Title: 46 CFR part 535—Ocean Common Carrier and Marine Terminal Operator Agreements Subject to the Shipping Act of 1984.

OMB Control Number: 3072-0045 (Expires May 31, 2010).

Abstract: Section 4 of the Shipping Act of 1984, 46 U.S.C. 40301(a)-(c), identifies certain commercial agreements by or among ocean common carriers and marine terminal operators (MTOs) that fall within the jurisdiction of that Act. Section 5 of the Shipping Act, 46 U.S.C. 40302, requires that carriers file those agreements with the

Federal Maritime Commission. Section 6 of the Act, 46 U.S.C. 40304, 40306, and 41307(b)-(d), specifies the Commission actions that may be taken with respect to filed agreements, including requiring the submission of additional information. Section 15 of the Act, 46 U.S.C. 40104, authorizes the Commission to require that common carriers, among other persons, file periodic or special reports. Requests for additional information and the filing of periodic or special reports are meant to assist the Commission in fulfilling its statutory mandate of overseeing the activities of the ocean transportation industry. These reports are necessary so that the Commission can monitor agreements parties' activities to determine how or if their activities will have an impact on competition.

Current Actions: There are no changes to this information collection, and it is being submitted for extension purposes only.

Type of Review: Extension.

Needs and Uses: The Commission staff uses the information filed by agreement parties to monitor their activities as required by the Shipping Act of 1984. Under the general standard set forth in section 6(g) of the Act, 46 U.S.C. 41307(b)(1), the Commission must determine whether filed agreements are likely, by a reduction in competition, to produce an unreasonable reduction in transportation service or an unreasonable increase in transportation cost. If it is shown, based on information collected under this rule, that an agreement is likely to have the foregoing adverse effects, the Commission may bring suit in the U.S. District Court for the District of Columbia to enjoin the operation of that agreement. Other than an agreement filed under section 5 of the Act, the information collected may not be disclosed to the public except as may be relevant to an administrative or judicial proceeding, and disclosure to Congress.

Frequency: This information is collected generally on a quarterly basis or as required under the rules.

Type of Respondents: The types of respondents are ocean common carriers and MTOs subject to the Shipping Act of 1984.

Number of Annual Respondents: The Commission estimates a potential annual respondent universe of 589 entities.

Estimated Time Per Response: The average time for filing agreements, including the preparation and submission of information required on Form FMC-150, *Information Form for Agreements Between or Among Ocean*

Common Carriers, is estimated to be 8.3 person-hours per response. The average time for completing Form FMC-151, *Monitoring Report for Agreements Between or Among Ocean Common Carriers*, is estimated to be 20.7 person-hours per response, depending on the complexity of the required information. The average time for reporting for all responses is 7.1 person-hours.

Total Annual Burden: The Commission estimates the total person-hour burden at 10,402 person-hours.

Karen V. Gregory,
Secretary.

Agency Information Collection Activities: Proposed Collection: Comment Request

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Pub. L. 104-13), the Health Resources and Services Administration (HRSA) publishes periodic summaries of proposed projects being developed for submission to Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995. To request more

information on the proposed project or to obtain a copy of the data collection plans and draft instruments, call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: The Health Education Assistance Loan (HEAL) Program: Physician's Certification of Borrower's Total and Permanent Disability Form (OMB No. 0915-0204)—Extension

The Health Education Assistance Loan (HEAL) program provided federally-insured loans to students in schools of allopathic medicine, osteopathic medicine, dentistry, veterinary medicine, optometry, podiatric medicine, pharmacy, public health, allied health, or chiropractic, and graduate students in health administration or clinical psychology through September 30, 1998. Eligible lenders, such as banks, savings and loan associations, credit unions, pension funds, State agencies, HEAL schools, and insurance companies, made new

refinanced HEAL loans which are insured by the Federal Government against loss due to borrower's death, disability, bankruptcy, and default. The basic purpose of the program was to assure the availability of funds for loans to eligible students who needed to borrow money to pay for their educational loans. Currently, the program monitors the federal liability, and assists in default prevention activities.

The HEAL borrower, the borrower's physician, and the holder of the loan completes the Physician's Certification form to certify that the HEAL borrower meets the total and permanent disability provisions. The Department uses this form to obtain detailed information about disability claims which includes the following: (1) The borrower's consent to release medical records to the Department of Health and Human Services and to the holder of the borrower's HEAL loans, (2) pertinent information supplied by the certifying physician, (3) the physician's certification that the borrower is unable to engage in any substantial gainful activity because of a medically determinable impairment that is expected to continue for a long and indefinite period of time or to result in death, and (4) information from the lender on the unpaid balance. Failure to submit the required documentation will result in disapproval of a disability claim. No changes have been made to the current form.

The estimate of burden for the Physician's Certification form is as follows:

Type of respondent	Number of respondents	Responses per respondents	Number of responses	Minutes per response	Total burden hours
Borrower	75	1	75	5	6
Physician	75	1	75	30	38
Loan Holder	13	6	78	10	13
Total	163	228	57
