SUPPLEMENTARY INFORMATION: *Title:* Egg Products Hazard Analysis and Critical Control Point and Sanitation Standard Operating Procedures

OMB Number: 0583-0172.

Expiration Date of Approval: January 31, 2024.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). This statute mandates that FSIS protect the public by verifying that egg products are safe, wholesome, and properly labeled and packaged.

FSIS is requesting renewal of the approved information collection regarding egg products HACCP and Sanitation SOPs. There are no changes to the information collection. The approval for this information collection will expire on January 31, 2024.

FSIS requires official plants to develop and maintain HACCP plans and Sanitation SOPs, as well as various transaction records. The plant maintains on file the name and a brief resume of the HACCP trained individuals who participate in the hazard analysis and subsequent development of the HACCP plans. Plants develop written HACCP plans that include: identification of hazards reasonably likely to occur in the production process; identification and description of the critical control point (CCP) for each identified hazard; specification of the critical limit which may not be exceeded at the CCP, and, if appropriate, a target limit; description of the monitoring procedure or device to be used; description of the corrective action to be taken if the limit is exceeded; description of the records which would be generated and maintained regarding this CCP; and description of the facility verification activities and the frequency at which they are to be conducted. The adequacy of a plant's HACCP plan must be reassessed at least annually and whenever changes occur that could affect the hazard analysis or alter the HACCP plan.

Each processor is also required to develop and maintain a Sanitation SOP. The Sanitation SOP specifies the cleaning and sanitizing procedures for all equipment and facilities involved in the production of every product. As part of the Sanitation SOP, a plant employee records results of daily sanitation checks at the frequencies stated in the Sanitation SOP. The burden of documenting the adherence to the Sanitation SOP is based on three factors: Recording, reviewing, and storage. Recording encompasses conducting and inscribing the finding from an observation and filing of the document produced.

FSIS has made the following estimates based upon an information collection assessment:

Respondents: Official egg products plants.

Estimated No. of Respondents: 132.

Estimated No. of Responses: 138,596.

Estimated Total Annual Burden on Respondents: 76,280 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of this information collection

assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Mailstop 3758, South Building, Washington, DC 20250-3700; (202) 937-4272.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS' functions, including whether the information will have practical utility; (b) the accuracy of FSIS' estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.
