is that EPA has learned that supplemental information relating to projected emissions for the Paducah Area that was referenced in the proposed rulemaking January 4, 2010 (75 FR 97) was inadvertently omitted from the electronic docket when that proposed rulemaking was published. EPA has since made that information available in the electronic docket and wants to ensure an opportunity for the public to comment on that information. The July 15, 2009 supplemental information can be viewed online at <http://www.regulations.gov> using docket ID No. EPA-R04-OAR-2007-1186-0043.

Thus, EPA is reopening the comment period for an additional thirty days, for the limited purpose of providing an opportunity for public comment on the supplemental information added to the docket after publication of the proposed rulemaking.

DATES: The comment period for the proposed rule published on January 4, 2010 (75 FR 97), is reopened. Comments must be received on or before March 29, 2010.

If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. SUPPLEMENTARY INFORMATION: The proposed rule was signed by the Acting Regional Administrator on December 22, 2009, and published in the **Federal Register** on January 4, 2010 (75 FR 97). The comment period for this proposed action closed on February 3, 2010. EPA did not receive any adverse comments during this public comment period. However, EPA noticed an inadvertent omission of the July 15, 2009, supplement that Kentucky provided from the electronic docket at <http://www.regulations.gov>. Since EPA referenced this supplement in the January 4, 2010, proposed rulemaking, EPA is reopening the comment period for this proposed action for the limited purpose of allowing the public the opportunity to review and consider this supplemental information in regards to EPA's proposed rulemaking. The July 15, 2009, supplement (which was included in the electronic docket on

February 4, 2010) contains updated emissions inventory projections for both the Paducah and Owensboro Areas.

Dated: February 12, 2010.

Acting Regional Administrator, Region 4.
